When the World Sleeps

do you rest serenely in the knowledge that your plant is amply protected from every danger?

Central Station Signal Service guards against every contingency. A burglar cannot enter your building, penetrate your vault, or touch your safe without sending in an alarm bringing special officers to the scene immediately.

If you employ a night watchman it keeps him on the job all the time and gives him the power to call assistance immediately in case of fire or other trouble.

In fact, any emergency whatever is shorn of most of its danger through such service.
