Town and County News

RAILWAY MEETING.—A railroad meeting was held at Holyrood on Thursday to take into consideration the voting of a by-law of \$51,000 to the Wellington, Grey & Bruce Southern Extension through the townships of Kinloss, Huron and Kincardine. The meeting was in favour of the by-law.

EASTER FAT CATTLE SHOW.—This Show has been fixed by the Directors of the S. W. A. Society for Wednesday the 13th of March, of which intending exhibitors are requested to take notice. Prizes as formerly; and we understand that additional premiums will be offered for the best calves for veal purposes.

ORANGE-TREE.—On Thursday last the Rev. W. M. Punshon preached the opening sermon at the new Wesleyan Methodist Church in this village, after which a subscription of \$1,100 was made although only \$800 was asked for. The Rev. gentleman also lectured there next day.

SUICIDE IN WALKERTON.—An old man named Barnett, nearly 70 years of age, committed suicide on Monday night by hanging himself in the stable. He was living with his son, and was well treated and appeared cheerful and contented. He attempted to make away with himself once before, about a year ago, but failed, and appeared to have fully given up the idea, only, however, to be more successfully carried out this time.

PRESENTATION IN FERGUS.—On Tuesday evening last, the ladies of the Wesleyan Church, in Fergus, held a social which was well attended. Geo. Monger, Esq., presided. In the course of the evening, Mr. Campbell, of Galt, came forward and in the name of the congregation presented the Rev. Mr. Laird with \$63, accompanied by an address expressive of the great esteem in which he is held by the members of his congregation. Mr. Laird made a very feeling and suitable reply.

THE MINSTRELS.—The Minstrels perform in the Town Hall to-night. The Hamilton Standard thus speaks of them:—The enthusiastic applause bestowed upon the various members of the troupe testified to the popularity in which they are held by the citizens of Hamilton. The concert acts of Mr. Walter Wentworth are truly astonishing, and are one of the great features of the performance. "Kiss me while I'm sleeping," and "Waiting," by Miss Mand Stanley, drew forth the rapturous applause of the audience. She possesses a voice of rare musical power. It is not often that the public are permitted to listen to her equal. It is scarcely necessary to advise the citizens of Hamilton that no one will mishear them unless those who may be unfortunate enough not to find room enough to get into the Hall. In addition to his splendid Silver Cornet Band, the manager has secured from the Messrs. Kilgour one of their celebrated Mathushek pianos, which is a great addition to the musical department.

FATAL ACCIDENT TO A RESIDENT OF BERLIN.—A frightful accident occurred in the woods near Stratford on Sunday last, whereby a man named Duncan, a resident of Berlin, was almost instantaneously deprived of life. It appears from what we have learned that Duncan, in company with a man named Frazer, was engaged in the woods in getting out square timber. Frazer and Duncan were both working on the same log, and that Frazer finished his side first, when he turned round to help Duncan. At this time the deceased was standing on the snow beside the log that was being worked, and while Frazer was standing on the log itself, being thus considerably above his companion. While in this position, Frazer had given but a few blows before his axe glanced, and, horrible to relate, it struck poor Duncan with its full force on the side of the neck, cutting through the principal artery and allowing his blood to gush out in a sickening stream. Some parties who were working in the immediate neighbourhood ran at once to the spot to render assistance, but the man never spoke, and expired in a minute or two after being struck. Deceased resided in Berlin, and leaves a wife and six children in indigent circumstances. To add, if possible, to the sad character of this affair, we may mention that Mr. Duncan has been for some time back in a delicate state of health, and is supposed to have been dying. The body of the unfortunate man was brought to Berlin for interment on Sabbath last.

Peter Cartwright, the venerable and famous Methodist itinerant, is lying at the point of death at his home in Illinois. He is eighty-seven years of age, and has been sixty-eight years in the ministry. With the single exception of Henry Boehm, he is the oldest minister of the Methodist Connection in the United States.

Mrs. Bitzer, proprietor of the Ontario Hotel, Salem, sold out to a German, for the sum of \$2,600.

Temperance Meeting.

Last Thursday night a very pleasant Temperance entertainment came off in the Town Hall, which was filled by a large and intelligent audience, who were attracted by the announcement that the celebrated Temperance lecturer Mr. S. Capper, from Manchester, England, would deliver one of his soul-stirring addresses.

Mr. Cornwall, the worthy Chief of the County Temple presided. The proceedings were opened by Miss Strange, who sang with much taste "She's fooling thee," which was heartily encored. Miss Kribs followed with a song which was admirably rendered and she was ably assisted in the chorus by Mrs. Phillips, Mr. Kribs and Mr. Bish.

Mr. Capper was then introduced and delivered his lecture—subject, "Beware of Dogs." He drew a somewhat original comparison between the different kinds of dogs and the different kinds of strong drink. He then went on to speak of mad dogs and the precautions the public took to have them destroyed, and for fear of other dogs going the same way to have them muzzled. The two were very happy in his hints. He is followed with a keen sense of the humor, and his wit was often keen, and it was not daintily put as to be most laughable. The lecturer also possesses great dramatic power which he uses to the best advantage, and never fails to make it tell. While very effective in the humorous, he is equally so in the pathetic, and some of his anecdotes and appeals visibly affected the audience. He is also possessed of an excellent voice, and in the course of his lecture, he gave added force to his remarks by singing two or three pieces in an admirable style to Mrs. Molton's accompaniment. The lecturer after holding the close attention of the audience for an hour and a half closed by an eloquent appeal in behalf of temperance and the temperance cause, and retired amid thunders of applause.

At the close of the meeting, a vote of thanks was passed to him, on motion of Dr. Curry, seconded by Mr. Brill.

A collection was taken up at the close, and after the singing of an ode the meeting dispersed.

Mr. Capper will lecture again in Guelph in the course of three weeks.

Chalmers' Church S. S. Anniversary

The Anniversary Festival of the children attending Chalmers' Church was held on Thursday evening. The attendance of young people was very large, the centre portion of the basement being wholly occupied by them. Quite a number of the parents and others interested in the Sabbath School were also present. Mr. D. Guthrie the Superintendent, presided, and after the meeting had been opened with devotional exercises he read the annual report.

The report refers with pleasure to the fact that notwithstanding the great prostration of the School in former years the statistics for 1871 exhibit a growth and advancement in every department. The number on the roll on the 1st of January, 1872, was boys 73, girls 98, total 176, which shows a satisfactory increase on the attendance in the past year. There has also been an increase in the average attendance, and considering the amount of sickness which prevailed during the former months of the year, this shows an improvement in the actual attendance of scholars on a roll greater than the mere figures would indicate. The average attendance during the past year was boys 57, girls 115. The number of new scholars received during the year was 63. The number removed from the roll, including those who left the town, joined the Bible class, and two removed by death was 21. A number of classes were formed during the year. The missionary contributions have reached the handsome sum of \$81.34. The efforts of the children in this respect are most gratifying to the teachers, as they must be to all connected with the Church. An addition of 99 new books was made to the library, making the total number of volumes 478. The report concludes by an acknowledgement on the part of the teachers of the continued interest and liberality of the congregation towards the Sabbath School. While they cannot expect a very great increase in the number of scholars in any year in the future, the Superintendent and Teachers by no means intend to rest satisfied with what has already been accomplished. They will continue to labour, and a confidently look forward not only to the continuance of a sure and steady progress in the School, but to improvement in every department of the work. Believing and knowing the great value of their labours, they are resolved in God's strength to go forward, looking for and trusting in the Divine blessing through Jesus Christ our Lord.

The Treasurer's report shows that the receipts, including proceeds of tea meetings, for the past year were \$128.40, and the expenditure \$138.26; Missionary contributions \$81.34.

The reports were adopted, and the apportionment of the funds collected during the year was then made, the respective movers and seconders doing it in a style worthy their superiors. Masters Hunter and Cossitt, moved and seconded that \$10 be devoted to the educational support of Joseph Ranger at the P. C. Mission school at Point aux Trembles, being the third and last contribution from the Sabbath School required for that purpose. Masters John Gow and Forbes, moved and seconded that \$21.38 be appropriated to Knox College, Toronto. Both motions were agreed to. \$2 had previously been allotted to the China Mission under the Rev. Mr. McKay, the Canada Presbyterian Church Missionary. Short and interesting addresses were delivered during the evening by the pastor Rev. Mr. Wardrop, Mr. Guthrie, Mr. McIntosh, deputy-Superintendent, and Messrs. Kennedy and Brookling. THIS MORNING'S DESPATCHES

PRESIDENT GRANT'S LEVEE.

THE MEXICAN REVOLUTION.

THE WASHINGTON TREATY.

BALLOT BILL IN ENGLAND.

Washington, Feb. 15.—The President's last levee of the season was held this evening, and the attendance was larger than at any held heretofore during this winter.

A report from Mexico states that two revolutionary vessels captured a Government bark with a battalion of federals on board. The revolutionists have captured Anas Calientes. The Juarezites say that President Grant must accept promptly if he intends to help Juarez. The number of revolutionists in the field is estimated at thirty thousand, the largest force ever in arms. The Government are nevertheless holding out, and the plan is proposed for Juarez to resign and permit Mejia, his Minister of War, to assume the Presidency.

Paris, Feb. 15.—It is reported here on Government authority that the United States will not waive their claims on England for indirect damages, but may be induced to moderate them. Hon. Charles Francis Adams, American member of the Geneva Tribunal, will return to Europe in May. The *Journal des Debats*, coming out on the controversy over the Alabama claims, declares that England and America are both wrong, and fears that atracted misunderstandings may lead to a rupture.

London, Feb. 15.—In the House of Commons last night the Ballot Bill passed its second reading by a vote of 159 against 51. The House of Lords were engaged in a long and bitter debate on a motion made by the Marquis of Salisbury to censure the Government for the Collier's appointment. The motion was rejected by a vote of 89 to 87.

Douglas Correspondence.

BURGLARY.—Last Thursday night the house of Mr. Hawkins Bilton, on the 6th line of Garrafra, was broken open and \$300 stolen. Mr. Bilton was absent at the time. Having gone out in the evening, he thought there would be no danger of the money which he left in his pants pocket, hanging on the wall. But upon returning about 8 o'clock he found that the door had been broken open, and the money stolen. Such a crime is so unusual in this locality that the greatest indignation is felt against the guilty party, and it is rumored that the Council have offered a reward of \$50 for his apprehension. Whether that be true or not, the public feeling is strong enough to justify their representatives in making a unanimous vote. The Late Bazaar.

DEAR SIR: The concert held in the Town Hall on the evening of Tuesday last, although a great success, I regret to say disappointed a number of Scotch gentlemen who attended to aid in the good object as well as to enjoy the music of the Highland Piper who accompanied the musicians present.

In justice to those directing the programme of the evening, I will exonerate them from anything intentional in not having afforded an opportunity to Mr. O'Kain Cameron to add to the evening's entertainment with his Bag Pipes, but rather attribute it to the want of time to have made more complete arrangements. As a Scotchman I feel that we have lost a treat as it is seldom we are favored with such a thorough musician as the gentleman referred to.

Yours truly,
A HIGHLANDER.

Guelph, Feb. 15, 1872.

Mr. O'Kain Cameron, the piper referred to, we learn was born in Glangary, Ont., and is descended from one of the families that early emigrated to that country. Those enjoying the pleasure of his acquaintance entertain a high opinion as to his character and at the same time rank him among the best Highland Pipers in the Dominion, consequently we agree that the admirers of that music lost a treat in not having heard him. He was selected to play at Belleville last Summer on the occasion of the opening of the Asylum erected there by the Government, and accomplished the extraordinary feat so much admired by the large audience present, of playing the pipes on the top of the cupola of the immense edifice, 130 feet from the ground, and standing on two small wedges.

The Earl of Mayo.

Right Hon. Richard Southwell Bourke, eldest son of the fifth Earl of Mayo, and known prominently in public life, before he succeeded to the earldom, as Lord Naas, was born in Dublin, Feb. 1st 1822. He was educated at Trinity College, and at the close of his studies travelled extensively in the northern countries of Europe, published an account of his impressions in 1845, under the title of *A. P. C.burgh and Moscow*. In 1847 he was elected to the House of Commons as M. P. for Kildare in the Conservative list. During the administration of the late Earl Derby, Lord Naas was known as an earnest supporter of the Government, and in 1852 was made Chief Secretary for Ireland and a member of the Privy Council. The same year his father, the Earl of Mayo, was elected a Representative Peer of Ireland, and the name Bourke was dropped from the patronymic. From 1852 till 1857 he represented Coleraine in Parliament, when he was returned one of the members for Cokermonth. In 1858-9 during the second administration of the Earl of Derby, Lord Naas again filled the office of Chief Secretary for Ireland, with a seat in the Cabinet. On the death of his father, in 1867, he succeeded to the earldom, and in 1868 he was appointed Governor-General of India, which position he filled at the time of his death. Lord Naas was married in 1848 to a daughter of Lord L. Anfield.
