leaves so thin that 282,000 must be laid upon each other to produce the thickness of an inch

A conceited young man asked a friend what A concepted young man asked a fireha what goology he should make for no being one of the party of the day before, to which he had a carl of invitation. "Oh, my deat sirg," re-plied the wit, " say nothing about it - j ou were never missed."

A young Amorose, at a political festivals gave the following toast :----- The Ladies. We admire them because of their beauty ; respect them, because of their virtue ; adore them, because of their intelligence ; and love them, because we can't help it."

The value of produce on the New-York Ca-als is said to be seventy million dollars per annum.

A sale of 99 acres of a farm in the town of De Witt, Onondaga County, was made a few weeks since at the price of \$90 per acre.

The latest accounts from Texas state that the depredations upon property and the writter of citizens had increased to a fearful extent, and that onless Congress provide for their sat-ty, every man woman and child on the west-th frontier will be killed.

The new railroad line to Baltimore have in troduced fine cars, with private rooms for la-dies, att-nded by female servants. This is indeed the latest improvement in travelling.

In Vermont lately, a Mr. Henry Lovall was convicted of having matried a tenth wife, the other nine being still alive. However he might pove all of them, he certainly was very foolish to marry ell. He is a perfect Turk.

At the first meeting of the Senate of Pennsylvanit, " a petition from Junes T. Espy, was present d, setting forth that he had dis-covered a method to produce rain, and asking that a committee might be appointed to ex-

LONGEVITY .--- A Paris paper records th LONGEVITY. A Fars paper records the death of a woman in the environs of St. Beal, in the Haute Garonne, at the patriarchal age of one hundred and fifty-eight years! She retained her mental faculties to the last, although her corpse weighed only 42lbs, he. desh being gone, and her skin and muscles ad-bering to her bones like parchment. At the then being by the bores like parchimem, age of 66, she sold a cottage and some trifling pieces of land for an annuity of 1621s, which the purchasers have consequently had to pay for no less a period than 92 years 1

In one of the spinning and power-loom es-tablishments in Bury, there are 1,140 looms at work. An intelligent book-keeper employed at these works h s made the following curious calculation, viz .- The shuttles of each toom calculation, viz.—The shuttles of each boint, in traversing through the sheed formed by the warp, passes over a space of 4 feet 6 inches at least, some more, but none less than that. Whilst at work, the shuttle is thrown 100 times per minute, or 27,000 feet perhour. The times per in operation twelve hours per day, consequently each shuttle traverses 324,000 feet, or 61 miles 640 yards in one day. Amongst som uny looms, there will be always Amony set so m my booms, there will be always some stanfing, from various causes ; allowing, then, 140 out of the 1,140 to be average num-ber stanfing, and assuming that 1,000 are kept existantly going for twelve house each day these shuttles will travel 61,363 miles and 1,120 yards each day, or through a space al-most equal to 24 times the circumference of the earth, in the short period of twelve hours to

FROM LATE ENGLISH PAPERS.

THE QUEEN AND LORD DURHAM .- It has been currently reported that an autograph let-tor was written by Her Majesty to Lord Dur-ham, requesting him as a personal favour to bold the reins of government in Canada. This report has been contradicted. The Queen die report has been contrasteted. The Queen did write an autograph letter, for we have seen it, but not a letter requesting him to remain in Canada. We took a copy of the letter at the time of seeing it, and we print it verbalim.

Windsor, Oct. 25th.

VICTORIA R.

MY DEAR LORD DURHAM .- Understanding MY DEAR LORD DURHAM.— Understanding from Mamma that you are coming back from Canads, may long the favour of your bringing with you a copy of the "Canadian Boat Song," as it is sung in that Country. You well know the song I mean,—It begins " Row, brothe s, row," and a precious " row" they have been making amongst them. With compliments io Lady D. and the children.

Believe me, yours truly,

(Figaro in London.)

Portsmouth during the past week, that the crew of the Sulph -, employed Surveying on the South American station, had mutineed and muthered their commanding officer, Captain Belcher.- Hampshire Independent.

We are happy to hear of the slow but certam recovery tain recovery of Sir Charles Paget, who has been indisposed at his seat in Hants.-- London and rd. IRON VESSELS .- Mr. John Laird, the builder

of the Rainbow steamer, has now laid down half a dozen vessels, which will be wholly constructed of iron. The President, intended as the companion to the British Queen, in the New-York trade, will be constructed of iron. Hertonnage will, it is said, exceed 2,500 tons. and she is expected to carry 1,500 tons fi roods. The model has been materially varied, for, though not so long, she will be much wider.

The new Lord Mayer of London, Samuel Wilson, Esq. was sworn in on the 9th Nov. We subjoin some of the items of the bill of fare at the grand civic feast at the Guildhail

250 tureeus of real turtle, containing 5 pints each ; 200 bottles of Sherbet, 6 dishes of fish, 4 boiled turkeys and systers, 60 reast pullets 60 dishes of fowls, 46 dishes of capons, 50 ns. 50 French pies, 60 pigeon pies, 53 har mented ; 43 tongues, 2 barons of ms, otnabeet. ou sters of house lamb, 3 rounds of beef, 2 tewed rumps of beef, 13 sirloins, rumps and ibs of beef, 60 dishes of mashed and other po tatoes, 48 dishes of lobsters and prawns, 140 tables, 48 disnes of toosters and prawns, 440 jellies, 50 blancmanges. 40 dishes of tarts creamed, 30 dishes of oranges and other tourtes, 40 dishes of almond pastry, 20 Chan-tilly baskets, 60 dishes of mince pies, 56

The romoves consisted of 80 roost turkies 6 leverets, 80 pheasants, 24 geese, 49 dishes of partridges, 15 dishes of wild fowl, 2 pea in

fowls. The dessett was garnished with 100 pine apples from 2 to 3 lbs. each, 200 dishes of hot-house grapes, 250 ice creams, 75 plotes of Ripston and other appins, 75 dishes of pears, 60 ornamental Saroy cakes, 75 plates of wal-nuts, 80 dishes of dired fruit and preserves, 50 dishes of preserved ginger, 60 dishes af rout cakes and chips, 35 dishes of brandy cherries. The wines were Chamagane, Hock, Cla-ret, Madeira, Pott, Sherry. Havie the reduction has walked 1750 files

Harris, the pedestrian, has walked 1750 miles 1000 successive hours. Several attrocious murders have recently

en committed in and near London,

Extensive robberies and forgeries have been Latensive robornes and torgenes have been ately committed in England; the rogues have ed to New-York. In a short time it will become as fashionathe

anong the nobility to travel in the United States as it now is on the continent. The Countess of Westmorland, with a lovely ricce, six servants, a travelling curiage, and a medi-cal attendant, embarked in the packet-ship President for New York. She engaged the ole of the ladies' cabin for her own whote of the ladies' cabin for her own use.— Her purpose is to travel for two or three years in the United States. She has some property in Prince Edward's Island, which she will also visit. She also visit Canada, the Falls o Niagara, and spends winter in the South. I benefit at the purpoint of the rest. Niagara, and spenos white in the could, should not be surprised to see the Duke of Wellington, and half the English nobility visit the United States in two or three years. We are on the eve of great changes.—London paper

The total rank and file of the army in Ireland for November is as follows : viz., Artillery, 812; Cavalry, 1759; Infantry, 13247. Total, 15.818

The new suspension bridge over the danub The new suspension bidge over the damue between Buda and Pest, which will be begun the next spring, is a colossal undertaking. Two piers of granite and the red marble of Neudori, 35 feet thick, and 150 feet above the level of the foundation, will support the whole structure. There will consequently be three manifest for the water to mass through, the structure. There will consequently be three openings for the water to pass through, the middle passage being 640 feet in width, and each of those at the nides 270 feet, making in all 1,180 feet. The entire length of the bridge will he 1,500 feet. Cast iron beams will sup-port the platform, which is to b 37 feet wide. --viz 28 feet for the carriage way, and 6 feet for each footpath. The whole will be suspen-ded by 12 chains, weighing together upwards of 2000 nos. of 2000 tons.

The Seicle asserts that a reconciliati n i The Seife assets that a reconcitation is about to be signed by the members of the Buo-naparte family in oblivion of their domestic difference, a want being felt by them of some measure that shall units them for the defence of their common interest. The same journal adds that this act of reconciliation is to be
