WEAK WOMEN READ BELOW.

One woman in three is struggling against weakness. Are you one of the weak ones? Not exactly sick, but oh, how miserable! You discharge your daily duties, but who can measure the burden, the trial? Talk of bravery, where find a finer spirit than among half-sick women, fighting, struggling to do their duty against terrible odds—and they never give up until they drop. If you could put a drop of blood under the microscope the cause would be revealed. You would find the blood thin and watery, red cells far too few, the carrier of life very greatly reduced in vitality, and this means slow death. Ferrozene cures weakness by fortifying both appetite and digestion, and making plenty of blood. Ferrozene cures weakness by supplying nutriment and building material, by giving the body the constituents it requires for restoring tired organs. It gives vim, vigor and endurance. Ferrozene is a tissue builder. It adds force to all the vital functions—the stomach, liver, kidneys. Ferrozene gives sound sleep, sound digestion, promotes perfect removal of all the body wastes. Ferrozene makes the body glow with health. Any weak, pale or sickly woman that Ferrozene won't cure—why she must be hopeless. Wonderful power in Ferrozene, wonderful cures it makes, and this you can prove by trying it. Sold everywhere in 50c. boxes.

Cold Year, Famine Prices. Carlisle, Pa., June 29.—Jacob A. Snively, of Keedysville, possesses a pewter medal, commemorating the year 1816, when there was no summer and when everything became scarce and high in price. On the medal is a table showing the cost of various foodstuffs, showing that bread, butter, meat, barley, and ham were at rates much higher than any modern monopolies have forced on a suffering public. A loaf of bread was worth over 40 cents; barley, \$2.50 a bushel; wheat the same, and other things in proportion. The year 1816 was known throughout the United States as the coldest ever experienced by any living person.

It Rings in Your Ears. The same cough is everywhere you go, deep and hollow because consumptive. First it was catarrh which could have been cured by Catarrhoxone. Moral, never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhoxone. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhoxone is the great throat, nose and bronchial remedy today. Thousands use it, doctors prescribe it,—why, because it does relieve quickly and cure thoroughly. Two sizes, 25c and \$1.00 at all dealers.

Couldn't Deliver the Goods. St. Thomas, Ont., July 3.—Norman Lindop, of this city, answered an advertisement for a Buffalo firm, offering for sale ready-made cottages. Lindop sent \$275, but repeated queries brought no answer. He went to Buffalo and enlisted legal aid, and sent to the address, but the proprietor could not produce the cottage, and was forced to disgorge the \$275. Three stenographers were at work in the office and stacks of mail were in evidence. The business is well advertised in Canadian papers.

Steel Knife in the Flesh. That's the sensation experienced by Robert Price of Hecaton, Ont. He knew it was scintilla and of course used "Nerviline." As usual it cured and he says: "No lintment can excel Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through through the flesh. I rubbed in lots of Nerviline and was completely cured." A regular snap for Nerviline to ease Sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c bottles at all dealers.

Proper Footgear. For a clergyman—Cloth. For a tourist—Rubber. For an explorer—Arctics. For a Caucasian baby—White kid. For a negro baby—Black kid. For a milkman—Pumps. For a water—Tipped. For collector of the port—Custom made. For country lovers—Over-gate-ere. For a cheeky person—Bronze—June Bohemian.

WILSON'S FLY PADS. Every packet will kill more flies than 300 sheets of sticky paper. SOLD BY DRUGGISTS, GROCERS AND GENERAL STORES 10c. per packet, or 3 packets for 25c. will last a whole season.

LOCAL OR OTHERWISE.

If you are bothered with ants in the pantry sprinkle some cloves or salt on the shelves. EXPRESS trains are now running—at greatly reduced speed—over the new elevated track and cove bridge just west of London.

PROMINENT Liberals are looking for a general re-organization of the Dominion cabinet on the return of Sir Wilfrid Laurier.

CORCORAN—"Any improvement in the wife, Simson?" Simson—"She's gettin' on fine, sir. She was able to land me on the 'ead with a dish this mornin', thanks be to God."

ONE of our exchanges advertises a cow for sale as follows: "Full-blooded cow for sale, giving milk, three tons of hay, a lot of chickens and several stoves."

DUCKS. Like goats, will eat almost anything, such as corn, barley, beans, middlings and cut clover, all of which may be mixed with equal parts of water. Nearly all kinds of vegetables are acceptable as food, along with other more solid rations.

MR. Wilkinson, of the Children's Aid society returned on July 3rd, after visiting children at Forest and in the township of Bosanquet. He found these boys and girls in very good homes and reports their progress favorably.

STOVES which are not used in summer should be kept from rusting by the application of linseed oil. A thin coating should be thoroughly rubbed in, and the stove then covered with oil cloth. When the first fire is lighted there will be a slight smell from the oil, but to no very great extent, and the stove can be blackened as usual.

THE WORLD IS FULL OF PAINS.—The aches and pains that afflict humanity are many and constant, arising from a multitude of indistinguishable causes, but in the main owing to man's negligence in taking care of his health. Dr. Thomas' Electric Oil was the outcome of a universal cry for some specific which would speedily relieve pain, and it has filled its mission to a remarkable degree.

POOR fellow said a benevolent lady, kindly, "what has brought you to this destitute condition?" "My wife, mum." "Your wife! How is that?" "Well, you see, mum, I've found her three good jobs, and blessed if she ain't lost every one of 'em."

THE Manley triplets, born at Staples, on March 16th, are on exhibition in Detroit. There is a continuous string of people curious to see the infants, and the aunt, Mrs. Canton, is exacting a small fee for admittance to their presence, the money going towards the support of the Manley family, who are poor.

HON. Frank Oliver, minister of the interior, is having distributed to all secondary schools, colleges and public libraries in Canada, copies of the elaborate new atlas of the Dominion. The Atlas is the most complete and best publication of its kind ever produced in Canada, and will make a most valuable addition to the schools and public libraries throughout the Dominion.

Nothing looks more ugly than to see a person whose hands are covered over with warts. Why have these disfigurements on your person when a sure remover of all warts, corns, etc., can be found in Holloway's Corn Cure.

A BUSINESS man in Neodesha recently was solicited by one of his local ministers for funds for the church, remarking as he did so that he was collecting for the Lord. The business man wrote out a check for \$5, payable to "The Lord." He wondered how the minister would get the money on the check, but if he thought the minister would fail he was doomed to disappointment, for the check turned up in the regular way, with the following endorsement on the back: "The Lord, by Rev., His Agent."

WITH the exception of the paper on written reading, the papers set for the Entrance examinations were fair, and, in two cases, almost on the too easy side. The written heading was entirely up in the air and the little entrance lambs would need to grow into University graffes before they could even nibble at the leaves on this branch of their tree of knowledge.

MESSRS. C. McLEAN, John McNabb and James McLean, members of the Lambton County Council appointed to be a committee of Brooke Council, met in Alvington last week to inspect the McKellar bridge, 21 sideroad, to ascertain the county's portion, if any, towards erecting a new structure. The committee decided to grant Brooke Council 50 per cent. of the cost of same. Reeve Darvill is to be congratulated on bringing this matter to so successful an issue.

The statute which requires partnerships to register certificates, imposes a \$50 penalty for failure to obey it, and in St. Thomas, recently, some enterprising grafters concluded they would make an effort to capture a few fines. They went to the proposition and it looked like a sorry matter for the victims, but the judge, fortunately made the fines nominal, and the result was that the grafters were at more expense than the net earnings from fines amounted to. It is a lesson for favorable comment that they were treated in this way, and all who try a similar dodge should be treated as they were.

Barn Wrecked by Lightning. Millbrook July 3.—Mr. Robert Hooten, ex-Reeve of Bavan, had his barn struck by lightning, which struck the building, running along the whole hundred feet of its length, shattering posts and boards, and entering the stone wall, rendering it like so much clay. Mr. Hooten, who was in the house, ran out and found the stable on fire, but with the help of his wife succeeded in extinguishing the blaze. The wreck of the buildings is considerable, but the loss is covered by insurance.

DAIRY SUPPLIES

This promises to be another profitable year for dairymen. It is therefore wisdom on the part of those engaged in the industry to be ready when the season opens to send as much milk to the factory as possible. If you have not got everything you require for the proper care and handling of milk we are prepared to supply you with

Milk Cans, Pails, Pans, Dippers, Strainers, Creamers, Coolers, Churns, Butter Bowls, Ladles, Thermometers, etc.
