SIX PER CENT.

Mortgage Debenture Stock.

Desirable opportunity for a conservative 6 per cent. investment afforded by the Nova Scotia Steel and Coal Company 6 per cent. perpetual debenture stock, which we offer at 95 and interest.

The company's property is admirably situated for economical production which is very essential in the Steel and Coal business.

The value of the company's property is appraised by a high official of the company at \$20,000,000. The debenture stock is a direct charge on all these assets, subject only to the \$6,000,000 five per cent. first mortgage bonds, thus leaving assets of \$14,000,000 as security for the \$3,000,000 debenture issue.

Write to-day for full information.

The Gatlin Treatment

EST. 1900.

For Drink or Drug Habit

The results accomplished by the Gatlin Treatment have caused the establishment of Institutes throughout the world for the cure of the liquor and drug habits. This great treatment quickly and permanently removes the craving for stimulants, tones up the entire system, placing the patients in the same or better mental and physical condition as before the habit was formed.

The Gatlin Treatment is administered without hypodermic injections, contains no powerful nerve-racking drugs, nothing in any way harmful, is quick, certain and lasting in its effects. Through its efficiency thousands of men and women have been permanently cured.

Special treatment will be furnished those who prefer taking treatment at home. For complete information sent in plain envelope, address—
