

CREAMERY

THE seventeenth Annual Meeting of the Nanaimo Creamery Association showed that in 1919 they manufactured 75,513 pounds of butter valued at \$48,539.15, and butter milk to the value of \$463.26, the amount paid to the farmers of the district for butter fat being \$41,999.45.

OTHER business assets of the city, which, owing to our limited space, we have been unable to give write-ups on, are:

Nanaimo Foundry, Messrs. Dobson Bros.

Nanaimo Cold Storage, Geo. Beattie, Manager.

Steam Laundry.

Daily Herald, morning paper.

Free Press, evening paper.

Hubert Dendoff, Special equipment for the repairing of auto springs.

Shelly Bros.' Bakery, with two of the most modern ovens, turning out about 4,500 loaves a day.

PARKSVILLE TO CAMPBELL RIVER

ON arriving at Parksville, 23 miles north of Nanaimo, where the road branches to the left to Port Alberni, and straight ahead to Campbell River, one finds the Island Hall situated right on the beach and you can walk out of the front door to take your morning bath in the briny ocean. The next place you come to is Qualicum Beach where, if you are a golfer, you will find a links that will make you wish to go no further, and a beach that has no rival. Further on again you come to Courtenay and Comox, known to many as the gateway to the now famous Strathcona National Park, one of the real beauty spots of the American continent. From here you go to Campbell River and Falls, and here the hunter and angler realizes he has at last found his paradise, for the woods and hills abound with game of all kinds, whilst the numerous streams and lakes contribute great baskets of excellent trout; Comox Bay also produces unparalleled pastime for the fisherman who enjoys landing a 25 to 60 pound spring salmon.

THE TEA KETTLE TEA ROOMS

Is a homey little place, where one can enjoy Tea and a dainty Lunch of Home Cooking

ON THAT NEXT AUTO TRIP

Carry along a lot of sandwiches—have them filled with all the good things, but be sure you use

They taste ever so much better and besides they will remain fresh and moist for a long time. It's the bread that puts the snappy taste in sandwiches
