

MINING REGULATIONS

To Govern the Disposal of
MINERAL LANDS OTHER THAN COAL LANDS,
1886.

THESE REGULATIONS shall be applicable to all Dominion Lands containing gold, silver, cinnabar, lead, tin, copper, petroleum, iron, or other mineral deposits of economic value, with the exception of coal.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining under the Regulations a mining location for the same, but no mining location or mining claim shall be granted until the discovery of the vein, lode, or deposit of mineral or metal within the limits of the location or claim.

QUARTZ MINING.

A location for mining, except for iron, on veins, lodes, or ledges of quartz or other rock in place, shall not exceed forty acres in area. Its length shall not be more than three times its breadth, and its surface boundary shall be four straight lines, the opposite sides of which shall be parallel, except where prior locations would prevent, in which case it may be of such a shape as may be approved of by the Superintendent of Mines.

Any person having discovered a mineral deposit may obtain a mining location therefor, in the manner set forth in the Regulations which provide for the character of the survey and the marks necessary to designate the location on the ground.

When the location has been marked conformably to the requirements of the Regulations the claimant shall, within sixty days thereafter, file with the local agent in the Dominion, Lands Office for the district, in which the location is situated, a declaration or oath setting forth the circumstances of his discovery, and describing, as nearly as may be, the locality and dimensions of the claim marked out by him as aforesaid; and shall, along with such declaration, pay to the said agent an entry fee of FIVE DOLLARS. The agent's receipt for such fee will be the claimant's authority to enter possession of the location applied for.

At any time before the expiration of FIVE years from the date of his obtaining the agent's receipt, it shall be open to the claimant to purchase the location on filing with the local agent proof that he has expended not less than FIVE HUNDRED DOLLARS in actual mining operations on the same; but the claimant is required before the expiration of each of the five years, to prove that he has performed not less than ONE HUNDRED DOLLARS' worth of labor during the year in the actual development of his claim, and at the same time obtain a renewal of his location receipt, for which he is required to pay a fee of FIVE DOLLARS.

The price to be paid for a mining location shall be at the rate of FIVE DOLLARS PER ACRE cash, and the sum of FIFTY DOLLARS extra for the survey of same.

Not more than one mining location shall be granted to any individual claimant upon the same lode or vein.

IRON.—The Minister of the Interior may grant a location for the mining of iron, not exceeding 100 acres in area, which shall be bounded by north and south, and east and west lines astronomically, and its breadth shall equal its length. Provided, that should any person making an application, in support of the purpose of mining iron thus obtain, whether in good faith or fraudulently, possession of a valuable mineral deposit other than iron, his right in such deposit shall be restricted to the area prescribed by the Regulations for other minerals, and the location shall revert to the Crown for such disposition as the Minister may direct.

The Regulations also provide for the manner in which land may be acquired for milling purposes, reduction, work, or other works incidental to mining operations.

Locations taken up prior to this date may, until the 1st of August, 1886, be re-marked and re-extended in conformity with the Regulations without payment of new fees, in cases where no existing interests would thereby be prejudicially affected.

PLACER MINING.

The Regulations laid down in respect of quartz mining shall be applicable to placer mining as far as they relate to entries, entry fees, assignments, marking of localities, agents' receipts, and generally where they can be applied.

The nature and size of placer mining claims are provided for in the Regulations, including bar, dry, bench, creek or hill diggings, and the RIGHTS AND DUTIES OF MINERS are fully set forth.

The regulations apply also to

RED-ROCK FLUMES, DRAINAGE OF MINES AND DITCHES.

The GENERAL PROVISIONS of the Regulations include the interpretation of expressions used therein, how disputes shall be heard and adjudicated upon; under what circumstances miners shall be entitled to absent themselves from their locations or diggings, etc., etc.

THE SCHEDULE OF MINING REGULATIONS.

Contain the forms to be observed in the drawing up of all documents, such as:—"Application and affidavit of discoverer of quartz mine." "Receipt for fee paid by applicant for mining location." "Receipt for fee on extension of time for purchase of a mining location." "Patent of a mining location." "Certificate of the assignment of a mining location." "Application for grant for placer mining and affidavit of applicant." "Grant for placer mining." "Certificate of the assignment of a placer mining claim." "Grant to a bed-rock Flume Company." "Grant for drainage." "Grant of right to divert water and construct ditches."

Since the publication, in 1884, of the Mining Regulation to govern the disposal of Dominion Mineral Lands, the same have been carefully and thoroughly revised with a view to ensure ample protection to the public interests and at the same time to encourage the prospector and miner in order that the mineral resources may be made valuable by development.

COPIES OF THE REGULATIONS MAY BE OBTAINED UPON APPLICATION TO THE DEPARTMENT OF THE INTERIOR.

A. M. BURGESS,
Deputy Minister of the Interior.

WORKING CLASSES ATTENTION!

We are now prepared to furnish all classes with employment at home, the whole of the time, or for their spare moments. Business new, light and profitable. Persons of either sex easily earn from 50 cents to \$5.00 per evening, and a proportional sum by devoting all their time to the business. Boys and girls earn nearly as much as men. That all who see this may send their address, and test the business, we make this offer. To such as are not well satisfied we will send one dollar to pay for the trouble of writing. Full particulars and outfit free. Address GEORGE STINSON & Co., Portland, Maine.

NAPANEE CEMENT CO'Y

Manufacturers of

HYDRAULIC CEMENT

Particularly adapted for

DAMS, ERECTION of CHIMNEYS' FOUNDATIONS, CULVERTS, CISTERNS, CELLARS, etc.

Orders Solicited.

Napanee Cement Co'y,

LIMITED

NAPANEE, ONTARIO.

WANTED

The undersigned is prepared to purchase any quantity of

RAILWAY TIES,
TELEGRAPH POLES,
FENCE POSTS,
CEDAR TIMBER and
CEDAR LUMBER.

ALSO

BLACK ASH,
RED BIRCH,
RED OAK and
BASSWOOD.

Orders Solicited for

House Building & Furnishing Goods.

The attention of Steam users is directed to our preparation of

CEDAR OIL for REMOVING SCALE and SEDIMENT from BOILERS,

lessening the quantity of fuel used, and prolonging the life of the Boiler.

The Rathbun Co'y
DESERONTO, ONT.

LUMBER DRIVER'S OALKS.

For use in Stream Driving. Made from the Best Refined Too Steel and Forged. The method used in tempering leaves every one of the same temper round or ring them stronger and more durable than any other Calks. 2 1/2 in. and 3 in. in length and 5 in. in diameter the numbers usually required. Ask for our make and take no other. See advertisement of Cant Dog.

Manufactured by

T. McAVITY & SONS, ST. JOHN, N. B.

ORONOCANT DOGS

(All steel)
The Dogs are made of the Best Cast Steel, by the drop forging process, which makes them very smooth, true and even. The point or hook is fashioned to a nice oval shape so as to catch all sizes of logs instantly, and enabling the operator easily to disengage. The picks are made also of Best Cast Steel and are of good length both inside and outside of the wood.

Our handles are made of best quality straight grained split and turned ROCK MAPLE, 6 to 8 feet in length, bored specially to suit the pick. Prices on application. See advertisement of Drivers Calks manufactured by

J. McAVITY & SONS, ST. JOHN, N. B.

GEORGE GALL

WHOLESALE and RETAIL

HARDWOOD LUMBER

MERCHANT

Car Lots sold on Commission, railway switch in to yard and plenty of room for storage. Yard corner of Stachan and Wellington Ave. Office, 9 Victoria St. Telephone Connection.

GRATEFUL-COMFORTING.

EPPS'S COCOA

BREAKFAST.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast table with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame—"Civil Service Gazette."

Made simply with boiling water or milk. Sold only in tins by Grocers, labelled thus: JAS. EPPS & Co., Homoeopathic Chemists, London, England.

SCRIBNER'S

LUMBER

AND

LOG BOOK.

Over One Million Sold. Most complete book of its kind ever published. Gives measurement of all kinds of Lumber, Logs, Planks, Scantling; cubic contents of square and round Timber; hints to lumber dealers; wood measure; speed of circular saws; care of saws; cord-wood tables; felling trees; growth of trees; land measure; wages, rent, board, interest, stave and heading bolts, etc. Standard book throughout the United States and Canada. Get the new illustrated edition of 1882. Ask your book-seller for it. Sent post-paid for 25 cents.
