### If Editors Told The Truth

Only a short time ago the editor of a paper grew tired of being called a liar, and announced that he would tell the truth in future, and the next issue contained the following items:

John Doyle, our groceryman, is doing a poor business. His store is dirty and musty. How can he do much?

The Rev. Mr. Stye preached last Sunday on Charity. His sermon was punk.

Dave Cankey died at his home here last Tuesday. The doctor gave it out as heart failure. Whiskey killed him.

Married—Miss Sylvia Rhodes and James Collins, last Thursday at the Baptist Parsonage, by the Rev. Gordon. The bride is a very ordinary girl who doesn't know any more about cooking than a jack rabbit and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the old folks at home all his life and is not worth shucks. It will be a hard life.

### Hospital for Sick Children

COLLEGE ST., TORONTO.

Dear Mr. Editor:—

Recent discoveries in medical science have called attention to the great service rendered by an up-to-date hospital through facilities provided for research. Probably few laymen appreciate the amount of this work conducted under the auspices of the Hospital for Sick Children. Yet it is only by intensive study of the causes of children's diseases that the hospital staff has been able to establish a world-famous record for cures. Statistics show that the rate of infant mortality in this Province has been steadily decreasing, until it is now among the lowest in the world. What that means is that hundreds of Ontario parents owe their children's lives to the research work in the laboratories of the Hospital for Sick Children.

Although the doctors give their services freely, the bills for equipment add up annually to a good many thousands of dollars. But in view of the results attained, I feel that not one of your readers will avail of the money so spent, and I confidently venture the hope that many of them at this Christmas season will wish to enrol themselves in the Hospital's campaign on behalf of Ontario's childhood.

To carry on this research work there is not one cent except what comes in from voluntary subscriptions. For the care of the children occupying hospital cots there are certain statutory grants, but these represent scarcely more than half what the Hospital needs. Last year, for instance, the Hospital doctors looked after an average of 253 in-patients and 192 out-patients daily. Quite a colony of ailing youngsters! And the expenditure—although whittled down to the minimum commensurate with efficiency—was \$318,917. The income to the extent of at least \$100,000 depends upon the regard which the people of Ontario have for the Hospital's work and the generosity with which they express that regard.

May I ask you, Mr. Editor, to point out to your readers that since the establishment of the Hospital for Sick Children, at least four more Ontario youngsters every hundred have survived the trials of childhood? For with that simple statement I feel sure that many of them will bestow their benediction upon the work of the Hospital for Sick Children by sending some Christmas gift, according to their means, in care of the Secretary-Treasurer, at 67 College Street, Toronto.

Faithfully yours,

IRVING E. ROBERTSON,  
 Chairman of Appeal Committee.

Since the Hospital Opened its Doors in 1875, 65,231 In-Patients Treated — 603,055 Attendances of Out-Patients.
