THE FLAGGING ENERGIES REVIVED.—Constant application to business is a rare tax upon the energies, and if there be not relaxation, lassitude and depression are sure to intervene. These come from stomachic troubles. The want of exercise brings on nervous irregularities, and the stomach ceases to assimilate food properly. In this condition, Parmenter's Vegetable Pills will be found a recuperative of rare power, restoring the organs to healthy action, dispelling depression, and reviving the flagging energies.

## METEOROLOGICAL

Toronto, June 26-8 p.m.—In Manitoba today the weather has been cooler, but no rain has fallen. In the Ottawa and St. Lawrence valleys showers have been fairly general, and in Ontario generally they have occurred in some localities. In the Maritime Provinces the weather has been fine and moderately warm. In all probability an area of high pressure will now move into the lake region from the north, and Wednesday night will be a little cooler. Minimum and maximum temperatures—Victoria, 52-70; Kamloops, 58-70; Calgary, 52-70; Prince Albert, 54-60; Qu'Appelle, 50-82; Winnipeg, 56-78; Ottawa, 52-78; Montreal, 54-74; Quebec, 44-62; Halifax, 52-76. Local temperatures—Highest, 69 degrees; lowest, 50 degrees.

Today (Wednesday) the sun rose at 4:37 a.m. and sets at 8:03 p.m. The moon rose at 5:14 a.m. and sets at 8:29 p.m.

## GOOD ROADS

The Coming International Good Roads Congress at Port Huron.

The agitation in favor of good roads has already accomplished a great deal towards improving the condition of highways, but much more yet remains to be done in this direction. An international good roads congress will be held at Port Huron, Mich., a convenient point for a gathering of the kind, lasting four days, commencing on the 2nd of July. It is being actively promoted by the office of public road inquiries, Washington, a branch of the United States department of agriculture, and many prominent Americans are energetically working for its success. The signers of the call include Andrew Patullo, M.P.P., president of the Ontario Good Roads Association, and A. W. Campbell, provincial road commissioner for Ontario; state and local road improvement societies, boards of trade, farmers' institutes, wheelmen's leagues and other organizations have been invited to send delegates, and a very large representation is expected. In addition to the discussions of the congress, practical topics bearing upon road-making and the best means of arousing public interest in the subject, there will be a series of entertainments of an appropriate character, including bicycle races, automobile tests, and a parade of horse-drawn carriages, and members of the L. A. W. One mile of macadam road, for which the people of Port Huron have subscribed the funds, will be built during the sittings of the congress, under the supervision of Mr. R. G. Harrison, road expert, who will explain the technical details of the process to the delegates. The congress may be expected to be a good fruit in educating the public as to the necessity of a great improvement in our highways.

## Conservatory Recital.

The second of the closing recitals of the Conservatory of Music was held last night, and attracted an audience that completely taxed to the full the capacity of the recital hall of the Conservatory. The programme was wonderfully well planned, and was well executed by the pupils of Miss Steele, A.L.C.M., and the vocal pupils of Miss B. Brown. All acquitted themselves creditably and amply sustained the high reputation of their instructress and the Conservatory. Those worthy of special mention were Miss Boake, Miss Campbell, Miss Reid and the Misses Dearness, while the closing duet by Mr. Brown and Miss Steele was a genuine treat. All three vocalists rendered their numbers in excellent form. The programme follows: "Dorothy" (Smith), Miss Kathleen Brodick; "The Mill" (Jensen), Miss Beatrice Hobbs;

## LARGELY ATTENDED

Successful Closing Exercises of the Sacred Heart Convent—Presentation of Prizes.

The closing exercises of the pupils of the Sacred Heart Convent, which were held yesterday afternoon, were attended by a large number of the students' friends and many clergymen. Among the latter were Bishop McEvay; Vicar-General Girard, of St. Thomas; Rev. Fathers Brady, of Windsor; Traher, Aylward, McCann, Reach, C. S. B., of Assumption College, Sandwich; Boubat, Ridgetown; McKeon, Strathroy; Noonan, Blidulph; Ladouceur, Sarnia, and Waters, of Detroit.

After dinner had been served to the clergy by the ladies of the convent, a programme of musical numbers was introduced. Their rendition was exceedingly enjoyable. A solo and chorus, the former being sung by Miss McCrae, of Glencoe, was particularly enjoyable. One of the most pleasing parts of the programme was a dialogue by the little children.

The prizes for the successful students were presented by the bishop. Among them was one of his own gifts, a beautiful gold-mounted rosary. A gold medal for arithmetic was presented to Miss Coughlin by Rev. Father Aylward. While giving the prizes, his lordship spoke encouragingly to the pupils and commended those who had been successful.

## Three points that Count high in the Massey-Harris.

Strength—Beauty—Easy running—not one of them but there's abundance of evidence—by tests, experiments and comparisons—to prove Massey-Harris all they're claimed to be—the highest of the high-grade wheels. By comparison with American wheels purchased by the New South Wales Government, as with Massey-Harris purchased by the Victorian Government, each for the same work, the Cycle Postal Departments—it cost TWENTY times more to repair the American wheels than the Massey-Harris. For their beauty you have the almost universal opinion of riders generally, ladies and gentlemen. For ease in running, their very mechanism is a guarantee of it, developed to the highest degree of perfection by the most skilled experts, having at their disposal the most improved appliances known in the world of mechanics—every detail of making fitted with the accuracy of a watch and warranted to stay so.

## BRIGHT'S DISEASE.

Doan's Kidney Pills Rescue an Ottawa Lady From the Clutches of This Deadly Malady.

Bright's disease has always been considered incurable until Doan's Kidney Pills proved in case after case that it could be relied on to cure this deadly malady.

No other medicine can show such a record of cures of severe kidney diseases as these pills, and none has been so shamelessly imitated by unscrupulous manufacturers.

But people who want to be cured of their kidney ailments, promptly and completely, always insist on Doan's Kidney Pills, the kind that cured Miss Dell C. Guertin, 108 Stanley Avenue, Ottawa, Ont.

Read her statement: "I have been in very poor health for the past two years previous to taking your pills."

"I suffered so much at times that I thought there could possibly be no cure for me, and I was greatly discouraged. I was unable to work and the pains were so severe that I thought I would be better dead; my appetite was poor and I could not sleep. Several physicians here said I had Bright's disease of the kidneys, and there was no hope for me."

"Doan's Kidney Pills, however, have given me a new lease of life. I am now able to work without fatigue, and have no pain. My appetite is splendid and I enjoy sound refreshing sleep."

"Many people here know of my wonderful restoration to health, and consider it a miracle. May great success go with Doan's Kidney Pills in their good work."

(Signed) "DELL C. GUERTIN."
