

Minutes of the Presbytery of Barrie were read recommending that the salary of Rev. Allan Findlay, Superintendent of Missions in the Muskoka district, should be increased from \$1,200 to \$1,600 per annum, with travelling expenses. It was decided to refer the latter to the full meeting of the Committee in March, with a recommendation in its favour.

Rev. Dr. Robertson gave an interesting report on his visit to certain districts in British Columbia, speaking particularly of the great spiritual destitution in many parts of that field, urging upon the Committee the necessity of sending more labourers at as early a date as possible.

Rev. Dr. Warden and Rev. D. J. Macdonnell reported verbally as to their recent visit to Prince Albert, undertaken in accordance with instructions from the General Assembly. A formal report will be prepared at a future date. It was agreed to recommend that the salary of the minister at Prince Albert should be \$1,200, the Committee agreeing to pay of this sum not more than \$400.

The Committee made a large number of appointments of catechists and students to stations in Quebec, Ontario, North-West Territories and British Columbia.

Among these were the following: Rev. P. C. McLaren to Winnipeg; D. Houston to Brandon; A. Bowman to Douglas; S. Polson to Whitewater; Neil McKay to Pipestone; Isaac McDonald to McGregor; W. H. Hodlett to Glenvale; D. Findlay to Binscarth. All these are in Manitoba and North-West. Also Revs. J. McKee to Sarnia Presbytery; Norman McPhie to Thessalon; D. H. McLennan to Bruce Mines; J. W. Goodwillie to North Bay; J. A. McConnell to Chalk River; J. L. Robertson to Buck's Fall; J. B. Scott to Manitowaning; W. McKay to Lion's Head, and Rev. M. McGregor to Terhera.

## PRESBYTERIAN BOARD

## Publication and Sabbath School Work

In selecting Books for the Sabbath School Library, it is of the highest importance that only those should be chosen which contain really good and valuable reading. The task of making a Good Selection is not, however, altogether an easy one. The vast number of books of an indifferent character with which the market is flooded at the present day, renders necessary the greatest care. Many books, though they have a sort of religious odor about them, furnish no food for thought, give no upward impulse, add little or nothing to our store of knowledge. The value of a collection such as that prepared by the PRESBYTERIAN BOARD OF PUBLICATION AND SABBATH SCHOOL WORK from which to make a choice, cannot be too highly appreciated. The aim of the Board is to publish and disseminate a Christian literature in accord with Presbyterian principles. The furnishing of Sabbath Schools with a class of reading that is pure and good, as well as interesting, is one of the most important of its objects. With this end in view, a large number of new and valuable books especially suited for Sabbath School readers have been added to the list during the past few years.

The catalogue now contains the very best collection of books for circulation in Presbyterian families.

Notwithstanding the duty on books entering Canada, the prices are the same as in the United States.

A liberal discount is given to Sabbath Schools ordering for Library purposes.

Catalogues will be furnished on application. Address all orders and correspondence to

## "OUR NATIONAL FOODS."

What are they? They are the Choicest Breakfast Cereals and Hygienic Foods that are made. The *Canada Medical Journal* says: "They are treated in the light of all the scientific progress of the times."

### WHY ARE THEY BETTER THAN OTHER FOODS?

Because they are more easily digested, as the starch in them is converted into dextrine, which is the first act of digestion done before they are eaten. They are more nourishing and more palatable.

### WHAT PROOF IS THERE OF THIS?

Scores and hundreds of bona fide letters from persons who have had dyspepsia, diabetes and constipation, who have been cured by the simple use of these cereal foods, prove it. If any one is in doubt they can with pleasure test their meals by using our Desiccated Wheat.

### A NATIONAL AND INTERNATIONAL BOON.

The *Health Journal* of Canada says:—"Our National Foods" have acquired a well-deserved national and, we believe, international reputation. The preparations of The Ireland National Food Company's Desiccated Wheat and other foods are, we believe, the most digestible, nutritious Cereal Foods in the world's markets.

## Health Without Medicine—Greatest Discovery of the Age!

### WHAT DO YOU THINK OF IT?

FIRST STATEMENT. Nothing like this was ever published before. It has therefore nothing to do with drugs, patent medicine, electricity, magnetism, dietetics, or with any other pathy whatever.

SECOND STATEMENT. We can fill every page of this paper with the most positive and enthusiastic testimonials ever written by the pen of man, proving that such is the almost miraculous power of this new treatment, that it takes right hold of and cures the worst cases of Dyspepsia, Constipation, Liver Complaint, Irritability, Chills and Fever, Kidney Complaints—even Diabetes and Bright's Disease, Weak Circulation, with its resultant "cold feet," Incipient Consumption, Internal Inflammations, Piles, Rheumatism, Cholera Morbus, Headaches, all Blood and Skin Diseases, indicated by Pimples, Blotches or Yellow Spots, Nervous and General Debility, etc., etc.

### HOME TESTIMONY:

TWO SAMPLE LETTERS MUST SUFFICE—MORE ANOTHER TIME.

THE REV. COVERDALE WATSON, for the last three years Pastor of the Central Methodist Church, 1111 Street, Toronto, but now of Victoria, B.C., writes under date of Aug. 5th inst., as follows: "Dear MR. SIMPSON—Yours of the 20th July was duly received. I can only say with respect to Dr. A. WILFORD HALL'S Hygienic treatment that I regard it as a wonderful discovery, and if perseveringly used it cannot fail to be of great service. I would advise any one to get the pamphlet, begin the use of the treatment and throw medicine to the dogs. A very clever physician said to me the other day, 'Let medicine alone and get rid of the waste materials and the organs will perform their functions.' This is precisely what this treatment does."

MR. ROBERT LINN, Miller, with Messrs. McLaughlin & Moore, Bay and Esplanade Streets, Toronto, writes August 13 as follows: "To J. J. WESLEY SIMPSON—Dear Sir,—A remarkable experience prompts me to write concerning DR. HALL'S 'Health Pamphlet' purchased of you some time ago. The treatment unfolded therein, as to my mind, the greatest health discovery of the present century. It certainly has proved a great boon to me in a recent and severe attack of inflammation and hemorrhage of the kidneys, accompanied with piles of a painful character. The treatment acted like a charm in allaying the inflammation, stopping the issue of blood and causing the piles to disappear almost immediately. The rapidity with which the inflammation was arrested and healthy action restored was simply wonderful. I do not believe that any system of drug treatment in a case so critical could possibly have accomplished a cure so safely, effectively and rapidly. The treatment has also cured me of a very distressing headache, periodical in character and threatening to become obstinately chronic. The unique home treatment is simply of priceless value, and should be known and practised by everybody, however slightly out of health, as it would not only eradicate the disease from the system, but prevent much sickness and suffering and save most people many times its cost every year. I never invested \$4 to better advantage."

Yours truly, ROBERT LINN, 168 Parliament Street.

THE MICROSCOPIC ECHO, containing Portrait of Dr. Hall, history of his most remarkable discovery, with scores of letters from Ministers, Doctors, Editors, and others attesting the marvels of this wonderful Revolution will be sent FREE to any address by THE SIMPSON PUBLISHING CO., 60 ADELAIDE STREET EAST, TORONTO, CANADA.
