A large drive of saw logs belonging to McLachlin Bros., of Arnprior, Ont., is being bonned in Mud lake, to remain until next spring.

What the Wanted and For Sale Department of this paper will do for others, it will do for you. Try it when you wish to purchase or sell lumber.

It is estimated from different sources that about \$50,000,000 feet of logs have been cut during the past winter for the Prairie markets of Manitoba and the North-West.

The sympathy of the lumber trade is extended to the members of the Elk Lumber & Manufacturing Company, of Fernie, B. C., whose entire cut of last season's logs, consisting of 2,000,000 feet was totally destroyed by fire last week. Our sympathy is also extended to Handy Manufacturing Company, of Bay City, Mich., who were unfortunate enough to lose by fire, on July 24th, 5,000,000 ft. of pine lumber, their total loss amounting to \$80,000.
