 PROPRIETORS.  
 All communications should be addressed to The Evening Telegram, Ltd., and not to individuals.

**Speed Development**

Those who are inclined to be sceptical regarding the possibilities of developing our farm lands are advised to read an article on Agriculture, to which prominence is given in another column of this issue. The writer has not contented himself with generalities, but presents facts and figures to show why the industry should be developed, and suggests various steps which might be taken with that object in view.

Accurate statistics relating to any of our resources are at present impossible to obtain. We have no idea what amount of timber there is in the country, what available water power, how much farm land we possess, and in connection with our mineral resources, we have done little more than scratch the surface in our attempts to ascertain their value. Even our chief industry has not properly been explored; there is little reliable data to be obtained, and practically nothing has been done to encourage its development along lines that have proved successful in other countries. In this connection it is gratifying to note that Mr. W. R. Warren called attention, yesterday in the House to the necessity for applying ourselves more vigorously to this task.

True we possess the machinery, and elaborate machinery at that, to glean the necessary information, but so far the various departments have failed to give an impetus to the industries or branches of the public service of which they have control. In fact it would almost appear that their main purpose is to provide homes of rest for the "Weary Willies" ever to be found in the wake of the politician. This remark is by no means intended to cast any aspersion on the many officials whose work is above reproach.

The present Government have decided to formulate an agricultural policy, and we trust that it will be comprehensive, practical, and undertaken with the one idea of making our farmers realize that the soil is productive and the markets assured. Our correspondent points out that we imported in 1921 nearly one million dollars worth of potatoes, cabbage, hay, turnips, beet, parsnips, poultry, eggs and butter. These are not products which cannot be raised locally. They are the commonest products of every person who gives his attention to farming, and even those who do not profess to a knowledge of agriculture have no hesitation in undertaking "farming" within these limits. How many other agricultural products might be mentioned which to-day are successfully raised, but are for some reason unable to compete in the local markets with the imported article?

Any plans undertaken to encourage agricultural development must be made to apply, not only to the suburbs of St. John's, but to the rich lands of the West and South Coasts and those which are known to exist in the northern bays. The roads which are to be built will help in this direction; special freight rates would also facilitate mar-

keting, but if the industry is to be thoroughly exploited, it is necessary to educate the farmers in scientific methods and in the use of modern appliances.

In order enable the farmers in and around the city to dispose of their produce to the best advantage, a central market is essential, and it would go far towards putting an end to the hawking system which, as we have already pointed out in previous articles on this subject, has many undesirable features, particularly with regard to provisions which at some future date may be made to ensure cleanliness in the distribution of foods.

**Concert at Synod Hall**

**AN UNQUALIFIED SUCCESS.**  
 An audience which filled the Synod Hall to capacity last night attended the concert under the auspices of St. George's Day Parade Committee. The chairman, Mr. C. Bowden, President of the Nfld. British Society, opened the proceedings with a brief address, in which he thanked the audience for their attendance and the performers for their kind assistance. The programme was then gone through as follows: March (Military); C.L.B. Band; recitation, Mr. E. Colton; Club Swinging, Mr. A. Morgan; song, Mr. Bert Snow; selection (patriotic review), C.L.B. Band; saw solo, Mr. H. Diamond, accompanied by Mr. R. Pushie; song, Mr. R. Redmond; March (Natalian), C.L.B. Band; song, Mr. Fred Wylie; songs and sketches, Mr. Dan Delmar and Miss Eileen Delmar; musical selection, Miss Fern Morris and Mr. Julius Leitner; selection (Sporting Life), C.L.B. Band; comic song, Mr. Cluny Rendell; musical sketch, Mr. H. B. Chafe and Mr. A. Walker; song, Mr. Frank Neville; selections, Misses Morris and Crane; song, Mr. T. Pottle; selection (Scott Melodies), C.L.B. Band.  
 All the items were well rendered and the performers were asked to respond to encores which they freely gave. During an interval candy was sold by several young ladies and altogether a pleasant night was spent. The proceedings were well up to expectations.

**Jesuit Fathers Leaving To-Day**

Rev. Fathers McCarthy, Gallagher, Kempel and Avery, of the Jesuit Order, who have been in the city for some weeks past, conducting missions at the R. C. Cathedral and St. Patrick's, and also at Marystown, are returning to America by to-day's Rosalind. During their stay here they have made many friends, all of whom hope to see them return in the not far distant future.

**Laid to Rest**

The funeral of the late Moses Wellman, took place from his late residence Gower Street, yesterday afternoon. The obsequies were attended by a large concourse of mourners, including a guard of honor from the Masonic Society. The burial service in the Mortuary Chapel at the C. of E. Cemetery, was conducted by Rev. J. B. Elliott and Rev. J. Brinton, followed by a brief service at the graveside.

 Kruschen Salts . . . . .50 per bot.  
 Bismarck Magnesia . . . . .50 " "  
 Bishop's Nitrate of Mag-  
 nesia . . . . . \$1.20 " "  
 Frostilla Lotion . . . . .50 " "

Do your Easter shopping at the Nfld. Highlanders Ladies' Association Sale of Work in the Presbyterian Hall, Thursday afternoon, April 2nd.—April 11

**Personal**

Mr. and Mrs. D. M. Baird and Master Baird, are leaving by S.S. Rosalind to-day on a visit to the States.  
 Rev. Bro. J. E. Ryan and M. C. Ahearn, are passengers leaving by the Rosalind for New Rochelle, New York.  
 Mrs. W. S. Monroe is an outward passenger by the Rosalind.  
 Colonel Mitchell, who has been here conducting a survey on the Dry Dock, returns to Canada to-day.

**With the Sealers**

There was little doing with the sealers on the Northern Front yesterday, owing to the adverse weather conditions. The Terra Nova reports having batted 450 bedlamer harps during the day, while the Neptune managed to secure 50 whitecoats. The Viking in the Gulf, had 15,000 stowed down yesterday, and it is quite possible that she will pick up the balance of her harps to-day. The messages received last night read as follows:—  
**BOWING BROS.**  
 TERRA NOVA—Dense fog all day; killed and took on board 450 bedlamer harps. All well.  
 EAGLE—Weather not suitable. Nothing new to report.

**JOB BROS. & CO.**

THETIS—Picked up a few hoods to-day. Sagona in company this morning, ice and weather conditions same as before.  
 NEPTUNE—Steaming through whelping ice, weather thick and impossible to put men out, took 50 whitecoats; present conditions bad.

**BAINE JOHNSTON & CO.**

SEAL—Dense fog, saw scattered whitecoats but not plentiful enough to put men out; ice slack; wind N., have seen no steamers.  
 SEAL—Position 35 miles E. by S. of Groais Islands; dense fog; did practically nothing, heavy swell.

**GOVT. RAILWAY.**

SAGONA—No improvement in weather conditions; seals very scattered to-day, saw the Thetis this morning.  
 PROSPERO—Position 65 miles E. of Groais Islands; working W.S.W., dense fog.

**UNION TRADING CO.**

SENEF—Everything working O.K., picking up pans, from two hundred to three hundred daily.

**ESTIMATED CATCH.**

NEPTUNE	14,550
VIKING	15,200
THETIS	15,200
EAGLE	13,000
TERRA NOVA	10,750
RANGER	5,000
SAGONA	4,500
PROSPERO	3,700
SENEF	1,500
SEAL	1,500
TOTAL	88,200

**Falls Through Ice**

Mr. Mel Thompson, Business Manager of the Arlie Marks Stock Co., very narrowly escaped drowning in one of our nearby ponds yesterday afternoon. Mr. Thompson, accompanied by H. McCoan and Peter Whitten, were crossing the pond when suddenly the ice gave away and Mr. Thompson went through up to his neck. Through the presence of mind of Mr. McCoan he ran ashore and secured a heavy stick, and with the assistance of Mr. Whitten succeeded after a tedious struggle in dragging Mr. Thompson to the surface. After being brought to town he felt none the worse for his sudden immersion.

**Appreciated the Radio Service**

The officials of the Methodist Church at Portugal Cove, are so gratified with the result of an experiment to give them an evening service on Sunday night last, that they want to thank Rev. J. G. Joyce, B.A., of Wesley Church for the excellent sermon; and the choir and organist for the splendid music. They also thank Messrs. Penny and Pelly of St. John's West for bringing out the radio apparatus and trusting it may be possible some day to have an equipment of their own to listen-in on Wesley Church often.

**St. John's Rangers Hold Social Hour**

Last night the First St. John's Rangers held a social-hour in honor of their Commissioner, Mrs. Campbell, who is leaving the company to go to Canada, where she will reside in future. A very enjoyable evening was spent by all and the various items on the programme was thoroughly appreciated, especially the sketch, entitled: "Annie's Holiday." Refreshments were then served, after which Mrs. Campbell was presented with a beautiful Japanese Flower Vase by the troop in appreciation of her work with the troop during the year. Mrs. Campbell was entirely taken by surprise and gave a short address, in which she thanked the members of the troop, with the singing of Auld Lang Syne, a most enjoyable evening was brought to a close.

MISS M. CROLL, Captain.  
 Per P. FREEMAN, Patrol Leader.

**WINARD'S LINIMENT RELIEVES PAIN.**

**Job's Progressive Sick Benefit Club**

The 3rd annual meeting of the above club was held in their rooms, South Side on March 17th. The Treasurer's report for the year being read showed the club to be keeping up its name, Progressive. The attending officers vacating their seats, James Miller was moved to the chair to conduct the election of officers for the ensuing year, which resulted as follows:—  
 Chair—John Snelgrove, re-elected.  
 Asst. Chairman—Ed. Hisecock, elected.  
 Treasurer—Chas. Laundry, re-elected.  
 Asst. Treasurer—Calvert Moores, re-elected.  
 Secretary—Jas. Jones, elected.  
 Asst. Secretary—Jas. Filler, elected.

The club wishes to express its thanks to all who helped them through the past year, especially the firm of Job Bros. & Co., Ltd. for the use of their rooms and their help financially. A unanimous vote of thanks was accorded Mr. Filler for the day in which he conducted the election.

**Two Juveniles Dealt With**

The two boys, Abbott and Simmons, appeared before Judge Morris in the Juvenile Court yesterday afternoon, and were charged with entering the house of Sir Marmaduke Winter, and stealing a quantity of candy and cigarettes. Abbott confessed his guilt, but the other boy strongly denied having anything to do with the larceny. He stated that he had not seen his companion, Abbott, for over two months, and was with another lad until 5.30 on the afternoon in question. Abbott, who is an old offender, lives in wretched surroundings, and Judge Morris sent him down for 14 days, not for punishment but to have the lad cleaned up. The other boy, who had never appeared before court before, was let go with the understanding that he was to send his companion, with whom he spent the afternoon, to prove that this was the case.

**Let There Be Light**

Editor Evening Telegram.  
 Dear Sir,—Now that the speed of the motor car in the city limits has been settled, could not the powers that be bring in a law or perhaps prevail upon the management of the street railway to allow the motor man to smoke the odd fag so that the pedestrians will see the glow, as at present the head lights are about one cat power.  
 Yours truly,  
 BLINKERS.

**Here and There**

**GOVERNMENT BOATS.**—Glencoe at Argentina: Home arrived Argentina at 6.10 a.m. Kyle at North Sydney. Portia left Argentina 6.30 p.m. yesterday.

**THE TRAINS.**—Yesterday's west bound train is due at Port aux Basques to-morrow morning. The local train is due at 1.30 p.m.

**SEALING PLANTS READY.**—Messrs. Bowring Bros. and Job Bros., Southside premises, are now in readiness for the first ship to arrive from the seal fishery. Next week the Southside will no doubt be the scene of much activity.

**COMPETITION CLOSED.**—Up to 6 o'clock last evening, over 3,000 forecasts had been received on the Sealing Forecast Competition, organized by the Feildian Playground Association. The competition closed last midnight.

**Miss McPhail at Glace Bay**

ADVISES MINERS NOT TO ACCEPT REDUCTION IN WAGES.  
 Sydney, N.S., March 25.—Miss Agnes MacPhail, M.P., for South East Gray, Ontario, addressed a mass meeting of over 1,500 miners in the Savor Theatre, Glace Bay. Miss MacPhail stated that she came to Cape Breton primarily because she wished to see for herself if the stories of destitution and poverty were true. "I found them only too true, and as for exaggeration, language could not exaggerate the conditions I met with in my brief tour of the district yesterday."  
 Miss MacPhail was amazed with the refusal of the relief committee to accept the donation of \$5,000 from Russia. She stated that it was no compliment to the intelligence of Canadians that they should be afraid of being called "Reds."

Miss MacPhail extolled the virtues of group government and the Farmer-Labor movement as a remedy for the ills of Labor, and said that the trouble in Cape Breton was due to the miners' organization not being reflected in Parliament. She said: "I say to you men that for the sake of your children and your children's children, you should not accept any reduction in wages until absolutely forced to do so. Your motto should at least be: 'What we have we hold,' for it is far more difficult to retrieve a loss than to hold what one already has."

IN FOND AND LOVING MEMORY of my dear brother, John King, who departed from this world into eternal rest April 1st, 1924.  
 One year has passed since that sad day when one we loved was called away. God called him home, it was his will. We deeply mourn for you, dear brother. No eyes may see us weep; But many a silent tear is shed. While others lie asleep,  
 —Inserted by his wife and child.

**Plans for Up-to-Date Hotel Submitted**

We understand that a proposal made to the Government for the building of a hotel in St. John's, is under consideration. The proposed site, with the front of the building facing Cavendish Square. The central portion of the hotel will be six storeys high with wings on each end five storeys high. The frontage will be 100 feet, with wings 80 feet from front to rear. The sketch plan of the building presents a most pleasing appearance. Under the proposals the Government is asked to give a free site and permit the motor car in the city limits has been settled, could not the powers that be bring in a law or perhaps prevail upon the management of the street railway to allow the motor man to smoke the odd fag so that the pedestrians will see the glow, as at present the head lights are about one cat power.

**Buick**  
**1,600 Miles in 55 Hours, is Record made in Buick.**  
 What is perhaps the world's record for endurance was made lately by C. F. "Outdoor" Franklin in a new Standard Six Buick Car. The Howard Automobile Company, Pacific Coast Buick distributor, reports that Franklin drove 1,600 miles in less than 55 hours without leaving the driver's seat. The record run was made from the Canadian border to the Mexican border, and establishes a speed record between these points. Starting from Blaine, Canada, at 8 a.m., Franklin made the sixteen hundred miles to Tijuana, Mexico, without a relief driver and without leaving the wheel, arriving at Tijuana two days later at 2.40 p.m.  
 Sixteen hundred miles continuous driving is a feat that few would undertake, and in making this record, Franklin certainly makes a strong bid for the hall of fame. The Buick Standard Six proved its stability by the wonderful manner in which it stood the extraordinary test. Not once did the car falter. The Buick Valve-in-Head motor which is built for power, speed and economy, was perfect running order at the end of the long grind, and the gas consumption averaged better than eighteen miles to the gallon.  
**PINT OF WATER.**  
 The fact that only one pint of water was needed to fill the radiator at the end of the trip indicates the efficiency of the Buick motor. Official observers appointed in Los Angeles newspapers checked the trip from start to finish, and report that not once did the motor or car stop running.  
 Franklin says that only a perfect performance of the car at Buick made it possible for him to establish this new world's endurance record.
