Wife-Beater Fined \$20

George McLellan, given in charge by his wife for assaulting and beating her in their home, White Street, was fined \$20. Mrs. McLellan testified that she had been married since 1913 and that her husband had abused her since 1914. On Thursday evening he had assaulted her, and on Saturday afternoon, arriving at her home with her sister, he came from Fredericton, her husband, who had been drinking and was in bed, demanded what there was to eat. He then threatened to put her sister out of the house, and as she was afraid of him she ran upstairs. Her husband then abused her sister and she gave him in charge. The witness's sister testified to the cruelty of the prisoner towards his wife, but said that the man had simply caught hold of her on Saturday and that she had no charge to prefer against him.—St. John Globe.

THE SNAKE IN THE MEADOW

It was Tenyson who, in his idealistic fashion, sang of the "Summer of the snakeless meadow." The poet knew, perhaps by experience, how the charms of the most beautiful meadow are spoiled by the presence of a snake.

Canada, with its untold material resources, its noble institutions, and its splendid patriotism, is a lovely meadow, but its charm is being spoiled by the snake, political partizanship.

Government by party has its merits, and, when employed to conserve or advance the interests of the country, its usefulness is cheerfully conceded. But when this purpose is prostituted to selfish ends, it becomes a snake, not only to mar the beauty of the country, but to poison the very springs of its life.

Let one, whose vision is unobscured, take a walk along any of the paths, which traverse our country's life, and he will find the snake of partizanship lifting its slimy folds, sounding its ominous rattle, venting its hideous hiss, or showing its deadly fangs. Is it responsible government that engaged his attention? He will find that favoritism, bribery, graft, etc., have so degraded the principle that democracy is only a name. In many constituencies in Canada the conscienceless nobodys, who sell their votes, turn the scale in almost every election. Is our traveller studying the problems of reform? He will find the way blocked by prejudice and indifference, which have their root in unreasonable and wicked partizanship. Is he seeking the fruits of the Gospel of Jesus Christ in civic life? He will find that political partizanship, by its snaky affiliations, has so lowered standards, that character has been almost universally compromised, and the church, in consequence, shorn of her glory.

How to Scotch the Snake

One of the highest forms of patriotism is to Scotch this snake. It must not be allowed to spoil the mission of Canada which our absent soldiers call "God's country." But how is it to be done? There is only one way, namely, to apply the principles of Christianity to the various phases of our political life. Left to the leadership of godless office-seekers and wire-pullers the parties will go from bad to worse. As soon as our party designs some dirty method of gaining or retaining power, the other party forthwith steals, reverts, and uses it for a similar purpose.

Christian men from all parties must get together and determine to scotch the snake.

A comparatively small number of electors in each constituency can accomplish the object. Every religious denomination should contribute its quota. The Temperance Alliance, which has proved its efficiency from ocean to ocean, furnishes the organization. Can we not, without injury to any worthy interest, and with untold benefit to many, get, in Kings County, at least three hundred men who shall be united in purpose and method to scotch the snake? Come on men, don't be afraid!

AN INTERRUPTED WEDDING

At St. Catharines a few days ago a young Pole about to be married bought a supply of intoxicating liquor for the celebration, and had it sent to the home of his bride where the wedding was to take place. During the celebration the police entered the premises and seized the liquor. The bridegroom was found guilty of having liquor in a place which was not his private residence, and sentenced to three months' imprisonment. The case was brought to the attention of the Attorney-General who is considering it and will likely release the offender, although technically the man had violated the law.

THE DOOR OF HEALTH

Is Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make

The blood is responsible for the health of the body. If it is good, disease cannot exist. If it is bad, the door is shut against good health, disease is bound to appear in one form or another. One person may be seized with rheumatism or sciatica, another with anaemia, indigestion, heart palpitation, headaches or backaches, unstrung nerves, or any of the many other forms of ailment that comes when the blood is weak and watery. There is just one certain, speedy cure—Dr. Williams' Pink Pills. They make new, rich, blood, and this good blood strengthens the whole system and brings good health and happiness. Thousands owe their present good health, some, life itself, to the pills. Miss Devina Lalibehi, St. Jerome, Que., says:—"Last year I seemed gradually to grow weak and run down, I did not sleep well, had a poor appetite, and grew pale and generally languid. I consulted a doctor who told me I was anaemic, and gave me a tonic. This I took faithfully for some time, but it did not help me, and I appeared to be growing worse, and finally I was hardly able to go about the house and almost wholly incapacitated for work. While in this condition a friend advised me to try Dr. Williams' Pink Pills, and I got several boxes. It was not long after I began their use when I could see an improvement, which just manifested itself in an improved appetite and better rest that night. From this on the improvement, was rapid and I was not long in regaining perfect health. I think Dr. Williams' Pink Pills are a real blessing for all weak girls."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
