OFFICE-Fitz Randolph's NEW BUILD-

GILBERT'S LANE. - - -

Concluded from first page. they'are things that stand out like the sun mination, he handed the note to long it will be before they begin to think the banks peck measures inverted were imperial power; but I should not wonder manner of the fruit exposed to sale at they were beginning to think that also street corners in the summer. At BARRISTER-AT-LAW, CONVEZANCER,

the Emperor, to any one who knows handed out as 'new' at a temperature Practise in all the Courts. Business promptly the state of Russia and the Russian of 3000 Fahenheit. The clerk in people, have been, beyond doubt, all charge, accommodating his phrases that the Nihilist party ever hoped for, ology to the occasion, cried out loudly and, in my opinion, heeds no repctitin' on with them sovereigns; folks is can do, and that is enough for the present. As to the reprobation in which the assas-ination is held among people here, it is perfectly natural. You have never known a time in all your history constitute on such occasions the chief when political questions could not be portion of the throng, just as the peoopenly discussed and redress for injury ple who go to extremes are the halfsought by law. Discussion and law educated ones. The crowd were easily settled them sometimes, and sometimes persuaded-the proof that all was right it has not, and then both opposing was burning their fingers. parties went into the field and settled them by open war. A totally different What Foods are Most Economical? state of affairs is presented in Russia. With an advance of 20 to 100 per The Government is a personal despo-cent and more, in the price of staple tism; the Emperor is himself the sole foods, the above is now a most imporlaw-maker; he creates the law, and is tant question. Meats, flour, potatoes therefore superior to it. No matter corn-meal and milk, are the main what he does, be he the most sanguin- articles of sustenance for the great ary monster that ever sat upon a throne, to reach him by process of law (recently) with lesser amounts of some

is impossible. No way remains to other articles, are consumed; but these punish him except by violence. Now, altogether do we not judge, constitute Of the hundreds and thousands of men lbs of beef! It is cheap and abundant and women who have fallen silent everywhere, because very portable, and son the essence of this violent tyranny easily digestible, and if properly freshis by violent hands himself struck ened and cooked, it can be made palatdown. What can you say more? He able and acceptable to a very large who sheds the blood of man, by man class needing to practice economy. shall his blood be shed.'

About these outrages on the Jews. most economical foods. It is estimat-How is it, Doctor, that this despotic ed that, in a temperate climate, an average man needs, each 24 hours,

average man needs, each 24 hours, simply to sustain life without increas ing his weight, about 11½ ounces of heat producing and 4½ of flesh-forming foods. Laborers and those putting forth much exertion need most of the flesh-forming food, such as meats of all as it was once the gradarmerie of Europe, it is now afraid to put down a riot at its own doors. It argues, Jews than on the Government You containing a large amount of oil or sequen Jews than on the Government You see, the Jews in the south of Russia, where these outrages have taken

Those working hard in cold weather at once simple, certain which of bath kinds combined as place, are at odds with the need much of both kinds combined, as me peasantry, and Southern Russia is wholly agricultural. The Jews are the money-lenders, brandy shop keepers, and petty traders. Agriculture they have an aversion for. The peasantry are ignorant, simple-minded and now starch and oil and 2 per cent. of heat-producing are ignorant, simple-minded and now starch and oil and 2 per cent. The two classes of the population have formers. Beans and peas about 52 per no particular love for each other. Now, cent. of heat-producing oil and starch, when times are hard, taxes especially oppressive, and crops short, the peasMilk admirably combines fleshHatheway Line. antry get discouraged and irritated, forming curd or cheese, and the heat-They don't know what is the matter— they only know that it's hard for a kinds of cheese, including the cottage They don't know what it's hard for a they only know that it's hard for a man to live. The feeling of discontent rises and seeks some vent. The Jew ish element of the population is the nearest irritating object, and a blind violence breaks out against the Jews. In former times an outbreak would be put down by the Government just as soons as troops could be harried to the soons as troops could be harried to the food than oatmeal and milk.

There is probably no more whole as a food than oatmeal and milk.

ANNAPOLIS RAILWAL.

The Steamship "HUNTER" will leave Forsters' Wharf, Boston, every THURSDAY. p. m., for Digby and Annapolis, N. S., and will return from Annapolis every MONDAY, p. m., at 3.30 c'clock, via. Digby, making close connection with the trains of the W. & A. R. Railway for Halifax and intermediate stations. soons as troops could be harried to the spot; but now the Government is all there is probably no more whole-the time in mortal terror with the peasantry, will recognize its real oppressor and revolt; so it is very well That Umbrella, if You Please. content to see the popular rage vent itself on some other object. Neither is it going to interfere, however it may talk for effect to the world. It is too much afraid, for whenever popular discontent manifests itself be sure the

pound notes were greatly preferred to \_\_An agent for the sale of some Spring Stock for the Season to sovereigns. It is said that when there was a run upon the Bank of Eug-land in 1765 the device was resorted to dog came around the corner and took. The Best Value in the Market Offered to of paying the country people in shillings and sixpences. One acute Manchester firm painted all their premises profusely, and many dapper gentleman were deterred from approaching the counter. A story is told of Cunliff Brook's bank. When there was an impetuous and unreasoning rush for gold, Mr. Brook obtained a number of sacks of meal, opened them at the top, put a good thick layer of coin upon the contents, then placed them to the counter and took and procured a number of people as confederates, to whom they paid gold, then slipped round again to a back door and refunded it, and thus the effect of a stage aumy was produced. At another bank the Chilef Cashier himself examing the remaining for the country finding it, and thus the effect of a stage aumy was produced. At another bank the Chilef Cashier himself examing the remaining finding it, and thus the effect of a stage aumy was produced. At another bank the Chilef Cashier himself examing the remaining finding it, and thus the effect of a stage aumy was produced. At another bank the Chilef Cashier himself examing the remaining finding it, and the light the most searching the remaining finding it, and the light the most searching the remaining finding it, and the light the most searching the remaining finding it, and the light the most searching the remaining finding it, and the light the most searching the remaining finding it threaded with dark larve the country finding it, and the light the most searching the rim round the eye with all kine Chilef Cashier himself examing the rim round the eye with all kine Chilef Cashier himself examing the rim round the eye with all kine Chilef Cashier himself examing the rim round the eye with all kine Chilef Cashier himself examing the rim round the eye with all kine Chilef Cashier himself examing the rim round the eye with all kines of the life. Now they actually carried with dark larve the country that the light has the light and the learned with dark larve the country that the light larve than the country that the light of paying the country people in shil- a half a yard of cloth from the back of

be manifest to all observers. One bank procured a number of people as confederates, to whom they paid gold, then shipped round again to a back door and refunded it, and thus the effect of a stage army was produced. At another bank the United Cashier himself examinating the rime round the eye with all kinds of dirty compositions, or the bank the United Cashier himself examinating the rime round the signature, and maken bank as to forgery, there was need of the most scrupulous care.
