ANCHYLOS

THE MODERN CURE FOR
Bone Spavin and Ringbone.

I believe there is not a case of bone spavin in Canada that Anchylos won't cure. I want hard cases that look to be incurable. Surely the horse is worth a dollar trial, when I agree to give you back the dollar if I fail to cure.

Read what Mr. Knich says:

Mr. J. A. McLarty, Thessalon.—Dear Sir—I wish to thank you for curing my mare of a large bone spavin. She was so lame I had made up my mind to shoot her. I saw your advertisement in The Globe, also The Farmer's Advocate, the beginning of April, and sent to you for one bottle. I used it, and it has made a remarkable cure. The parts are all healed, and the hair is coming in again. I tried four of the different advertised cures without result. Anchylos is certainly the horse-man's friend. HENRY KNICH, Livingston's Creek.

Address, sending \$1.00:

Shetland, Welsh and Iceland Ponies

I have on hand a number of single ponies and matched pairs; all ages; thoroughly broken to harness and reliable in every way.

E. DYMENT, Copetown P.O. and Sta.

A prisoner at the sessions—he must have been Irish—had been duly convicted of theft, when it was seen, on "proving previous convictions," that he had actually been in prison at the time the theft was committed.

"Why didn't you say so?" asked the judge of the prisoner angrily.

"Your lordship, I was afraid of prejudicing the jury against me."

ONCE MORE THE PROOF IS GIVEN

That Dodd's Kidney Pills cure even inherited ill-health.

Charles Dayon suffered from early youth, but the old Reliable Kidney Remedy banished his ills and made him strong.

St. George, Man., June 14.—(Special).—Yet another case in which ill-health inherited from parents has been vanquished by Dodd's Kidney Pills is that of Mr. Charles Dayon, a farmer well-known in this neighborhood.

"I suffered from a number of ills from an early age," says Mr. Dayon, who is now thirty-two years old. "I inherited my trouble from my parents. I was weak, nervous and run down. I suffered from backache, and my muscles would cramp. I had a heavy, dragging sensation across the loins. I was always thirsty; I had great difficulty in collecting my thoughts, and my memory was failing me.

"I was altogether in a bad way when I started to use Dodd's Kidney Pills, but they helped me almost from the first box. They gave me strength, and helped me so much in every way that I am satisfied a little longer treatment will make me a well man."

Mr. Dayon's symptoms were the symptoms of Kidney Disease, and Dodd's Kidney Pills cure every form of kidney disease, no matter what stage it is in, or how it is contracted.

QUESTIONS AND ANSWERS. Veterinary.

UNTHRIFTY MARE.

Five-year-old mare is dull and lifeless, slow at work, tires easily, has a poor appetite, and is losing flesh. I think she has worms. There is a constant rumbling sound in her bowels. J. A. E.

Ans.—Your mare is suffering from chronic indigestion, and probably she has worms. Have her mouth examined and, if necessary, her teeth dressed, as even young horses frequently require this. Take 3 ounces each of sulphate of copper, sulphate of iron, gentian and nux vomica, mix, and make into 24 powders, and give her a powder every night and morning. If necessary, repeat the prescription. V.

PERVIOUS URACHUS.

1. Last year I treated colt's navel with carbolic acid. When three days old the navel cord dropped off and urine commenced to escape. I stitched it, but it did not stop. I sent for my veterinarian and he gave me a dressing which checked it. In a few days it commenced to swell in hind leg. I used some liniment and the swelling disappeared and the colt's neck swelled. One morning it could not rise. I fed it its mother's milk out of a bottle, but it died in a week.

2. I have a colt now whose navel I treated with formaline, and in five days it dropped off. No urine is escaping, but there is a boil on one side of navel, and pus escapes. The colt is strong and healthy.

3. How often should a navel be treated?

4. How soon should the navel cord drop off?

5. How can escape of urine from a navel be checked? M. W.

Ans.—1. This colt died from complications which arose from weakness due to the continued escape of urine from navel.

2. Continue to dress the navel four or five times daily with a good antiseptic, as a ten-per-cent. solution of carbolic acid, a 20-per-cent. solution of formaline, or a solution of corrosive sublimate, 15 grains to 8 ounces water. (I prefer the latter), until it dries up. Flush out the cavity of the boil three times daily with a five-per-cent. solution of carbolic acid. If urine commences to escape, send for your veterinarian.

3. Four or five times daily until it has become completely healed.

4. The time varies from two days to a week.

5. The most approved plan is to apply a thoroughly-disinfected ligature through the skin, enclosing the navel cord and tying tightly, and allowing it to slough off. In some cases, application of caustics, as butter of antimony or a red-hot iron, will suffice. V.

Miscellaneous.

APPLYING FOR PATENT.

1. Will "The Farmer's Advocate" please tell me how to proceed to take out a patent?

2. Can I apply for a patent and get a length of time before I pay for it, and be protected?

3. What will it cost?

INQUIRER.

Ans.—For information concerning patents, address Marion & Marion, Patent Solicitors, Montreal, asking for their "Inventors' Adviser," and mentioning this paper.

SHOE SELLING.

1. Is it lawful and just to the people of Ontario for the ——— Shoe Co. of Toronto, to advertise ——— shoes for sale at stated prices, and then have them shipped from the United States with 30 per cent. duty, to said customers of Ontario?

2. If shoes are shipped from the States on such an advertisement, can Easterners refuse to take shoes?

3. What steps will customer take to get his money refunded?

Ontario.

Ans.—1. We think not.

2. Yes, unless the dealers are willing to pay the duty, and do so.

3. He should write them demanding the refund, and, if necessary, sue for it in the Division Court.

Inside Facts

About All Kinds of Roofing

Before deciding on *any* roofing, for *any* purpose, send for our free book which will give you the inside facts about all roofings—shingle, tin, tar, iron—and prepared, or "ready" roofings.

This book is fair, frank, comprehensive. It tells all about the cost of each kind of roofing. It tells the advantages and the disadvantages of each, as we have learned them in twenty years of actual test. It is a veritable gold mine of roofing information.

The reason we send it free is because it tells, too, about Ruberoid roofing.

The First "Ready Roofing"

Since Ruberoid roofing was invented, nearly twenty years ago, there have sprung up more than 300 substitutes. Many of these substitutes have names which sound like Ruberoid. Before they are laid and exposed to the weather, they look like Ruberoid. But don't let these facts deceive you.

A roof of Ruberoid is flexible enough to stand the contraction of the cold and the expansion of the sun's hot rays.

It is so nearly fireproof that you can throw burning coals on a Ruberoid roof without danger of the roof taking fire.

It is rain proof, snow proof, weather proof. It resists acids, gases and fumes.

These wonderful properties of Ruberoid are due to the Ruberoid gum which we use—our exclusive product.

Ruberoid roofing also comes in attractive colors—Red, Green, Brown, suitable for the finest homes. These color roofings are made under our exclusively owned patents.

The colors of Ruberoid do not wear off or fade, for they are a part of the roofing.

If you are going to roof, though, learn about all roofs. To get this book, address Department 985, The Standard Paint Company of Canada, Ltd., Montreal.

RUBEROID

(TRADEMARK REGISTERED)

Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is usually sold by but one dealer in a town. We will tell you the name of your Ruberoid dealer when you send for our free book.

It tells of Past Misery—and the New Life of Miss Aikins

I suffered till I thought all was lost. Nothing could aid me. Mrs. Summers' treatment made me a healthy and strong girl. I owe my life to her! Miss Josephine Aikins, Niagara-on-the-Lake

THINK of the thousands of women this moment suffering the same agonies Miss Aikins suffered! I want every ailing woman to write me in confidence, and I will give the advice and today's free treatment of the medicine you must have to regain your girlhood health. I study your case individually. I do not treat every woman's ailments alike. I am a woman, I know woman's weakness and illness from actual experience, and I effect cures which no Doctor could ever hope. I don't want a cent! I give you 10 days' free treatment, the letter of advice, and my book—"Woman's Own Medical Adviser," to prove that my treatment quickly and permanently cures all ills caused by weakness peculiar to woman. My free book illustrates how and explains why we women become ill, and how you can cure yourself at home, without loss of work, time, trouble, danger, publicity or doctor bills. You need not feel obligated in writing me. If the trial helps you, a complete cure will cost you only about 2 cents a day, for perhaps a month. Don't hesitate to write me. I want to hear from every sister now, before it is too late. Won't you write me to-day, for your own or your friend's sake? Remember everything is free!
