Meeting of Local Branch Held Thursday Afternoon—Important Business Transacted

The local W. C. T. U. met on Thursday afternoon, the President of the County Union in the chair. The plan of work passed at the county annual meeting was brought forward, discussed and adopted. A committee was appointed to draft a program for the year's meetings.

The following resolutions were then passed that we repeat, emphasize and declare our unswerving allegiance to the foundation principles upon which our society rests, viz., total abstinence on the part of all individuals from all the can intoxicants, whether in food or drink, also the entire prohibition of the liquor traffic by law—such law may be repealed and the can intoxicants until we obtain this, the object for which we were organized and for which we exist.

Whereas, the Woman's Christian Temperance Union has for years taken the position that the partyism displayed by the electorate was, and is, the most serious obstacle in the way, not only of prohibition, but of other moral reforms, which must achieve success by way of the halls of legislation;

Resolved, that it is the duty of every citizen of Christ's Kingdom, to put first its interests, and that while man are responsible to God for their ballots women are equally responsible for their influence.

Whereas, any system whose central idea is the regulation, not the suppression of the drink trade must have our disapproval and opposition.

Resolved, that we denounce those methods denominated company, municipal and Government control, or public house trusts, which have, for the time being, been tried for any considerable time, demonstrated their worthlessness as temperance measures, in that they decrease popular sentiment against the traffic by giving it a respectability, and increase the use of liquors, especially among the better classes.

Whereas, the political disability of women, in regard to the ballot, tends the progress of legal reforms in which we are interested;

Be it resolved, that we recognize with deep conviction, that the reformer's battle is a battle, and that women should be armed with this weapon, for the destruction of the liquor traffic, cigarette evil, and other evils that threaten the higher interests of the home.

Whereas, Sabbath desecration and irreverence, not only for the day, but for the name of the Lord seem to be on the increase;

Resolved, that we call upon our members to lift up a standard against and endeavor to stem the flood-tide of sin which threatens to submerge our land.

Whereas, national life must ever take its character from individual life which is formed and moulded in the home;

Resolved, that we call upon our members to show their appreciation of skill and knowledge in household duties, and that they discourage the use of alcoholic flavoring extracts in foods and drinks, also the use of patent medicines which contain alcohol.

Prince Louis at Washington.

The presentation was made the occasion of a brilliant reception. Last night the British Ambassador and Lady Durand gave a state dinner to their distinguished house guest, followed by a large reception and ball.

Beyond Colonial Control.

St. John's, Nfld., Nov. 4.—Thirty Newfoundland fishermen shipped aboard the American hearing schooner Boston at the mouth of Bay of Islands Thursday as members of her crew, to assist in catching herring. They assert that they boarded her outside the three-mile limit, beyond colonial jurisdiction, but the colonial authorities deny this, and will prosecute them and may seize the vessel.

British Ambassador to Japan.

London, Nov. 4.—It was officially announced that King Edward has appointed Col. Sir Claude Maxwell as Minister of Great Britain to Japan, and the first of his autograph.

able to read his feelings at the time, and how he longed for the friendship and companionship of his comrades, but in vain. I had plenty of opportunities of judging of Anthony, and I am bound to say, though my heart smites me sorely for my unkindness, that I did not dislike him. I avoided him, for he was rude and uncouth, but I thought him an honest, brave fellow. He was no weak. His faults were external. All the rest of him was thoroughly bad young fellow and yet he had plenty of associates. He gave no sign of promise whatsoever, was always in the lowest part of the form and was regarded by masters and boys as an incorrigible dunce.

MINISTERIAL ASSOCIATION

The regular monthly meeting of the Ministerial Association was held this morning at the Victoria avenue parlour. Members present Rev. Dr. Battisby, J. W. Hodgins, W. L. Routledge, Dr. Hannon and P. E. Malott.

Rev. W. L. Routledge gave an interesting resume of a sermon from Hebrews 2, 70, which was followed by a profitable discussion.

Several matters were discussed, among which was the question of parents allowing their children to run from one Sunday school to another. In the opinion of the members of this Association it would greatly aid in the moral training and religious education of boys and girls if they were encouraged by their parents to attend the school of their own church so far as possible.

The next meeting will be held at Holy Trinity rectory, when Rev. J. W. Hodgins will give a sermon outline for discussion.
