Don't get caught with leaky roofs when the spring thaws come

Remember the roof on your house, barn or other buildings that leaked a few drops last fall—a little investigation now may mean a big saving when you put on a new roof or replace an old one.

### Certain-teed

(Quality Certified—Durability Guaranteed)

#### Roofing in Rolls and Shingles

General Roofing  
The World's Largest  
Manufacturer of  
Roofing and Building  
Paper

There is a **Certain-teed** Roofing and a simple method of applying it for every building on the farm. Look for the **Certain-teed** label of quality and 15-year guarantee on every roll and crate of shingles. Get prices from your local dealer—he will save you money.

**Valuable Book Free** You will find many valuable suggestions in our new book, "Modern Building Ideas and Plans"—it tells you what to do and what not to do—it suggests economies and conveniences that will save you money. A book of this kind would ordinarily sell for \$1—but as it shows the use of our **Certain-teed** Roofing on all kinds of model homes and farm buildings, we offer it to you at 25 cents. We prefer to have you go to your lumber, hardware or building material dealer, who will gladly get you a copy FREE. If you write us, enclose 25c to cover cost, postage and mailing.

Toronto, Ontario.

## DE LAVAL CREAM SEPARATORS

### Save Their Cost Every Year of Use

If you are thinking about buying a cream separator, and have only a small amount of ready cash to invest, don't be tempted to put your money into one of the so-called "cheap" machines.

Why pay your hard-earned money for a "cheap" trashy machine, when you can buy a reliable De Laval upon such liberal terms that

**It will more than save its cost while you are paying for it.**

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you and earn its original cost over and over again.

If you purchase the so-called "cheap" separator, you must pay cash in advance and then take the chance of the machine becoming worthless after a year or two of use, to say nothing of the cream it will waste while it does last.

More De Laval machines are in use than any other make. There is a reason. Be sure to see the local De Laval agent and SEE and TRY a De Laval before you buy any cream separator.

The new 72-page De Laval Dairy Hand Book, in which important dairy questions are ably discussed by the best authorities, is a book that every cow owner should have. Mailed free upon request if you mention this paper. New 1913 De Laval catalog also mailed upon request. Write to nearest office.

## A Real Hill-Climber

Level ground is best for farming, but you can farm the hillsides too, with a

and do it profitably. It is necessary to stop the wash—deep plowing will do it and OilPull Tractors plow deep—they plow up hill and down.

You may not farm the hillsides but you probably have hills to climb on the way to market and OilPull Tractors will take a full load up a stiff grade. We have an interesting pamphlet "Through the Mountains of Colorado with an OilPull Tractor."

It will convince you. OilPull Tractors are strong—they last a long time—are reliable, inexpensive to buy and to operate. They carry enough fuel for a twenty mile trip under load.

Send for our valuable Data-Book, No. 353, on the OilPull and ask the name of our nearest dealer.
