'Twelve," sang the clock in the old church steeple.

Go to bed, good people!

For the fairy folk are creeping
Out of nook and crannie, peeping,
Just to see if you are eleeping
For 'tis " twelve" sang the clock.

Then there came a stir and glancing, Such a rustle, such a dancing, As they darted from the gien. Puck and all his little men, On they went by town and village, Not to frighten, not to pillage, Passing in three closed portals.

All unseen by weary mortals, Sweeping rooms and spindle turning, Scouring platters, butter churning, Mending, making, brewing, baking, Puck, and all his little men, "Five," sang the clock in the old church steeple.

Vanish, fairy people, For the b'rds are music making And the Eastern light is breaking. And, 'tis time the world were waking, For 'tis'" five!" sang the clock.

Distribution of Departmental Certificates Senior Choral Class Ave Marie Loretto!

Beside Ontario's blue crowned waves,
Whose leaping surge and storied caves,
With silv'ry foam wafts praise to me,
And all its old-time memory.

Thy children all, with hearts aflame,
Sing to thy gracious holy name.

Ave Maria Loretto!

O. when we leave this place of rest, Watch o'er us still O Mother Blest. Tho' pain and sorrow touch each heart, O, lead us still, from sin apart. Unto thy Son, whose works we see, Here where thy children sing to Thee. Ave Maria Loretto!

When length'ning shadows o'er our way Bid us, our trembling steps to stay; The rainbow beading 'neath thy feet Thy outspread hands, the weary greet, O, mother mild where'er we roam; Csil all Loretto's children home

### The Down Draft Principle of Heating

Principle of Heating
The Down Draft Principle in furnaces is the latest device in warmair heating. By it the cold and foul air from the living room above are derwn to the top of the fire. There all the impurities in the air are destroyed, with the result that a much more heatthy air is produced than by any other furnace.

The gas in the fuel is burned, and as the gas produces the most intense heat, that benefit also is derived. This is not the case with direct-draft furnaces where the gas is sent up the chimney and the heat lost. Every particle of heat is extracted from the fuel and less clinkers and less ashes are produced.

The Down Draft method of heating reduces your fuel bill from 10 to 20 per cent. a fact which should make you want to become accompliance.

reduces your fuel bill from 10 to 20 per cent., a fact which should make you want to become acquainted with the merits of this fuel-asor. This you can do at once by sending for a catalogue.

Every furnace has our celebrated triangular grate bars which clear the fire easily and economically; and large ash pan, water pan, check damper, chain, and automatic damper regulator, etc.

THE EVANS VACUUM CAP is a practical invention constructed on scientific and hygienic principles by the simple means of which a free and normal circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the Cap three or four minutes daily.

## 60 DAYS' FREE TRIAL! THE COMPANY'S GUARANTEE:

An EVANS VACUUM CAP will be sent you for sixty days' free trial. If you do not see a gradual development of a new growth of hair, and are not convinced that the Cap will completly restore your hair, you are at liberty to return the Cap with no expense whatever to yourself. It is requested, as an evidence of good faith, that the price of the Cap deposited with the Chancery Lane Safe Deposit Company of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand without questions or comment, at any time during the trial period.

The eminent Dr. I. N. LOVE, in his address to the Medical Board on the subject of Alopaccia floss of hairl stated that if a means could be de devised to bring nutrition to the hair follicles shair roots], without resorting to any irritating process, the problem of hair growth would be solved. Later on, when the EVANS VACUUM CAP was submitted to him for inspection, he remarked that the Cap would fulfil and confirm in practice the observations he had previously made before the Medical Board.

Dr. W. Moore, referring to the invention, says that the principle upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable.

An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free. on application THE SECRETARY, EVANS VACUUM CAP CO., LTD., REGENT HOUSE, Regent Street, LONDON, W., ENGLAND
