But as the Band does so much for the attractiveness of the town and is worthy of universal support from all our citizens, so every one should give all their time and labor free and we trust there will be no one so lacking in their appreciation of a town band that will not give their presence and the small price of a ticket for the concert. Let every one help and the Band will be so encouraged that they will make extra efforts this summer to serve the town.

The "Clifton," or the home of Sam Slick, has had four magnificent stone gate posts erected at the entrance, taking the place of the wooden ones. The stones from which these posts are made were quarried from Mr. William Beckwith's property at Hantsport. The four posts in all contain about six or seven tons of stone, being placed on a good foundation about four feet deep. The gateway looks complete in appearance, for upon these posts have been hung splendid steel gates from St. John. Mr. James Purvis cut and erected the posts, which certainly reflects great credit upon his workmanship and skill.—Tribune.
