

"I like best that green medicine" and the "green medicine" was Zam-Buk. The poor native had been suffering for months with a terribly ulcerated leg. Every remedy the missionary could try had been tried in vain; and until the arrival of Zam-Buk the native had to go on suffering. When Zam-Buk arrived, the sore was treated, and in a few days began to heal. Zam-Buk finally worked a complete cure, and the missionary communicated with the proprietors, and told them of the incident, quoting the native's own words.

PROOFS OF ZAM-BUK'S HEALING POWERS.

Mrs. S. Crooks, of 468 Pacific Ave., Winnipeg, says:—"A year ago I contracted eczems, which spread over my neck and ears. Doctor's lotions and ointments were given a fair trial, yet I found no relief until Zam-Buk was used. The pain and irritation were acute, and it was quite impossible to turn my head the least when the disease was at its worst, on account of the soreness and stiffness.

"Zam-Buk, after several applications, relieved all this stiffness and soreness; banished the pains, and gradually healed the sores. A month ago I was also cured of a bad attack of bleeding piles through the efficacy of Zam-Buk. Part of a box was: "that was necessary to relieve and permanently cure. I would advise other" ... to suffer in like manner, to try Zam-Buk."

BAD BURNS AND RINGWORM HEALED.

I wis Best, Carlisle P.O., says:—"My little daughter fell against the e and burned her forehead very badly. The burn was about the size of a piece and was very deep. It made the child's eye swell until it was almost it, and then she got cold in the sore. It began to run matter very badly, and could not stop it, although I bathed it well night and morning. At last I sent some Zam-Buk, and one application stopped the discharge. I continued the balm, and it very quickly healed the burn. Indeed, I have never seen ourn heal so quickly, and I am sure I shall always keep a box of Zam-Buk on and in case of emergencies."

Mrs. W. G. Evans, of McLean, Sask., writes:—"My two little daughters ad ringworm badly, around their eyes and on their hands. We tried several indeed of continents, which did very little good. Finally, we procured a box of Zam-Buk, and after using it for about two weeks, the ringworm was entirely healed."

Much Discussion Upon Some of the Decision That Were Made

FAVORABLE EXPRESSIONS FROM PROMINENT PEOPLE

Everybody is Very Enthusiastic Over the Big Event

The after effect of the Calgary Indoor Horse Show on the citizens of zens who know and love a horse, is that the whole show, each class and the merits of the different horses shown and the decisions of the judges, are being threshed out over again and again.

This is probably where a show of

this description becomes of great educational value to the people of this country. It creates a general in-terest in the horse and one hears on every hand people speaking of the merits or demerits of the horses they see on the street where one week ago the finest bred horse in this country would create no more than a passing

One decision of Judge Lawson's which has caused much discussion was that of giving the championship for saddle horses to the Lowes' entry

Time and again the remark has been made that "Cadet" is not a type of saddle horse suitable for this country, that he is not a saddle horse to begin But there is one question that caps the whole discussion. One old timer, a man who has bred some of the finest horses in this country sprang it upon another horse-breeder.
"Bob what is a saddle horse?" And
though Bob laid down the law at considerable length he was no nearer the solution than when he commenced. "Cadet" is one of the finest types of New York park saddle horses that one could see in any show on this continent and a horse that would take a place in any such show, but he is far from the type of saddle horse suitable for this western country at the present time. Undoubtedly that time ome but Calgary is a long way from t at this juncture.

Lawson's decision was not encouraging to the breeders of saddle horses in this country, for "Cadet" is a type they fight shy of, but at that "Cadet" has the correct points that go to make up the saddle horse as laid down by our friend "Hoyle" and Lawson had no other course than to make this de-

Peculiar things happen in the decase a horse won several prizes and a eserve championship, and that same horse with the same judge officiating was thrown out of the class at the show held in connection with the Provincial Fair last year on account o deformity.

Another animal that was shown had to be taken to the rink with great care, the forefeet were all shot to pieces and the horse was unsound, but that same horse was awarded several places. There is no doubt that Lawhas officiated here, and when one con-siders the thousand and one points that he has to consider is it remarkable that any man should overlook one or two in certain cases?

Several horses were sold as a result of the show and all brought fancy figures which goes to show that it is worth while to expend time and money on fitting the horses up for the show, Count G. de Roaldes sold "Stoney," the champion hunter for \$800 to an Ed-monton man and also disposed of Bayard at a fancy figure.

W. E. Butler, Ingersoll, Ont., sold his

thoroughbred Irish hunter stallion
"Pride of Erin" to Count G. de Roaldes for the sum of \$2,000.
This is a beautifully built three-

year-old chestnut stallion, standing 16 hands, and has fine bone. It took the championship for the best thorough-bred stallion best calculated to produce hunters and it is one of the finest thoroughbred stallions that has

been brought into this country.

J. R. Thompson sold the winning team of ponies in the light horses class to Mrs. F. R. Harcourt of Calgary.

The greatest attraction of the indoor performances of the show were the jumping events. They always created great interest and without an exception the competitions were very

Was Weak and Nervous.

Mr. Paul Poull,
Cascapedia, Que,
writes.—"About
Stop Beating. writes.—"About
five years ago I
gave up all hope of
getting better of
heart trouble. I
would nearly choke, and then my heart
would stop beating. I could not lie on
my left side, and became so nervous and
weak I could not work. A friend told me
to try Milburn's Heart and Nerve Pills,
and before the first box was taken I was
almost well, and the second box completed the cure. I have advised many
others to try them, and they have all been
cured of the same trouble. I have offered
to pay for a box for anybody they do
not cure."

Milburn's Heart and Nerve Pills are a specific for all diseases or disorders arising from the heart or nerve system. They make the weak heart strong and the shek)

We are forced out of business. Circumstances compel us to close out our entire stock of merchandise. We have been enjoying a prosperous business here in the city of Calgary and while it is our greatest ambition to continue to do business in this city, we find that it is absolutely impossible to retain our present location. We must sell every dollar's worth of merchandise and fixtures in our store by June 1st of this year. We will distribute our entire stock among the bargain seekers of this city.

GOOD-BYE To Calgary

The first day of June we will say goodbye to the city of Calgary. There will be no more Western Clothing Co. as we find it impossible to secure a store room in which to do business. We have tried every possible means to secure another room and have done all in our power to retain our present location, but we are beaten on all sides. Owing to the above stated facts, we are forced to close out our stock of Men's Clothing, Shoes, Hats, Caps, Furnishings, etc. We invite the entire population of Calgary and the surrounding country to come and take advantage of the great bargains we are offering.

horses: "All classes were particularly future they will breed for weight as good that I had before me and I was well as quality and we will have a particularly struck with the fine bunch draft horse that is a draft horse of Percherons. It was the strongest class of that breed of heavy horse that I have run up against. I was agree-ably surprised all the way through,

Take Hall's Family Pits for constinuing and get an idea of the fine horses that we have in Alberta."

Premier Rutherford: "The horse show is the best I have ever seen and certainly is the best that has yet been held in the province.

Lt. Governor Bulyea: "I am very pleased with the exceptionally fine show. It is, in my estimation the standard province is a second contact that he contact is the second contact that he co

have a great man in Mr. Richardson for organizing such an affair as this. The stock itself is magnificent, and a show of this nature does a whole lot of good for the horse breeding industry in this country. The breeder comes here and gets educated up to the types that are required. Calgary is the tendency has been to go too much indeed to be congratulated on having such a splendid exhibition, especially of horses. There is one feature that I am very glad to note. This is in the judging of draft horses, the judges went more on the weight insisting that the breeder must have weight in order to take the prizes. In past years the tendency has been to go too much on quality and forget the weight consequently the type of draft horses were greatly the type of draft horses. second a splendid horse show.

H. C. Lawson, judge of thorough.
pole ponies and saddle horses: "Excellent material, excellent, indeed. The hunters were particularly fine and the competition was strong in those classes. The pole ponies I think were hardly as good a lot as those I had before me last July at your fair. The thoroughbreds were good; there were some scrubs among those shown, but the good types were in the majority.

Mr. Puffer, M. P. P., Lacombe: "It is fine. The best horse show that I have yet seen and I am awfully glad that I came here for it. Every person in the province should see this show and get an idea of the fine horses that me had a least that is caracter in the thorough the strong in the province should see this show and get an idea of the fine horses that me had a least to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh being a constitutional disease, requires a constitutional itseament.
