KITLEY'S FAIR.

Was A Record-Breaker
Both in Point of
Exhibits and
Attendance.

Ideal Weather for An Ideal Show.
Great Interest Maintained
and Keen Competition in
All Classes. — Grand
Concert in The
Evening.

The annual Frankville fall fair, more commonly known as Kitley's Big Fair, was successfully held on Thursday and Friday last on the society's grounds at Frankville.

The attendance fully equalled former years and consequently the directors were well pleased.

The last day, Friday, was one of those delightful Indian summer days, and as a number of people were heard to remark, "just made for 'Dave' Dowdley's fair."

The reputation that this fair has gained among the numerous Canadian fairs, places it in the front rank of agricultural shows. From early morning on Friday until late in the afternoon, the roads leading into Frankville were black with people in rigs and vehicles of every description, all bent on having a good day's sport, which they certainly did—thanks to the keen-sightedness of the directors for providing such an excellent program.

The exhibits, both in and outside of the palace, were very good—the ladies' work and the farm machinery had a constant stream of admirers.

The booths on the grounds, judging by the large number of purchasers, must have done a rattling business. There were also ball throwing and wheel-of-fortune stands on the grounds. There were several people bitten, then they learned that the old saying, "You can't beat a man at his own game," was true.

The contests in the ring, in this, as well as all other fairs, were the center of attraction to the majority present. The judges, by their careful and impartial judging, really deserve praise at the harmony which prevailed before and after the different events were run off.

The result of the competitions was as follows:

& McGrath, Brockville; W. Drummond, Toledo; W. B. Percival, Chantry; H. C. Smith, Athens; Sheridan & Power, Brockville; A. Cumming, Brockville.

The cattle department showed about the same quality, the leading breeds being on exhibition. The main exhibitors were W. Davis, George Steacy, J. Loucks, E. Soper, H. Lyman, A. H. Parker, all of Frankville, and C. B. Barber of Plum Hollow.

The sheep pens contained some nice looking animals of different breeds. The owners were mostly G. Steacy & Sons, Frankville; H. W. Imerson, Chantry; V. Judson, W. Davis, Frankville.

The supply of hogs showed that industry was developing. The animals shown were those of Geo. Steacy, E. Soper, H. Lyman, V. Judson, F. B. B. Blanchard, all Frankville, and W. Miller, of Rockspring.

The poultry exhibit was not large, but the quality was good. Among the exhibitors were A. Manhard & Sons, Fairfield; R. Foster, Greenbush, O. Lillie, Westport; F. Mott, Frankville. The leading cheese exhibitor was J. W. Jones, Frankville.

In the lines of fancy work, domestic manufactures, etc., the exhibitors were G. M. Leverette, Frankville; J. Kirkland, Morton; E. J. Suffie, Soperton, A. Scott, Athens; S. M. Duolin, Addison.

Farm implements were shown by Z. Wilts, Addison; V. Judson, H. B. Brown, Addison.

A. R. Brown, Athens, had a good exhibit of harness.

W. L. Lee, Addison, showed a large quantity of honey.

E. M. Fair, Athens, had an exhibit of carriages.

In the way of roots, vegetables and fruit, the main exhibitors were W. J. Mitchel, M. Judson, W. Ennis, L. Livingston, all of Frankville, and S. Y. Brown, Athens.

MR. DAVID DOWDLEY—HIS FAIR.

NOTES.

Bigger and Better than ever.
"A happy man thou wert, Dave."
The entries were greatly in excess of last year.

To see the belles of Leeds county it is necessary to attend Kitley fair. The prize list will be published in the Reporter as soon as it can be revised by the Secretary.

The attendance was the largest in the history of the fair—David's show always draws a big crowd.

The Concert held in the evening by the Epworth League of the Methodist church was an unqualified success.

The Toledo Brass Band was on the ground during the last day, and gave general satisfaction with their fine music.

Mr. S. Manhard, of Athens, lent his services to the Toledo Band on Friday. Sim's services were much appreciated.

David's white plug was much in evidence. With Prince Albert coat and medals gaily decorating the lapels he was a conspicuous figure in all parts of the grounds. "The exhibition went on lively all the while."

SLEEPLESSNESS.

You can't sleep in the calmest and stillest night, if your stomach is weak, circulation poor, and digestion bad.

Food's Sarsaparilla strengthens the stomach, improves the circulation, perfects the digestion, and brings about that condition in which sleep is regular and refreshing.

It does not do this in a day, but it does it—has done it in thousands of cases.

BROCKVILLE CUTTING SCHOOL

IN ORDER to meet the demand for first-class cutters, which is steadily increasing, I have opened up in connection with my tailoring establishment a Cutting School, to be known as the Brockville Cutting School where the latest up-to-date systems of cutting will be taught, also instructions on the practical work of the tailor shop, which is most essential for a young man to become a first-class cutter, and which will enable him to command a salary of from One Thousand Dollars to Fifteen Hundred Dollars per year in this country and from Fifteen Hundred Dollars to Two Thousand Five Hundred Dollars per year in the United States. This is a rare chance for young men to fit themselves for a lucrative position in a short time. Persons attending this school will receive a thorough training in everything connected with Garment Cutting, and after graduating are competent of filling a position as custom cutter at once.

Pupils will be taught individually and may commence their instructions at any time convenient to themselves.

For all information, see catalogue, which will be mailed to you upon application.

Yours truly,
M. J. KEHOE

CARRIAGES — CARRIAGES

The subscriber wishes to inform the people of this community that he has now on hand the largest stock of first-class carriages that has ever been offered for sale by him up to the present time.

All are thoroughly reliable and up to date in style and finish. Wheels, which are of such great importance to a carriage, are of the best. Not one inferior or slop wheel is used in any of my work.

Intending buyers if they will consult their own best interest, will give me a call before buying elsewhere, and, if prices are right, patronize home industry and keep your money at home.
