

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-lives"

Kingstown, Ont., May 21st, 1915. "Your 'Fruit-a-lives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several.

Some neighbors of mine told me that "Fruit-a-lives" helped him, and I took them faithfully every day and the result was marvelous. For over two years now I have been free from any Rheumatic pain whatever, and give "Fruit-a-lives" the full credit for making a remarkable cure."

W. T. KACHER

If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take "Fruit-a-lives" right from the start, the permanent cure which "Fruit-a-lives" will complete if taken faithfully. For a box, \$5 for \$2.50, retail size. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

Character Speaks.

A gentleman telegraphed to a friend asking what a certain man was worth. The reply was: "His note is worth a million dollars, but his word is not worth a cent." You will not be surprised to learn that before long his note was as worthless as his word.

That man's business went to wreck because it was not founded upon principles of honesty. "What are you doing there?" asked a neighbor as he came into the shop where a Christian blacksmith with strong arm was beating the white iron upon the anvil and making the sparks fly in every direction. "I am preaching the gospel to the regions beyond," he replied as he continued to swing his heavy hammer. His was a holy calling, the ring of his hammer was as sweet to God as an angel's harp, and that smoky shanty was a place in which God delighted. So every man's business may be made a voice proclaiming the Lamb of God.

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Finkham's Vegetable Compound.

Created, tested, and found with female troubles from the time I came into womanhood until I had taken Lydia E. Finkham's Vegetable Compound. I would have paid any price if I could have had any relief. I was overworked or I was anything heavy, and I would be so weak and nervous and in so much misery that I would be glad to die. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and my home is now happy with a baby boy. I can say that I took Lydia E. Finkham's Vegetable Compound and do all I can to recommend it. —Mrs. A. E. Boscawen, 624 E. Howard Street, Clinton, Mo.

Tons of Hoarseness and Harshness are used annually in the manufacture of Lydia E. Finkham's Vegetable Compound, which is known from coast to coast as the standard remedy for female ills.

For forty years this famous root and herb medicine has been successfully employed in relieving the distress of women. Many cities could have stood this test of time.

If you have the slightest doubt that Lydia E. Finkham's Vegetable Compound will help you, write to Lydia E. Finkham, Medicine Company, 250 Broadway, New York, for a free trial. Your letters will be carefully read and answered by a woman who has been cured and who has helped many others.

Eastern Trust Company, Administrators.

Prohibition's Disastrous Effects on a Community.

A report comes from Illinois towns, that the women are greatly exercised over a deplorable state, directly due to the closing of the saloons. They are now unable to secure washerwomen and scrubwomen. Women who, in the liquor regime had to support their families at the washboard, are now being supported by the wages of their husbands, which formerly went to the liquor dealer.

May the Lord give us more such disastrous (?) effects.

Don't Ridicule.

Cruel ridicule, the "making fun" of people's peculiarities, is not in accord with the love which Christ calls for. It hurts severely and discourages, and when much indulged in, it lowers the character of the one who uses it, and may lead to many excesses. We must have a respect, a reverence, a kindly feeling for men, and try never to hurt anybody's feelings. Some people are more sensitive than others, but all have some sensitiveness, and things hurt at times more than we realize. A kind, sympathetic, appreciative word will do wonders, and the one who speaks it is blessed as much as the one who hears it. It creates a love which is akin to the nature of God, Who overlooks our poor human weaknesses while He encourages us in all good things.

ZAM-BUK

MRS. A. SAICH, of Cannington Manor, Sask., writes:—"My brother suffered severely from eczema. The sores were very extensive, and burned like coal out all the fire, and quickly gave him ease. Within three weeks of commencing with Zam-Buk treatment, every sore had been cured."

This is but one of the many letters we are constantly receiving from people who have proved the healing power of Zam-Buk. For eczema, piles, sores, burns, cuts and all skin troubles there is nothing like this wonderful balm. No skin disease should be considered incurable until Zam-Buk has been tried.

A Wild Cat and Rat Prospectus.

Her, is another 'cat and rat' prospectus which has been an invited one of the editors for analysis criticism. The prospectus compares very favorably with some silver back fox propositions which have been floated in the past twelve months.

Knowing that you are looking for good legitimate investments we take the liberty of presenting you with what seems to us to be a most wonderful business proposition, and in which no doubt you will take a lively interest and perhaps wire us the amount of stock you wish to subscribe towards the formation of this company.

The object of this company is to operate a large 'Cat Ranch' in or near Louise Creek foot of Eagle Hills, in the Pleasant Valley District, where land can be bought cheap for the purpose.

To begin with, we will collect \$5 about 1,000,000 cats, each cat will average about 12 kittens a year. The skins run from ten cents for the white ones to seventy five cents for the pure black ones. This will give us 12,000,000 skins a year to sell at an average of 30 cents a piece, making our revenue about \$3,600,000 a day gross.

A man can skin 50 cats a day for \$5.00. It will take 100 men to operate the ranch and therefore the net profits will be about \$9,800,000 per day.

We will feed the cats on rats and we will start a rat ranch next door. The rats multiply four times as fast as the cats. We will start with 1,000,000 rats, having therefore 400 rats for each cat, which is plenty.

Now then we feed the rats on the carcasses of the cats from which the skins have been taken, giving each rat one-fourth of a cat. It will thus be seen that the business will be self-acting and automatic all the way through.

The cats will get rats and the rats will get the cats and we will get the skins.

As a by product we will make fip die strips and in order to keep up the demand we will also hire fashionable females to wear our 'fip' and 'l'—will start a fip and l' business.

Awaiting your prompt reply and trusting that you will appreciate the opportunities offered you in which to get rich quick we remain,

Yours very truly,
The Pleasant Valley Hunt Club, Ltd.,
B. Good (G. W. Skinner), Secretary.

N. T. C.—Common stock rates (rate 100) to the extent of 40 per cent. must be accepted in payment.

Cash and rat's would be taken to the extent of 75 per cent. in proportion of 4 rats to 1 cat and 5 cats to 1 share.

THE VICTORIA BRIDGE

A Mark Back to 1860 When the Prince Opened It.

Some insist that modern Montreal was born in 1857, while others say that there was hardly a hint of modernity until 1860. The building of the Victoria Bridge and the consolidation of scattered railway interests, added in the growth, which became marked in the important matters of new buildings and the opening up of new streets. The Hon. John A. Macdonald predicted the bridge, and was laughed at as a dreamer. The bridge was completed in 1860. It was superintended in its construction by the great fire-phens, who was presented with an address in the Mechanics Hall by the late Mr. Henry Halmer. The Prince of Wales, the late King Edward, came out to open the bridge. That visit is vividly remembered by many now living. The Prince, who in the city and country, won the good will of all by his urbanity and simple, unaffected attitude. At the time of the Prince's visit the population of the city was only 23,000 and the value of real estate \$25,976,370. The ship channel showed eight feet less and there were 141 manufacturing factories in the city, of which the product was \$5,139,891.

The use of good paint around the town or country home is a great economy. The cost of paint to protect your buildings against the ravages of the weather, is small compared with the expense of repairs, soon necessary on unpainted houses, barns, or other buildings.

For your buildings use Sherwin-Williams Paint (Prepared) S.W.P. S.W.P. is made of pure lead, pure zinc, pure linseed oil and the necessary coloring pigments and driers. These are put together in correct proportions, according to a tested scientific formula, proven best by forty years experience, and are mixed and ground by special machinery. The result is a smooth, far spreading paint, even in color and giving a painted finish of great durability which protects your buildings for the longest possible time.

For buggies, automobiles, porch furniture, boats, canoes and other surfaces subject to severe usage, S-W Buggy Paint gives longest wear and looks best. For single roofs and eadings use S-W Crocodile Shingle Stain which protects and beautifies these surfaces. For buildings of rough lumber, fences, work shops, etc., use S-W Crocodile Paint, a satisfactory paint at an economical price, for such work. For wagons, farm implements, garden tools, etc., use S-W Wagon Paint. It keeps the wood from checking and cracking and the metal parts from rusting.
