**DAN PATCH RESTORED TO HEALTH IN SIX WEEKS.**

**DAN PATCH GIVEN UP TO DIE**

Office of the Kansas City Veterinary College, 1330-36 East 5th Street.  
 ROBERT C. MOORE, D.V.S., PRES. HENRY C. BARSTOCK, M.D., D.V.S., V-PRES.  
 BENJAMIN F. KNAPP, D.V.S., V-PRES. SESCO STEWART, M.D., V.M.  
 M. W. SAVAGE, Minneapolis, Min. Secy and Treas. and Dean of Faculty.  
 Dear Sir: I first saw your horse Dan Patch, about 10 a.m. Sept 13th 1904. He was suffering severe pain in the abdominal regions caused by impaction of the bowels probably caused by eating oat chaff. His pulse rate was 72 per minute and his temperature 102. The character of his pulse was weak. The condition gradually grew worse during the afternoon until about 4 p.m. the pulse rate had reached more than 100 and his temperature was 105. The heart grew so feeble that the pulse could not be taken at the jaw and the rate could not be determined by listening to the heart beats. A cold perspiration covered the entire body much of the time and the pain was almost continuous. The visible mucous membranes were highly injected, which with the high temperature showed undoubted evidence of the inflammatory condition existing in the abdominal cavity. At this time owing to the inflammatory condition and the extreme weak heart, the prognosis was very unfavorable. From 4 to 6 p.m. I had little or no hope of his recovery. About 7 p.m. a slight improvement was noticeable and his condition gradually improved. Very truly yours,  
 K. C. MOORE, Pittsford & Kulesky. K. C. MOORE, D.V.S.

**HIS WONDERFUL RECOVERY**

In four days from the time he was given up to die by three high-class Veterinarians we shipped Dan Patch from Topeka to our "International Stock Food Farm" at Savage, Minn. and commenced feeding him three times the usual quantity of "International Stock Food" and giving it to him four times per day. He received his strength very rapidly and in three weeks from the first day of his sickness he paced a mile at Springfield Ill., in 2:04. This was in the face of a cold wind and over a track that was not in shape for extreme fast miles. Dan was shipped from Springfield to Memphis and in six weeks from the date of his sickness he astonished the world by pacing a mile in 1:56 without wind shield. "International Stock Food" is a remarkable vegetable preparation to give permanent strength to the entire system as well as being a great aid to digestion and assimilation. It is used and endorsed by a majority of the great trainers and is in constant use on most horse-breeding farms. Dan Patch has been fed "International Stock Food" every day since we bought him two years ago for \$6,000. Since that time Dan has broken 7 world's records and has been extra strong and vigorous. Owing to his great constitutional strength he was able to withstand his severe sickness. You could not ask better proof of the superior merits of "International Stock Food" which you can feed at a cost of

**3 FEEDS FOR ONE CENT.**

**HIGH RIVER SCHOOL OF AGRICULTURE, High River, Alta.**  
 Dear Sir: I thank you for your letter of the 15th, and for all the trouble you have taken to bring the "International Stock Food" to notice. The merits of the food for horses in a poor condition were not unknown to me before your communication came to hand, but I had not given it close attention as a possible medicine for other animals in trouble. A recent trial of the food with a pen of pigs suffering from what I diagnosed as "Erysipelas Pleuro-Enteritis" certainly proved most successful. After losing two hogs within three days out of a pen of seven I commenced feeding your "Stock Food" liberally to the remainder, all of which had refused to eat the ordinary food and were sick. On the fourth day a third hog died, but the remaining four rapidly recovered and are now well. I took the precaution to feed "International Stock Food" to all the pigs on the farm and in adjoining pens during this outbreak, and quite believe, have saved myself from serious loss by using your remedy. I am dear sir, Yours Faithfully, (Sgd.) O.H. HANSON, Director.

**YOUR MONEY BACK IF THEY FAIL TO CURE**

If "International" Preparations were not up to the standard we could not afford to make such an offer. We hereby agree to forfeit \$1000.00 if we ever fail to do as we say.

John Morley, at a dinner in New York, praised the devotion of the American husband.  
 "In America," he said, "the husband is almost more chivalrous and attentive and polite after marriage than before it. To see an American couple together, laughing and joking, one would hardly believe that they were wedded."  
 "The point, therefore, of a recent happening in a London court of law would be quite lost in an American law court."  
 "A poor woman was testifying about her dead husband in a London life insurance suit. A lawyer said to her: "Was your husband good to you during his life?"  
 "Oh, yes, indeed," she answered. "As good as could be. He was more like a friend than a husband."

H. J. TILLOTSON, M. D.  
 The Master Specialist of Chicago, who Cures Varicocele. Established 1880 (CORVINTONITE.)

**Varicocele—Hydrocele Cured to Stay Cured in 5 Days.**

**No Cutting or Pain. Guaranteed Cure or Money Refunded.**

**GOSSIP.**

Mr. John McFarlane, Dutton, Ont., breeder of Shorthorns and Berkshires, writes: "My offerings in Shorthorns are very choice. Have some fine young bulls for sale, such as Macintosh, a beautiful red calf, nine months old; also Saunders McGlashan, a first-class roan calf, seven months old. Any person visiting will not be disappointed in quality of herd. Prices are reasonable."

When the young mistress of the house entered the kitchen she carried herself with great dignity. She had come to call the cook to account.  
 "Mary," she said, "I must insist that you keep better hours and that you have less company in the kitchen at night. Last night I was kept awake because of the uproarious laughter of one of your young women friends."  
 "Yes, mum, I know," Mary replied, cheerfully, "but she couldn't help it. I was telling her how you tried to make cake yesterday morning."

The annual meeting of the management, heads of departments, and travelling salesmen of the Ontario Wind, Engine & Pump Co., Ltd., took place on the 20th and 21st of February, at their office at Toronto, when representatives of the company from all parts of the Dominion were present, and matters of general interest and importance were taken up and discussed, and a most gratifying report was brought by all concerning the business done during the past year, and prospects for the present one. The report presented by Mr. J. M. Reid, manager of the Winnipeg branch, was most encouraging, considering the fact that this branch had only been in existence for some eight months.

The Griswold Clydesdale Horse Association has recently obtained from Messrs. Galbraith & Son that right good roan horse, Prince's Pride (10855), the Vale of Alford (Aberdeen) premium horse in 1903. This draft horse has quality, and a breadbasket that ensures wearing abilities and breeding of the kind desired; he traces to Prince of Wales and Darnley. We wish the above syndicate success. The horse-breeders of this locality have in the past not been as fortunate with their efforts to introduce the best Clydesdale blood to their vicinity as they would wish, but their misfortunes have been much lightened by the splendid treatment accorded them by the above firm of horse importers, who have enabled the Griswold people to replace horses that have proved unremunerative on account of their demise. The president and secretary are John Chestnut and Herb. Trumper, respectively.

**INSTITUTE SPEAKERS HOLD FORTH AT MAGRATH.**

The stock-judging school and Territorial institute meetings were held on February 22nd and 23rd. They were a decided success; the weather conditions favorable, and there was a large attendance. The forenoon and afternoon were given to the stock-judging, and the evening meetings were held in the large auditorium of the Mormon church, which was filled with an intelligent crowd of interested citizens, including women; the latter taking much interest, and adding to the pleasure of the meeting by music; singing being rendered by the choir. The agricultural delegates were all highly delighted with the reception given them and the interest taken, and will receive a hearty welcome at some future time by the citizens of the progressive and growing town of Magrath.

**THE INDUSTRIAL RESOLUTION.**

Whereas this Association regrets to hear that Manager F. W. Heubach, of the Winnipeg Industrial Exhibition, has resigned the onerous position which he has occupied so successfully for the past ten years;  
 Whereas the said Manager's urbanity and courtesy to the sheep and swine breeders has in no small measure contributed to the success of the Show;  
 Therefore he it resolved that this Association desires to place on record its appreciation of Mr. Heubach's efforts, and trusts that the Industrial Association will fill the position with a man of experience in the handling of big fairs and in touch with the live-stock interests.
