

Amatite ROOFING

Ideal for Farm Buildings

AMATITE is the ideal roof for farm buildings. No other approaches it in economy or durability. Here are some of its features:

1. *Low Price.* Amatite costs, weight for weight, about half as much as ordinary smooth-surfaced roofings.
2. *No Painting Required.* Amatite costs absolutely nothing to maintain because it has a *real mineral surface.*
3. *Absolutely Waterproof.* Amatite is waterproofed with coal tar pitch, the *greatest waterproofing compound known.*
4. *Easy to Lay.* No skilled labor is needed for Amatite. It is just a matter of nailing down.
5. *Stormproof.* Amatite is not a flimsy, paper-like felt. It is one the heaviest and the most substantial ready roofings made, weighing 90 lbs. to the square, against 40 to 50 of material in the ordinary "Rubber" roofings.

The three important points to be remembered are that Amatite has a *real mineral surface*, that it needs *no painting*, and is waterproofed with *Coal Tar Pitch*. You are only sure of getting them in Amatite.

We send samples free to everybody that asks for them. Drop a postal to our nearest office.

THE PATERSON MANUFACTURING COMPANY, LIMITED

Moore's Treasure Ranges

Are made of two thicknesses of heavy cold-rolled steel plates. Castings are smooth.

The nickel-plating on **Treasure Ranges** is brightest, whitest and longest-lasting.

The **Premier Treasure Range** shown here is an excellent baker, economizer on fuel, and has all the requirements necessary for average household.

Large square oven. Indestructible Duplex Draw-out Patented Grates.

Has convenient broiler door and check-draft. Has handy door to poke fire, if you want to.

Guaranteed by the makers to work perfectly in every way.

Made by the oldest and largest manufacturers of Stoves and Ranges in Canada.

AGENTS EVERYWHERE.

The electrically-welded, solid-piece frame gives strength and stiffness to

Peerless Farm and Ornamental Gates

We build Peerless Gates to last a lifetime—handy, convenient and attractive. They remain staunch and rigid through all kinds of rough usage. The frame is

THE BANWELL HOXIE WIRE FENCE CO., Ltd., Dept. B Hamilton, Ont., Winnipeg, Man.

made of heavy steel tubing electrically welded into one solid piece. The Peerless Gate, like the Peerless Fence, saves expense because it never needs repairs. We also make poultry, lawn and farm fences of exceptional strength. Write for free book.

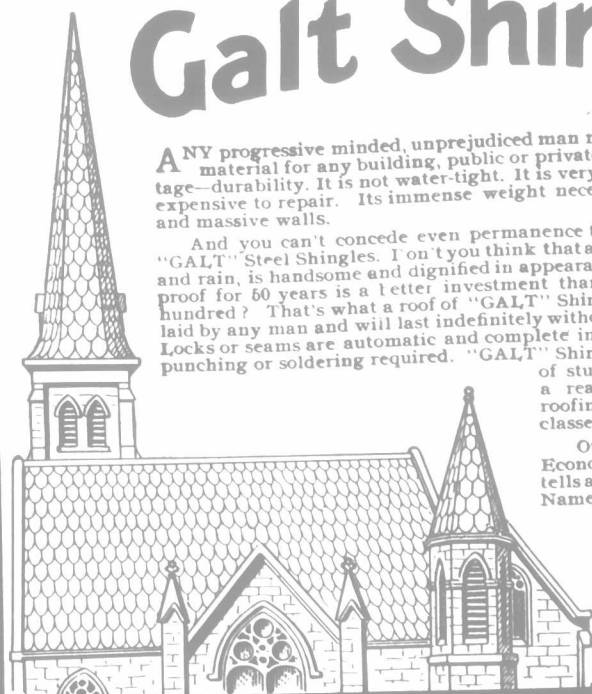

Galt Shingles

ANY progressive minded, unprejudiced man must admit that as a roofing material for any building, public or private, slate has only one advantage—durability. It is not water-tight. It is very expensive to lay and more expensive to repair. Its immense weight necessitates a heavy roof-frame and massive walls.

And you can't concede even permanence to slate in comparison with "GALT" Steel Shingles. I don't think that a roof which keeps out snow and rain, is handsome and dignified in appearance and fire and lightning proof for 50 years is a better investment than one that leaks for three hundred? That's what a roof of "GALT" Shingles does. They are easily laid by any man and will last indefinitely without any attention whatever. Locks or seams are automatic and complete in each sheet—no trimming, punching or soldering required. "GALT" Shingles are the result of years of study and effort to produce for a reasonable price, a practical roofing material suitable for all classes of buildings.

Our free booklet "Roofing Economy" fresh from the press tells all about this modern roofing. Name and address?
