AMERICAN PEOPLE

AND THE WAR;
INTEREST AWAKENS

Mr. and Mrs. Brewster have retu-
ned from a short vacation spent in
Boston, New York and the New En-
gland Sea Coast.

Mr. Brewster states that the Amer-
ican people seem to be beginning
to realize that they are interested in
the war and that if Germany were vic-
torious that it would not be long until
she would come over and dominate
America. They are just awakening to
the fact of their own unpreparedness
to meet such an attack. As a result
the business of rushing into
military camps for training, and to be
able to do a uniform seems to be the
popular thing. The papers contain
pictures every day of Mayor Mitchell
and other notables receiving their uni-
form and drilling as private soldiers.
This movement is not intended to
produce an army so much as it is hop-
ed through it to draw the attention of
the people to the necessity for a
better army and navy than the country
now possesses.

FEAR GERMANY.
Germany is the only country that
they fear, as they realize that she
aims to dominate the world. General
Wood at one of these gatherings can-
didly made the statement that all
papers approve his utterances. "All
the sentiment of the vast majority
of the people is with the Allies in the
struggle. They cannot understand,
however, why England was so slow in
realizing the danger from German ag-
gression and preparing to meet it."
The war news while there, was par-
ticularly depressing. The telegraphic
news was the same as our papers
have, but some of the papers in their
headlines dressed it up so as to give
the impression that the cause of the
Allies was lost. One paper last week
came out with a special stating that
three hundred and thousand British
soldiers had been surrounded and cap-
tured. It was refreshing to get a glimpse
at our own papers, where a more rosy
tone was given to everything.

THE PROBS

Toronto, Aug. 16.—Local thun-
derstorms have occurred in Ontario
and Quebec have been fairly gen-
eral in the West the weather has
been fine, except that rain is now
falling at Swift Current. The West
India hurricane which passed over
Havana some days since is now ap-
proaching the Texas coast.

FORECASTS:
Moderate variable winds, local
thunderstorms, but generally fair and
decidedly warm. Tuesday, station-
ary or a little lower temperature.

PETROGRAD GROWS

MORE OPTIMISTIC
AND CONFIDENT

By Special Wire to the Courier.
Petrograd, Aug. 16.—Via London,
2.45 p.m.—The military situation is
viewed by Russian army officers with
a degree of optimism, owing to the
manner in which the Germans have
been checked at the crossings of the
Siedlce-Lukow front, where the in-
vaders lost 800 prisoners in addition
to a heavy toll of dead and wounded.
Confidence is felt here that the Rus-
sians will be able to make any further
eastward progress of the invaders
very costly to them.

Fierce battles are looked for in the
district between the Narew and Narew
Rivers and at the crossings of the
Bug. The immediate German objec-
tive is believed to be the double track
railroad which roughly parallels the
present fighting line, running from
Ossowetz to Bialystok, Brest-Litovsk
and Kovell. "This road is protected
by dense forest and by the marshes
of the region of the upper Narew."
The apparent weakness of the Ger-
man flanks has removed fear that the
Russian army would be bottled up.
Evidence of this seeming lack of of-
fensive power is found in the reported
removal of a portion of the German
troops from the Siedlce-Lukow front
to the Baltic region. These troops are
said to have been replaced by
Austrians.

Russian military critics find it diffi-
cult to reconcile this evidence of
weakness with German claims to un-
diminished strength. The Russian
theory is that these claims are ad-
vanced for effect on the Balkan states.
Renewal of the German offensive
against the Dvina, at Jacobstadt, is
causing attention on the Baltic re-
gion.

The new West Side Chicago post-
office will be a 10-story structure and
cost for the site \$175,000.

FIRST FATALITY

ON THE PORT
STANLEY LINE

St. Thomas, Aug. 16.—The first
fatality on the newly electrified Lon-
don and Port Stanley Railway oc-
curred yesterday afternoon when a
special car, conveying Sir Adam Beck
and a number of American visitors to
Port Stanley, crashed into a buggy
occupied by Wm. H. Berry and his
daughter, Edith, on the level crossing
just north of the village. Mr. Berry
was instantly killed, and his daughter
was rendered unconscious and re-
ceived severe scalp wounds here,
and is recovering. The horse was
killed.

Mr. Berry was a rural mail car-
rier, and was on his way to Port
Stanley from his home in South-
west, and is survived by his wife,
four sons and one daughter.
Coroner Curtis of St. Thomas will
open an inquest Monday morning.

TWO THOUSAND

YANKEES ARE IN
CANUCK ARMY

By Special Wire to the Courier.
London, Aug. 16.—There are no
fewer than 2,000 Americans in the
ranks of the Canadian military con-
tingents, said Major General Sam
Hughes, Canadian minister of militia,
at a meeting of Americans held here
last night.

"I have already written
letters of gratitude and sympathy,"
said General Hughes, "to mothers of
more than one hundred American
boys who have fallen while fighting
Flanders alongside of Canadian
comrades. More than 2,000 enlisted,
and we could have many more if we
wished. Any number of Westpointers
offer their services as officers, and
some are now with us."

Austria Calls Out
Boys of Seventeen

Rome, Aug. 16.—The age limit for
military service in the Austrian army,
says a Vienna despatch, has been
greatly altered. Boys of 17 will here-
after be eligible to serve, while men
of 52 will be liable to a summons.

The latest classes called to the
colors are already on their way to
the front.

RAW MATERIAL

BECOMING SCARCE

Germany Restricts Work in All
the Textile Factories.

Berlin, Aug. 16.—The Federal coun-
cil yesterday decided to restrict the
working hours in all factories where
in cotton, woolen, hemp and flax
and similar goods are manufactured.
The order also provides that all
textile goods shall be manufactured
for five days in a week only, no day
to exceed ten hours.

This measure is intended to regu-
late the textile trade where the sup-
ply of raw material is limited.

Another regulation prohibits the
cotton mills from exceeding the lim-
ited supply of cotton unless for army
purposes.

The Geneva correspondent of Le
Humanite says that eight Socialists
have been arrested on a charge of
high treason growing out of attacks
they made on Socialist leaders of the
majority party. Incident among the
offenders are Herr Walcher and Herr

K. L. Hecht, Socialist leader in the
Reichstag, has announced that at
the sessions of August 19 he will ask
categorically whether the German
authorities are prepared, assuming
that the other belligerent states are
willing to enter into immediate nego-
tiations for peace on a basis of renounc-
ing all plans for annexing territory
acquired by conquest.

"WE OWE IT

TO OUR DEAD."
NO PEACE YET

By Special Wire to the Courier.
Montreal Aug. 16.—A London cable
to the Gazette says:

"The appeal of the Bishop of Lim-
erick to John Redmond to take the
first step towards the support of the
Pope's appeal for peace has not only
been refused by the Irish leader, but
is discouraged by the Catholic organ.
The 'Irish', which while admitting
that the appeal of the Bishop of Lim-
erick will everywhere receive the at-
tention it deserves, recalls Premier
Asquith's words at Guild Hall, with
regard to the vindication and restora-
tion of Belgium's independence.
"That object has not yet been attain-
ed," says the 'Irish', "and we owe it
to our dead to say that they have not
died in vain."

RUMORED

BANK MEGER

Hamilton, Aug. 16.—In connection
with the reports circulated regarding
the merger of the Royal Bank and
the Bank of Hamilton Saturday, J. P.
Bell, the general manager of the Bank
of Hamilton, has issued a statement
as follows:

"In reference to the articles that
appeared in the Toronto papers, any
announcement is premature in refer-
ence to a proposed amalgamation.
The Bank of Hamilton has been ap-
proached by the Royal Bank and sev-
eral other banks, but in no case did
we open the negotiations, as the
value of the Bank of Hamilton is
well known. No definite agreement has
been reached, although a tentative
proposition has been made, which is
satisfactory to the directors of the
Bank of Hamilton, but is, of course,
subject to the approval of the Minis-
ter of Finance, the shareholders and
the Governor-in-Council."

"J. P. BELL, General Manager."

Premier Borden Visits

Sir Charles Tupper

London, Aug. 16.—After three
weeks of strenuous work on a con-
tinuous programme of engagements,
Sir Robert Borden has left town for
a few days' rest. It is understood he
has accepted an invitation to visit the
country seat of a London resident.
Before leaving London, the Premier
made another call at the War Office.
On leaving London on Saturday, he
motored down to Bexley Heath,
Kent, to visit Sir Charles Tupper,
the sole surviving father of the Canadian
Confederation. It was an interesting
meeting of the two distinguished Cana-
dians, both natives of the Province
of Nova Scotia.

FRENCH

OFFICIAL

By Special Wire to the Courier.
Paris, Aug. 16.—The French War
Office this afternoon gave out a
statement on the progress of hostil-
ities, reading as follows:

"There was intermittent cannon-
ading last night in the vicinity of
Souchez, and on the plateau of Nou-
vion to the north of the River Aisne.
There were also engagements with
bombs and hand grenades in the sec-
tor of Quenneviers and in the west-
ern part of the Argonne."

"In the Vosges, the explosion of a
mine against an enemy trench located
between Burnhaupt-le-Bas and Am-
merswiller, made it possible for us
to take some prisoners and to cap-
ture two bomb throwers and a ma-
chine gun."
