The Canadian steamer Yorkton, fresh from the shipyards at Sunderland, England, has been loaded with a cargo of one hundred tons of steel billets at the Steel Company's docks at Gary, Ind., for delivery at Montreal. The ship is owned by the Matthews Steamship Company, of Toronto.

In explaining \$10,000,000 loan recently contracted for by Mexican Government exchange and currency commission with Messrs. Speyer & Co., Jaime Gurza, sub-minister of finance, said in part: "It is not in reality a loan but simply a contract by which the government asks an advance of \$10,000,000 gold by James Speyer & Co., and which the Mexican Government can return easily. Contract was made to meet the needs of a gold fund abroad. One thing leading to this necessity is the fact at this season exports diminish because the harvests are not yet gathered, and also there is a paralyzation of business along certain lines, due, without doubt, to the existing political conditions. It is known that there are a number of foreign countries waiting to place their capital here after the elections."
