

LIVE STOCK MARKETS TORONTO.

There was a heavier run of cattle than over at the western cattle yards to-day, and the want of a larger market was increasingly felt. All the little corners and all the horse pens on both yards were filled with cattle, and there were three carloads that could not be unloaded until late in the day. There were over 150 carloads of stuff on the boards, including about 100 sheep and lambs, 2,800 hogs, 80 calves and about 20 milch cows and springers.

Export Cattle—Offerings were heavy and some of the poorer cattle remained in the pens unsold at the close of the day. As a result of the heavy offerings the feeling was a little weak, not many cattle touching \$4.40, which was the top last Tuesday. The ruling figure to-day was from \$4 to \$4.30. There were sales of good cattle at \$4.15 and \$4.10.

Butchers Cattle—There was not an easy feeling in this line, although the offerings were heavy. Quotations ruled from 3½¢ to 4¢ for the best cattle and common to medium sold for from 3¢ to 3½¢ per lb. Poor cattle are hard to sell.

Bulls—There was a fair demand at from 3½¢ to 3½¢.

Stockers and Feeders—There was a good demand for steers for Pu'ta'o and prices were firm at \$3.30 to \$3.90 per cwt. There was practically no demand for feeders.

Sheep and Lambs—The offerings were light and the market firm. Yearlings sold at 5¢ to 5½¢ and some extra choice at 6¢. In shipping sheep bucks sold at 8¢ to 8½¢, good ewes at 3½¢ to 4¢ with a good demand. There were about 30 spring lambs offered and all sold at \$3 to \$4 each.

Calves—Were a little firmer, selling at \$3 to \$6 each.

Milch Cows and Springers—There is a little enquiry from dairymen for newly-calved cows to put on the grass. The market is steady at \$25 to \$40 each.

Hogs—Choice singers were firm at \$5 to \$5.10, weighed off the cavs, and thick fat and light hogs sold at \$4.75 per cwt. Sows sold at 2¢ to 3½¢ and stags at 2¢.

Stick Out YOUR TONGUE!

What for?

Because it may save your life!

How?

It is the barometer that indicates the state of your health by its shape, coatings and colors.

For example?

Well, a pointed tongue indicates irritation and disorder in the stomach and bowels.

The full broad tongue shows want of proper digestive action.

The dry, pinched tongue is the tongue of acute disease.

The fissure tongue proves inflammatory action of the kidneys.

A dry tongue is evidence that the stomach and intestines cannot do much digestive work.

Coating of the tongue is the result of imtemperate eating and drinking. The Liver is deranged.

The broad, pallid tongue shows a want of alkaline elements in the blood. It is a danger signal.

The deep red tongue, generally dry, shows acid.

Dryness always indicates nervousness, and diseases of the nerve centres.

Extreme moisture shows the reverse.

Be your own doctor. Examine your tongue. It will show you whether or not you are in condition to stand spring weather changes.

If you are not almost any disease may strike you down. Get in condition at once by using the latest and best spring medicine
