The Secretary

Sept. 22nd, 1937.

Right Honourable Arthur Meighen,
Toronto, Ontario.

Right Honourable and Dear Sir:-

It was with feelings of great joy that I
with a countless host of Canadians read of your appointment to the
Hydro Commission. How often your name has been mentioned and the
various details of various matters in the past have been discussed by
friends and the hope that some day you would enter into the arena
of public work is sorely necessary for me to mention. Now that you
have decided to accept the position on the Hydro Commission is a great
joy to many and one feels quite confident that the Hydro Commission
will flourish in company with others on the Commission in perfectly
able hands and the hope of a slight recognition of your valuable
services is a source of pleasure to your many friends.

Very respectfully yours,

Wm. H. McQuinn
