

ROOT'S WATER TUBE STEAM BOILER.**SAFE, ECONOMICAL, DURABLE.**

Specially Adapted
for the Mining Regions,
as it is Sectional and no
Part Weighs more than can
be easily Transported on
the Backs of Mules
over a Rough and
Mountainous
Country.

SPIRAL RIVETED PIPE

FOR

Hydraulic Mining, Water Works,
Ranch and Railroad
Water Supply.

From 2 to 24 inches in diameter, and 1 foot
to 25 feet in length.

ABENDROTH & ROOT M'FG Co., 28 Cliff St., New York. U.S.A.
U.S. Branches:--Boston, Philadelphia, Chicago, Cincinnati, New Orleans,
Rochester, Dallas.

FIRE FELT

is a New NON-CONDUCTING material,
made into sections to fit any size of
pipe, and into rolls and sheets for
large surfaces. It is a flexible, felt-
like fabric, made of Pure ASBESTOS.

It has been demonstrated by the U.S. Naval Engineer and
others to be superior to hair-felt as a non-conductor, and
is indestructible by heat.

Covering your
Steam or Hot
Air Pipes will
save greatly in
Fuel, and give
Dry Steam at
long distances.

THE CHALMERS - SPENCE CO.,
59 AND 61 LIBERTY ST., NEW YORK.

U.S. BRANCHES:--Boston, Philadelphia, Chicago, Pitts-
burgh, St. Louis, U.S.A.
