For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has, by common consent, by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the Age.

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

Is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

As in NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalising influence of Galvanism, as applied by the beautiful and wonderful discovery, the Nervous Fluid and Nervous Aura is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curative,

consists in the fact that they arrest and cure disease by natural application, in spite of the usual mode of dragging, and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, regulate the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of Ladies, who were peculiarly subject to Nervous complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the **GALVANIC BELT**, suppose the case of a person afflicted with that bane of civilisation, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, to the nerves and their action on the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the **BELT**. The Dyspeptic suffers, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a vital circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the country could be given, sufficient to fill every column in this paper.

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

CURE OF

Rheumatism, Bronchitis and Dyspepsia.

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and extended reputation:—

SYDNEY, New Jersey, July 19, 1849.

DR. A. H. CHRISTIE—*Dear Sir*: You wish to know of me what has been the result in my case, of the application of **THE GALVANIC BELT AND NECKLACE.** My reply is as follows:

For about *twenty years* I had been suffering from *dyspepsia*. Every year the symptoms became worse, *more painful*. I obtain permanent relief from any course of medical treatment whatever. About *fourteen years* since in consequence of frequent exposure in the weather, in the discharge of my pastoral duties, I became subject to severe Chronic Rheumatism, which for *four* other years, caused me indescribable anguish. Further: in the winter of '48 and '49, in consequence of preaching a great deal in my usual and various stations, I was taken with a severe attack of bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and, as my bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—that evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopeia there seemed to be no medical agent which could remove and remediate these three distressing disorders; that I had tried for this purpose had completely failed. At last I was led by my friends to examine your invention, and (though with no very sanguine hopes of their efficiency) I determined to try the application of the **GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID.** This was in June, 1849. To my great astonishment, in two days my Dyspepsia was *entirely gone*; in three days I was enabled to resume my pastoral labors, which I have continued to discharge, *without the slightest affection* of my Rheumatic affection has entirely ceased to trouble me. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with *more* benefit, I believe, in every case.

I am, dear sir, very respectfully yours,

ROBERT W. LANDIS.

DR. CHRISTIE'S GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Lungs, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Burning or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S GALVANIC BRACELETS

Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper Extremities. Also in Palsy and Paralysis, and all diseases arising by a deficiency of positive Nervous Energy in the limbs or other organs of the body.

Tic Doloreux and Neuralgia.

These dreadful and agonizing complaints are *instantly relieved* by the application of the Galvanic Belt, Necklace and Fluid. The Belt diffuses the Magnetic Stream through the system; the Necklace has a local effect, and the Fluid acts directly upon the affected nerves, in these distressing affections the application NEVER FAILS.

☞ No remedy or ingenuity can equal, attack the use of Dr. CHRISTIE'S *GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the application of either one is highly pleasant and agreeable. They can be used in any part of the country.

Prices:

The Galvanic Belt, ... Three Dollars.
The Galvanic Necklace, ... Two Dollars.

CRAMP AND PAIN KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the cure of all Rheumatic Affections.—Pain in the Stomach, Back, Side or Limbs.—Sciatics in the Back, Side or Limbs.—Cramp in the Limbs or Stomach.—Darting Pains, Bilious Cholic, Dysentery and Diarhœa, Colds and Sore Throats, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS celebrated Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we can say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for the cure of complaints, in any way more than a tythe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not, when the irritable motion of the bowels, producing *Cholera*, and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In those cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH, OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARHŒA

Are speedily and easily cured by it. It should be given a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARHŒA

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. As Ranger, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and used by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises*, &c., it is without a rival. As also in cases of *Burns, Scalds, Frozen Limbs*, &c.,—relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is ulcerated. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckham, Esq., of Dunmore, Me.:—

DUNMORE, July 11, 1849.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another breast was thrown a part of the bone thrown out. Another breast was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions, without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down, both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last time months, for the first time in my age. No description of my case can convey the amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY FOR

THE INSTANT CURE OF PAIN.

RADWAY'S READY RELIEF

Cures the worst Pains in Minutes and Hours, and stops the most cruel pangs of pain in Seconds.

SO quick and efficient is RADWAY'S READY RELIEF in curing the most painful and excruciating diseases, that it has frequently raised the diseased and helpless invalid from a bed of sickness in a few hours. It has frequently cured the worst pains of—

Rheumatism.....	In four hours.
Neuralgia.....	In twenty minutes.
Tic Doloreux.....	In ten minutes.
Toothache.....	In three seconds.
Nervous Headache.....	In fifteen minutes.
Sour Stomach.....	In five minutes.
Heart-Burn.....	In five minutes.
Bowel Complaints.....	In thirty-five minutes.
Cramps and Sprains.....	In twenty-five minutes.
Diarrhœa.....	In one hour.
Inflammation of the Bowels	In thirty minutes.
Locked Inflammations.....	In ten minutes.
Influenza.....	In twelve hours.
Hoarseness.....	In ten minutes.

Spinal Complaints, Swellings, Bruises, Scalds, Wounds, &c., it will remove ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen. It is better than all other remedies.

HERE IS THE PROOF.

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes or even hours. They require the patient to use doses of pain before a favorable change is produced. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken; or the first external application, commences its great work of relief from pain.

BEAR IN MIND,

That Radway's Ready Relief will cure either of the above-mention'd Diseases in one-tenth the time it takes any other Remedy to give even Partial Relief.

TAKING COLD.

This sentence is constantly in the mouth of every person, in order to explain certain complaints. Those who use it often, we think, have but a faint idea of its precise meaning. We will offer an explanation, which we believe to be the opinion of a majority of the most learned physicians. A person, for instance, has been over exerting any particular set of muscles—of the throat, from violent speaking—of the loins, by too much stooping or bending, or those or any other part of the body: these parts of muscle are, consequently, weakened, and in a state of tenderness or fatigue for any disease. The person who has been thus acting, accidentally or otherwise, exposes himself to the cold air, the perspiration immediately ceases, and the blood, which had been just now circulating rapidly through the surface of the body, is repelled inwardly, and is sure to settle in those parts which have been previously wearied and relaxed. Here, then, we have an accumulation of blood; a congestion, which gives rise to all the pain and stiffness attendant upon such complaint. When this takes place in the throat, we have what is called Sore Throat; when in the loins, Lumbago; what is called Stitch in the chest, Pleurisy. We also have it in the shoulder-blade, side, and other parts.

RADWAY'S READY RELIEF,

Taken Internally and applied Externally,

Its first action, when freely applied, is to blunt the acute sensibilities of the nerves, and almost instantly relieves the pain; its secondary action is to excite perspiration, and reddens the parts over which it is applied almost to a blister, thereby determining the blood from the injured parts to the surface. In these cases, the READY RELIEF should be applied freely, at the same time rubbing the parts with a piece of flannel, and it will be found in every case to give immediate and permanent relief.

N.B.—If convenient, a piece of flannel saturated with the RELIEF, and tied or pinned around the parts, does good service.

A BAD COUGH CURED IN TEN MINUTES.

Mr. Higbie, of Brooklyn, the celebrated Church Singer and Organ-Player, on the night of the 10th of December was attacked with a severe fit of coughing—so that he coughed from 9 o'clock until 12 o'clock, M., without intermission intermission, when one of the Clerks of Radway & Co.'s Warehouse in the next room, got up and gave him a tea-spoonful of the Relief internally, and bathed his throat, neck, and chest; he also saturated a piece of flannel with the Relief, and had it covered with camphor. In less than ten minutes the coughing ceased, he could expectorate freely, and raised with perfect ease a great quantity of phlegm. The Relief instantly soothed the irritation of the throat, and removed the inflammation from the lungs, and gave free action to them, produced a free and copious perspiration of the throat and chest; and in ten minutes he was entirely free from pain, and sank into a sound and pleasant sleep. In the morning he was free from hoarseness and cough, and has not been troubled since. Let every individual who is troubled with a cough, sore throat, influenza, or hoarseness, pursue the same plan, and we will warrant them a speedy cure.

LAMENESS.

If you have a stiff joint, a wrenched limb, a swelled leg, a bruise, or any thing short of a broken bone. Radway's Ready Relief will cure you. The same have been restored to the free use of their limbs by a few applications of the Relief. The cripple, who has limped from spot to spot upon his crutch, has been relieved of his painful afflictions, and enabled to throw away the crutch, and say that Man should stand, by a few times using the Relief.

THE RHEUMATIC,

Who has been bed-ridden for years, shut out from the busy world, and lingered with pain upon a couch of sickness, deprived of the society of friends, and of the pleasures of life, has been *raised from a lingering death* by the soothing, healing, and pain-relieving influences of Radway's Ready Relief. In all cases of Rheumatism—even the worst cases—one trial of Radway's Ready Relief will prove its superiority over all other remedies in use.

BLEEDING AND BLIND PILES,

Are instantly eased, taking the Ready Relief internally—say a tea-spoonful of the Relief in a table-spoonful of Molasses, and make a Cream of the Relief, by adding to it Sweet Oil, and anoint the parts affected. If the sores are very bad, take a leaf of tobacco, dip it in warm water, then wet it with the Relief, and lay it on the sores, you will have immediate relief and a speedy cure.

AGE VERSUS YOUTH.

Radway's Ready Relief restores the vigor of youth in old age. The old man of seventy is invigorated by its strengthening and exhilerating effects; it arouses the vital energies to life—the heavy and languid motion of the functions of the body is quickened to a lively action—and the blinkers dull and muddy old man becomes active and vigorous in old age, and his life prolonged to the full number of his days.

FOR ALL PAINS,

Whether internal or external, take Radway's Relief, or apply it externally, it will relieve pain and cure disease quicker than any remedy in use.

RHEUMATISM CURED IN TWO HOURS.

Mr. Jones, of Chilton, Va., writes:—A lady in this place has been confined to her room for four months with Rheumatism; she purchased a bottle of Radway's Ready Relief—in two hours she was able to leave the room, and in the evening she walked out.

RHEUMATISM.

This disease is distinguished as ACUTE and CHRONIC. Acute Rheumatism usually comes on with constant and rigors, succeeded by heat, thirst, anxiety, restlessness, and a hard pulse; soon after which excruciating pains are felt in different parts of the body, but more particularly in the joints of the shoulders, wrists, knees and ankles, or perhaps in the hips; and these keep shifting from one joint to another, leaving a redness and swelling in every part they have occupied, as likewise a tenderness to the touch. Towards night there is usually an increase of fever; and during the night the pains become more severe, and shift from one joint to another. Chronic Rheumatism, in which the Acute generally terminates, is attended with pains in the head, shoulders, knees, and other large joints, which at times are confined to one particular part, and at others shift from one joint to another, without occasioning any fever. It is this that more particularly characterises the CHRONIC from the ACUTE.

Rheumatism may arise at all times of the year, when there are frequent vicissitudes of the weather, from heat to cold, but the Spring and Autumn are the seasons in which it is most prevalent.

The causes to which this disease may be traced are, by wearing wet clothes, lying in damp linen or damp rooms, or by lying exposed to cool air when the body has been much heated by exercise, which all have a tendency to obstruct the Insensible Respiration—the object of which we have before explained—and in this instance produces Rheumatism.

For this distressing and painful disease, there can be found no remedy of equal efficacy with Dr. Sherwood's Galvanic Embrocation. It will invariably cure, when used according to directions. 226

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficacy in various complaints for which they are recommended. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

HUMAN HAIR.—UPPERTON'S FLUID.—This is a compound, thus admirably adapted to the diseases of the hair, and has the particular merit of being perfectly free from any mineral poison, and is therefore perfectly safe. Many when they perceive young persons with hair nearly grey, or afflicted with baldness, ascribing the diminution of the skin of the head, caused by sore study, violent grief, and other mental causes. By a liberal use of this Elysian Fluid, even those who will find, by its superior delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in checking the fall from scurf, and in curing it entirely is wonderful. The dispersion should be one of the principal considerations in every lady's and gentleman's toilet.—See Advertisement. 169

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING, PRESERVING, AND BEAUTIFYING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many:—

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE.—*Sir*,—The preparation invented by you for the hair, has been extensively used in my family, and they give of the decided preference over all others. It keeps the hair in place, promotes and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the power and most nourish ng effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a desired luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the most fastidious connoisseur, or the toilet of the most fashionable connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 6, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion Fluid, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

IMPORTANT TESTIMONIALS.

LONGPARISH HOUSE, NEAR WHITCHURCH, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST INDIA ROAD, Poplar New Town, Nov. 8, 1849.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. A evidently hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kernot, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
CHARLES WOOD.

THOS. KEATING, Esq.

CHURCH STREET, Folkstone, November 22, 1848.

SIR,—Having been troubled with a severe cough for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public; such a *valuable remedy cannot be too well recommended*. I have the honor to be,

Sir, your obedient humble servant,
JOHN HILL, Bart.

To Mr. KEATING.

MEDICAL WAREHOUSE, Halifax, N. S., August 15, 1846.

SIR,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "*Dreyer*," we are gratified in being able to inform you that they have given very general satisfaction here, (having proved singularly efficacious in the removal of COUGHS AND COLDS,) of which the increasing demand is a sufficient evidence. We shall, probably, want more for the Winter's supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, for

Yours respectfully,

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Coloured Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, *Bedford Square, London*,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their various conditions in health and disease. Nor can there be any portion of the Work (the points of escape, as well as the features of the danger, are pointed out in clear and intelligible language), which deserves not the earnest attention and study, for what subject can be of more import and more than the preservation of health, and of the physical regeneration of those in every man should be possessed. It unfortunately happens that the unhappy victims of ignorance, indulgence and vicious are, from the following causes, viz., in early life, or from the follies of advanced age, while suffering from their invariable consequences, invariably experience a fear of applying to a qualified physician for relief. Consequently, they are frequently, from the same cause, deterred, and those consequences are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that nature does not admit of compromise, and that every violation of the laws of organization is sure to be followed by its own punishment, by which all, sooner or later, inevitably suffer. The Work must be read by the married, or those about to marry, to be fully understood; and, as the author has devoted the whole of his time to the consideration of this class of diseases, and has had the most extensive practice that has ever been obtained by any physician of the present day, he can safely say that no person will be disappointed who may consult him.
