

Count Zappellin had so far perfected the airship business in Germany that the ship Deutschland, the highest developed of all his famous models, was employed in regular passenger business, making a regular daily circuit of 300 miles, carrying some 30 passengers. On June 28th the Deutschland set out on her regular course; but a storm prevailed and presently she lay on top of the Teufelberg forest, pierced with pine trees, a mass of twisted alik and twisted aluminous. The thirty-three persons aboard after a wild contest with a storm, escaped uninjured, climbing down a rope landed from the wreck on the pine tops.

Brigadier General Otter, C.V.O., C.B., paid a rather unexpected visit to Charlottetown, arriving Saturday. He inspected the camp lines generally and later inspected each unit at ordinary camp drill, and then proceeded to Sussex, N.B., where he inspected the camp there. He found everything here in first class shape. It is reported in official circles at Ottawa that General Otter is to be appointed Inspector General in succession to General Sir Percy Lake, who returns to England in September, while General Drury, now district officer commanding in the Maritime Provinces may go to Ottawa to succeed General Otter as chief of the staff.

Tailors and Gents' Furnishers.

To Be Well Dressed at a Reasonable Cost

Let Us Make Your Suit!

Have you been giving your money away to a poor tailor for clothes that did not satisfy you? or worse still have you, thinking you were saving two or three dollars on your suit, paid your good money for a "Ready-Made"—a suit that stays good only until you wear it, and instead of adding to your appearance, will by its bad fitting qualities make you appear poorly dressed. Have you ever thought that a "Ready-Made" was the most expensive suit you could buy. Do you know that one good Tailor-Made Suit at \$20.00 to \$25.00 will outwear any two Ready-Made at \$15.00, and that the made-to-order suit will hold its shape and its good looks until the cloth is worn out, while a Ready Made will only look good for a short time. Isn't it cheaper for you to invest \$25.00 for a good suit once a year, than to invest \$15.00 for a poor one, twice in that period? You will agree with us in that, won't you? Then our proposition is this: We keep a stock of all the best clothes made—we have Worsted, we have Tweeds, in all the leading shades; we have Serges and Venucias in blue and black—in fact we have everything that's made for men's clothes. We have expert cutters, men who have spent years in studying the art of designing men's clothes, and we have a staff of workmen trained in every branch of the trade, men who put into a job work of the highest order.

You can select a suit at any price from \$18.00 to \$30.00. We will make it to your individual measure, we will put the best of trimmings into it, and we give you good style and the best of workmanship. In short, your money is not ours until you are satisfied with the suit in every particular.

Don't you think it will pay you to leave your order with us?
