**What President Wilson
Thinks of Chautauqua
Which Opens in Kent-
ville, July 31st.**

The White House
Washington.

My dear Mr. Flowers,
It has been on my mind for some
time to thank your organization for
the very real help it has given to
America in the struggle that is con-
cerned with every fundamental
element of national life. Your
speakers, going from community to
community, meeting people in the
friendly spirit engendered by years of
intimate and understanding contact
have been effective messengers for
the delivery and interpretation of
democracy's meaning and impera-
tive needs. The work that the
Chautauqua is doing has not lost
importance. Because of war, but
rather has gained new opportunities
for service.

Let me express the hope that you
will let no discouragement weaken
your activities, and that the people
will not fail in the support of a
patriotic institution that may be
said to be an integral part of the
national defense.

Cordially and sincerely yours,
WOODROW WILSON,

Mr. Montville Flowers, President
International Lyceum and Chau-
tauqua Association, Hotel LaSalle,
Chicago, Illinois.

The foundation for the large new
warehouse of the Wolfville Fruit Co
has been completed, the location is
a good one just south of the wharves
on south side of the railway. It will
be the largest warehouse in the val-
ley, being 45 by 150 ft. J. A. Brown
of Lawrencetown has the contract
for the building.

Mrs John L. Murphy is the proud
possessor of a service flag containing
five maple leaves, she has that num-
ber of sons all serving their King
and Country. Those who think it a
hardship and unduly blame their
country for taking only one son
should think of what Mrs Murphy
has sacrificed and how anxiously
she awaits each days news, lest
some calamity may come to some of
her own This flag was worked and
presented to her by the Give Service
Girls of the town None of the five
leaves have turned to gold and it is
hoped they all may return to their
home in safety after the war.

OUR LIGHTING SYSTEM

The action of the town of Kent-
ville in deciding to purchase the com-
plete business of the Kentville Elec-
tric Light Co. will we believe, com-
mended itself more to our citizens
as the years pass. Of course the
manner of conducting such an im-
portant service for the town will
depend largely upon the persons in
charge. But it cannot be said that
our town affairs are neglected had
carelessly maintained. It will pay
the town to keep active and com-
petent officials to continue their work
We took no special part in urging
the citizens to favorably consider the
purchase. The people took the proper
course to ask for information and
when obtained and it seemed favor-
able for the town to purchase the
franchise and plant, to vote accord-
ingly. We believe the town has ob-
tained the plant and personal prop-
erty accompanying it, at very favor-
able terms, even considering the
necessity for needed repairs and im-
provement. The franchise of the
Company is a valuable one and seem-
ed of no value to the town as long
as it controlled by Kentville citizens
who had the welfare of the town at
heart. had the town refused to pur-
chase and later the Company sold
out to a corporation who cared nothing
for Kentville interest then this
franchise alone might be considered
worth as much as from five to ten
thousand dollars for the town to

The question of a change of loca-

much is expended upon improving
the plant.
