Plymouth Rocks.

After 7 years of breeding P. Rocks, I have obtained a strain remarkable for their laying qualities, very fine marking in plumage, yellow legs and beak. At our late show in Montreal my Rocks took 1st for cockerel, 1st and 3rd for pullet, 1st for hen, and specials for best cockerel, best pullet and best hen.

My Light Brahmas are Duke of York and Autocrat strains, a pen of each; cocks weighing eleven and a half and twelve pounds, hens from nine to 10 pounds, and scoring from 89 to 92 points.

My Chicks are splendid this year. Those sent out so far have given good satisfaction. A fine lot of show birds ready for disposal. Order early.
