**A RAILROAD THROUGH GALILEE.**

The Ottoman government has bought the English concession for a line of railroad from Haifa to Damascus. It is intended to build a railroad through Galilee to Meirib by way of Beisan, connecting at Meirib with the Damascus-Mecca line. On the 14th instant five German civil engineers, employed by the Turkish government, arrived in Haifa, and on the 15th the vail of the province of Beirut unveiled a monument in commemoration of the beginning of operations. The estimated cost of this line from Haifa to Meirib, by way of Beisan, is \$2,000,000. It is to be a narrow gauge line (about forty inches in width.) The Damascus-Mecca line has now reached a point east of the Dead Sea. In this connection Consul G. Die Ravaldt, of Beirut, states that he has reason to believe that this railway, instead of running to the Hejaz, including Medina and Mecca, will take from Ma'an a southwesterly direction straight to the Gulf of Akaba, in the Red Sea. While the line will be built for strategical purposes, it can hardly fail gradually to develop the trans-Jordan country—hitherto another Tibet—by bringing it into touch with the outside world—Bradstreets.

**MOVEMENTS OF BUSINESS MEN.**

J. E. Roberts, general manager of the Dominion of Canada Guarantee & Accident Insurance Company, of Toronto, was in Winnipeg this week.

D. C. Cameron, president of the Rat Portage Lumber Co., visited Winnipeg this week on business. Speaking of the commencement of work on the company's new mill at Norwood, Mr. Cameron said the industry would be in operation by the fall, but the mill would not be as large as in the other mill would be in operation nearly all the year round. Excavation for a log pond is almost completed and the

**WEE MACGREGOR**

BY J. J. BELL.

THE BOOK OF THE DAY.

This exquisite bit of Scotch humor has taken the press and public by storm, and bids fair to prove a second "Beside the Bonnie Briar Bush" in point of popularity and sales.

A work of art, because of its absolute reality and total lack of pretence or affectation. It would be difficult to conceive three characters more human than "Wee Macgregor," his indulgent and good-natured rather, and his cautious mother.

We have received a particularly handsome new edition of this book. 12mo in size, printed from large type on fine laid paper, and bound in red cloth, stamped with white leaf.

RETAIL PRICE, 40c. DISCOUNT TO THE TRADE.

grade is being rushed forward to connect with the main line of the C. N. R. Logs will be brought in from the company's limits on Rainy river, by Canadian Northern flat cars. The demand for lumber in the west at present was very great.

Wm. Georjenson, of Codville & Co., wholesale grocers, Winnipeg, returned this week from a trip of several weeks' duration in the east. He visited Montreal, Toronto, New York, Washington, Chicago and St. Paul. While in Montreal, Mr. Georjenson, acting for the Winnipeg board of Trade, interviewed General Manager McNicol, of the C. P. R., on the subject of transportation in the west and received his assurance that the company will spare no expense to build up the equipment here to the requisite strength, so that all traffic will be promptly handled. Mr. Georjenson also interviewed the Dominion minister of

justice on the question of insolvency legislation and the proposed Dominion act, laying the views of the Winnipeg board of trade before him. The western contention is for an act which will keep insolvent estates out of the hands of the legal fraternity, giving the creditors the right to liquidate the estate themselves. Mr. Georjenson was accompanied on this trip by M. Bull.

Senator James O'Brien, wholesale clothier, died at Montreal on May 29. He was at one time prominent in western wholesale circles, having a branch at Winnipeg. He was one of the founders of the Dominion Commercial Travellers' Association. He was a director of the Royal Victoria Life Insurance Company and the Montreal City and District Savings Bank, and was the sixth largest individual shareholder in the Bank of Montreal.
