The WEAK, The DISEASED

Made Strong and DR. RADWAY'S Sarsaparillian Resolvent. Every drop of the Sarsaparillian Resolvent communicates through the blood, sweat, urine and other fluids and juices of the system the vigor of life; for it repairs the wastes of the body with new and sound material. Scrofula, consumption, syphillis, uncured and badly treated venereal in its many forms (send 10c for illustrated book "Radway on Venereal") glandular diseases, ulcers in the throat, mouth, tumors, nodes in the glands and other parts of the system, sore eyes, strumous discharges from the ears, andthe worst forms of skin diseases, eruptions, fever sores, scald head, ringworm, sait rheum, erysipelas, acne, black spots in the flesh, tumors, cancerous growths, female complaints, and all weakening and painful discharges, night sweats, nocturnal losses and all weakening and painful discharges, night sweats, nocturnal losses and all weakening and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them. If the patient, daily becoming reduced by wastes and decomposition that are continually progressing, succeeds in arresting these wastes and repairs the same with new material made from healthy by wastes and decomposition that are continually progressing, succeeds in artesting these wastes and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain, for when once the remedy commences its work of purification and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving and flesh and weight increasing.

SCROFULA FROM BIRTH. Dr. Radway: Dear Sir,—It is with pleasure I take my pen in hand to inform you of the great cure effected by your medicine called Sarsaparillian Resolvent. I have a girl three years old last September, who has suffered with scrofula ever since she was two years old. In fact, the doctor told us she was born with it. We had our best local doctors with her, and it seemed like all hope was gone, for they told us if the disease settled on her lungs she could not be cured. This frightful disease seated or seized upon her lungs severely. I began to think that our little girl could not live very long, our physician's medicine doing no good. In the meantime I received a copy of your meancal publication called "False and True," which you sent me. After seeing the account of so many cures effected by your treatments. I at once resorted to them, and by the time she had used by your treatments, I at once resorted to them, and by the time she had used one bottle she was almost well. The ulcers that were making their appearance on her body are entirely gone, her lungs are almost healed, or, at least, she has quit coughing. She has begun on a second bottle, and I believe by the time she uses all of it she will be well. She had a very bad cough. I am yours with respect,

SAMUEL S. BARKER, Flat Top, Mercer County, W. Va.

" LIFE A BURDEN." Dr. Radway: Dear Sir,—For a long time past I have been suffering in the most distressing manner from a long train of symptoms which have baffled the skill of all the medical men down here, and which I feared, if not arrested in their progress, would terminate in the total prostration of my strength. Loss of appetite and desire of stimulation and artificial means of sustenance at irregular times, want of healthy sleep and consequent depression on arising in the morning, rendered life quite a burden to me until a friend induced me to try your readicing. So I got a bottle of Radway's Sarsanarillian and a box of Prodynovice. medicine. So I got a bottle of Radway's Sarsaparillian and a box of Radway's Pills, and took them according to directions. I soon got relief. I got three boxes and three bottles more, and am in better health than ever before. I remain, your humble servant,

ARTHUR D. WRIGHT, Unionville, Mich.

THE MOST ECONOMICAL! THE BEST! One bottle contains more of the active principle of medicine than any other preparation. Taken in teaspoonful doses, while others require five or six times as much. Sold by druggists. Price \$1. Send to DR. RADWAY & CO., No. 7 St. Helen Street, Montreal, for Book of

CANADA IS WIDE AWAKE

Country's Progress Viewed From an American Standpoint.

Her Prosperity Inviting Many Americans to Cross the Line.

Providence, R. I., Nov. 10. - The Journal says: During the week ended Oct. 25, the clearings in New England increased 2 per cent, in the middle states. 23 per cent, in the mid-west. 4 states, 23 per cent, in the mid-west, 4 bodies stolen in order that warrants might be sworn out. At the Anderson the southwest 6 per cent, and in the Pacific states 13 per cent. The comparison is with the corresponding week a year ago. The gain in the clearings of Canada for the same week this year reached 40 per cent. This astonishing and her daughter as among those he increase comes to the attention of our had robbed. Cantrell said he stole the people at a time when the consideraon of Canada's progress is forced on her husband, and paid him half of the their minds by a variety of facts, in-cluding plenty of statistical data. Canada's prosperity has been quite as marked in bank clearings during the said he was at the grave the night last six or seven years as that of the United States. At present it is the more clearly indicated by that cri-

It is said that fully 40,000,000 acres of wheat lands are awaiting occupancy north of our own boundary. Last Welland Merchant Tells How Dodd's amputate the leg at the knee. He did year but 3,000,000 acres yielded harvests. From this small acreage 60,000,-000 bushels of spring wheat were secured, of which the most is for export. When the whole arable expanse is cultivated, Canada will produce an enormous quantity of this grain, and the time is not distant when at least a third of the area will be covered with farms. This is the principal source of Canada's wealth, but it is not the only very promising one. The country is gradually mining its own soft coal, it possesses iron mines which are continuation of the ranges in our own northwest, its copper, silver and gold must reckoned with, and the measure of its capacity for shipments of pota-toes and fruits, dairy products and lumber, fisheries and food animals, has not yet been taken. Considering these facts, one must prepare for the accumulation of Canada's wealth and power on a grand scale. If it invites thousands of our citizens across the line, those who know best the character

Skin on Fire With Eczema

Mr. McDougall Was for Twelve Years a Dreadful Sufferer-Now Proclaims the Virtues of

Dr. Chase's Ointment.

Eczema's itch is torture, the skin seems on fire, with burning, sting-ing humor; at times it becomes almost unbearable, and in desperation you could tear the skin to pieces. You dare exercise for fear of aggravating the Mching, neither can you sleep, for no sooner does the body become warm than the trouble begins, and instead of restful, refreshing sleep, it is scratch, scratch, scratch all night long. There is scarcely a moment's respite from this maddening malady at any time. Of course, you have tried nearly all the washes, salves, lotions and medicated soaps, but like thousands of others been disappointed and disgusted.

Mrs. James Bradley, Amberley, Huron County, Ont., states: "I was afflicted with eczema for over six months, and it was so bad that my head was a colid mass of scabs, and would ulcerate when scratched. The itching was intense. I could not stand it. I had doctored for four months, and it did not do me any good. I had to give up housework and go home to my mother. I tried nearly everything, but could get no relief. Seeing your advertisement in one of the Toronto papers, I decided to try Dr. Chase's Ointment.

I got relief from the first applica-Hon, and it only required one box and part of another to cure me. I am sure that Dr. Chase's Ointment is worth its

weight in gold. You may be skeptical regarding the ability of Dr. Chase's Ointment to cure you. Most people are, after trying vain to get relief from a host of medies, but Dr. Chase's Ointment will not disappoint you. You will be surprised at the marvelous control which it has over all itching, burning demmation of the skin and the wonderful healing powers which it posesses. It takes time to thoroughly cure eczema, but Dr. Chase's Ointment will do it. You will find relief after a few applications, and gradually and naturally the cure will follow. Besides being a positive cure for eczema, Dr. Chase's Ointment comes useful in a hundred ways in every home for every form of skin irritation and eruption, chapped skin and chilblains. 60 India, loaded with licorice root, was cents a box at all dealers, or Edmansen, Bates & Co., Toronto.

The British Steamer Conway, from India, loaded with licorice root, was saved by the timely arrival of the Philadelphia fire boat Ashbridge.

DISASTROUS FIRE

sons Injured in a Railway Collision.

Indianapolis, Ind., Nov. 10. - In a collision between a freight train and a work train on the Cincinnati, Hamilton and Dayton Railroad, near here, Saturday, two men were killed and seven were injured. One of the injured The dead are: John Veach, of Indianapolis, and Bud Fox, of Mon-

KILLED WHILE EATING LUNCH. Shenandoah, Pa., Nov. 10. — Martin Yanis and Enoch Sisavage, mine laborers, were killed by a fall of coal at Cambridge colliery. They were sitting in the gangway eating a lunch ed at the Hink home. from their dinner pails, when the fall occurred. Both died instantly.

DEADLY SHOWER OF ROCKS. New York, Nov. 10. — One man was killed and one fatally hurt by a shower of rocks which fell from a bucket on a movable crane at the rear of the Italian laborers, who were at work on an excavation. The crane signal man and held by the coroner's jury in \$1,-

JUMPED FROM BROOKLYN

BRIDGE. New York, Nov. 10. - An unidentified man killed himself by jumping off the Brooklyn bridge into the East River on Saturday. Many passers-by saw him suddenly climb the high railing and throw himself down head fore-most. He appeared to be about 25 Forty Bodies Were Taken From One years of age and he acted strangely just before he leaped.

FATAL COLLISION. Cleveland, O., Nov. 10. - A special Indianapois, Ind., Nov. 10.—Rufus Cantrell and John McEndree, leaders of the gangs of ghouls, pointed out befrom Maysville, Ohio, says that the Big Four special train, carrying 125 bankers from this city and all points tween 30 and 40 graves which they said were robbed by them, to detectives on Saturday. The ghouls were in Northern Ohio en route to New Orleans collided head-on with a freight train five miles south of Marysville this afternoon. A railroad man, riding on the baggage car immediately back of the tender, was crushed to death. None of the passengers were hurt. A brakeman on the bankers' special, who was in the rear of Col. tives that about 40 graves in the place Myron T. Herrick's car, was thrown seven feet and knocked senseless. FOOTBALL PLAYER FATALLY

HURT. Andover, Mass., Nov. 10. - John A Collins, a student of Princeton, and captain of the Andover eleven of 1899, had his foot cut off by a freight train and died after undergoing an operation at the Lawrence City Hospital. Col-lins came here to attend the Andover-Exeter game, and went to Lawrence Friday night to a dance. He started to walk back from South Lawrence early in the morning, when he was struck by a freight train and his foot nearly cut off. It was thought best to not rally from the operation. Collins played two years on the Andover eleven, and at Princeton the first of this season until injuries forced his

retirement. TERRIFIC EXPLOSION. New York, Nov. 10 .- Two men were cilled and one of the pumping stations of the city's water supply system in Queensborough was totally destroyed yesterday by the explosion of one of two big boilers which furnished power for the pumps. Those killed were William Dihoy, the engineer of the plant, and James Nelson, the fireman. The building was ripped to pieces. Bricks from it flew a distance of a thousand feet or more while the boiler, which exploded was hurled 200 feet from its head. The other boiler, which was not in use at the time, was lifted from its foundations and thrown 100 feet in the other direction. The body of the engineer was hurled about 150 feet from a spot where he is supposed to have been standing. New York, Nov. 10.—Two men lost their lives and two boys narrowly escaped a similar fate in a fire which communicated with the subway to the mailing and press rooms in the cellar of the New York Times building Saturday afternoon. The dead are: John Daly and William McCormack. The company and railroad officials say every effort is being made to supply two boys were partially suffocated, and are now in the hospital. The men and boys were overcome by smoke in a small room used for mailing purthat only half enough is reaching here poses in the front of the cellar close to where the fire started. The fire orto supply the demand—that is New York is receiving five per cent of the iginated in the explosion of a gasooutput against theoretical requireline lamp burning on one side of a wooden partition separating the Rapid ments of ten per cent.
Retail dealers who announced the

of smoke, which filled the cellar and rolled up the elevator shafts. The fire was extinguished in 15 minutes. The damage was slight. Nashville Opera House Burned. Nashville, Tenn., Nov. 10 .- Fire Sat-Knoxville, Tenn., Nov. 9.—This city was in total darkness last night, and half of the street cars were taken off, as the urday morning completely gutted the opera house, one of Nashville's leading playhouses. The loss is estimated at \$50,000. Less than a year ago the Vendome, another of Nashville's thea-

ignited. This gave forth dense floods

ters, was burned. Ficeing for Safety.

Atlanta, Ga., Nov. 10.—A special from Guadalajara, Mexico, says: "A violent eruption of Colima Volcano is threatened, and the people living in the valleys at the base of the mountain are fleeing to Manzanillo and other points. A dense volume of smoke has been pouring from the crater for several days, and during the last 48 hours deep rumbling and sharp reports have come from the interior of the volcano. It is reported that an order has been issued to suspend construction temporarily on the Colima extension of the Mexican Cen-tral Railway, as the native laborers cannot be induced to work so near the

volcano." Phonograph at a Funeral. Leavenworth, Kan., Nov. 10. - Rev. Samuel Pearson, pastor of the First Congregational Church of this eity, used a phonograph to supply the music at the funeral of Daniel P. Williams, an old resident. that no choir had been provided for the services, he took the machine Point, in the southern section of this city, were destroyed by fire today. The combined loss is estimated at \$150,000. The burned district covers an area of about three along to the church, where it rendered "The Holy City," and "Jesus, as Thou Wilt." Though somewhat surprised, the relatives and friends of the decedent seemed entirely satisfied. The pastor seemed greatly pleased with the innovation, and said he was in favor of the use of the phonograph for sacred music in sick rooms.

Two Men Killed in the Times | The Desperate Deed Was Done in Self-Defense.

MANY BANKERS ARE IN PERIL MARSHAL SHOT BY A FARMER

Two Lives Lost and Seven Per- A Buffalo Doctor Charged With Manslaughter-Foreman Shot by a Miner.

> Binghamton, N. Y., Nov. 9. - Mrs. Enoch Hink shot and killed her husband at their home about three miles above Port Dickinson this morning about 4 o'clock. The act was done in self-defense, Hink at the time being engaged in a murderous assault on his wife with an open clasp knife. Hink was 53 years old; his wife is 40. They have been married 23 years. For some time Hink has been jealous of a

KILLED THE FOREMAN. Wilkesbarre, Pa., Nov. 10. - Dennis Doris, foreman at the Susquehanna Coal Company's mines at Glen Lyon, this county, was fatally shot on Sat-urday by a miner, J. C. Hennessy. Hennessy made application for work Tombs prison. Both the victims are to Foreman Doris and the latter refused him a place. This angered Hennessy and he drew a revolver and bebucket fastener were arrested gan firing. Doris cannot recover.

THROWN IN THE RIVER. New York, Nov. 10 .- Papers found on the body of a man apparently murdered and thrown into the Hudson River at Newburg, have led the coroner to believe that the victim's name is Bernard Murphy. The papers indicated that he had been a member of the army and had resided formerly at Greenwich., S. C. DOCTOR HELD FOR MAN-

SLAUGHTER. Rochester, N. Y., Nov. 10 .- The grand jury on Saturday handed down an indictment charging Dr. Leland Dorr Kent, of Buffalo with the crime of manslaughter in the first degree, in connection with the death of Miss Ethel Blanche Dingle, the nurse formerly connected with the Riverside Hospital, Buffalo, who was found dead in Whitcomb House here several weeks ago. It will be remembered that Dr. Kent was found with his throat cut, and he claims that Miss Dingle tried to murder him and then com-mitted suicide. The grand jury evidently believed the story by the police that Kent murdered the girl and then made a feeble attempt to end his own life, his nerve failing him.

TOWN MARSHAL SHOT. Independence, Ky., Nov. 10 .- Nicholas Hopperton, town marshal of this place, was shot and killed Saturday by William Rice, a farmer. Rice had come to town intoxicated and carrying a shotgun. The marshal arrested him and disarmed him, but subsequently gave him his gun, as he was about to leave town.

In a few minutes Rice returned and dared the marshal to arrest him. The marshal advanced to disarm him again, when Rice fired and mortally wounded. He, however, fired three shots at Rice, each shot striking. Hopperton died in a few minutes. Rice's wounds are said to be mortal.

Proclaimed Herself Virgin Mary. Winnipeg, Man., Nov. 10.-At Yorkton a young Doukhobor woman of attractive appearance dressed herself in white cotton with whate canvas shoes and proclaimed herself the Virgin Mary. Many of the Doukhobors believe her story and she may cause trouble if her advice shall be in the wrong direction.

"CURED AND STRONGER." "My youngest daughter was cured of very heavy cold before she had takn the second bottle, when in a weak state, and has been stronger ever since. All my family use it now with great benefit when they have colds."—

SHOE STAMINA

TT centres round the insole! Without good live leather in this, the mainstay of the shoe, there will come early ruin.

The stitching cuts, the upper spreads, the welt rips, and the shoe quickly loses its shape. When you buy shoes, the last thing you look at is the insole.

Manufacturers know this, and they also know that the first thing

you look for is fine upper leather, neat finish, and smart shape. Result-insole robbery for mere outward effect.

Of what use is fine appearance, if it wont continue under wear. But you can't hold the Makers responsible for this, -for value,

or wear, unless the Maker too fixes the retail price. He usually gives the kind of value Shoe Retailers usually want -surface value, selling effect. His market is with the Retailer.

But the Slater Shoe market, created through advertising, is with the Wearer.

Therefore, satisfaction to the Wearer is the ambition and prime necessity of the Slater Shoe System.

And such permament satisfaction depends, among other hidden things, upon an insole which costs nearly twice as much as that used in the ordinary shoe.

Goodyear Welted-\$3.50 and \$5.00.-Stamped on the soles, in a slate frame.
