Now on all Our Stock of

LADIES' and MISSES'

Winter COATS.

These Coats are all this season's styles and all British made. This means that they are made of woollen materials, which signifies more warmth, and that they will hold their colour better than American made Coats, which as a rule are made of at least 75 per cent. cotton, but which are now being introduced on this market owing to the difficulty of getting British made goods.

However, we have been fortunate in getting a big stock of British Coats, but owing to their late arrival and our being very much pressed for room, we have decided to offer them

At Reduced Prices,
Thus giving our Customers some

Bargains.

This lot of Coats is absolutely and by far

The Best Value

of any Coats now offering the Newfoundland public. Do not delay making your purchase as bargains are few and far between these days, and as our Retail Prices are now less than the Wholesale Prices of those of the Wholesale Coat Men, this lot may not last long.

"An Honest Man is God's Noblest Work."

Diogenes may have had to use a lantern in mid-day to find an honest man, but no such method is necessary to find an honest flour. The VICTORY FLOUR solves the problem, as is attested by the thousands of its users.

VICTORY FLOUR

is what it purports to be—a high class flour manufactured from first class wheat. No mixture of durum or other low grade wheats are used in the make-up of this celebrated flour.

"Man does not live by bread alone," but bread is the "Staff of Life." Then why not use VICTORY FLOUR, the Best on the market.
