NEAR THE DARK VALLEY.

A YOUNG GIRL RESCUED FROM AN EARLY GRAVE.

PALE, LISTLESS AND WEAK, THE VICTIM OF A HACKING COUGH, SHE WAS APPARENTLY GOING INTO A RAPID DECLINE-A CASE OF DEEP INTEREST TO EVERY MOTHER IN THE LAND.

From the Cornwall Standard.

It is now a common thing in this locality to hear people acknowledge the wonderful benefit they have derived from the use of Dr. Williams' Pink Pills, and it is not to be wondered at that the drug-gists find the sale of this remarkable medicine so large and yet constantly increasing. We could give any number of instances of splendid results following the use of Pink Pills, but so many of the use of Pink Phis, but so many of these are well known to many of our readers as to not need recapitulation. However, now and again a case of more than usual interest arises, and we will give the particulars of one of these for the benefit of the public at large. Some years ago a young girl of 14, a daughter of Mr. Leon Dore, a well known and respected resident of Cornwall, began to show serious symptoms, and caused her mother great anxiety. She was just at the critical period of her life, and medical aid was called in and everything done

www. wereiy a shadow of her former scif.

to help her. But it appeared to be useless, and week after week she continued to grow worse, until it was evident she was fast going into a decline. A hackwas last going into a decime. A macking cough set in, and the poor girl, who was formerly plump and healthy looking, with bright rosy cheeks, began to waste away, and in a few menths was merely a shadow of her former self. Her mother had about lost all hope of saving the hour wire silfs the dectors being appear. young girl's life, the doctors being apparently anable to do anything to check the ravages of the mysterious disease. At length the mother's attention was directed to Dr. Williams' Pink Pills, and she decided to give them a trial. A box was taken, and, as the girl did not show any visible signs of improvement, her mother medicine when a neighbor persuaded trial, and induced her to continue the By the time a second box was completed there was some improvement noticeable and there was joy in that small household, and no more persuasion was needed to continue the treatment. The use of the Pink Pills was then continued for some months, by which time the very picture of health, and the color in her cheeks is as bright as it was before and suffering, her recovery is little short of a miracle. Mrs. Dore freely gave the Standard reporter permission to publish an account of her daughter's illness and recovery. She said she could not find words strong enough to express the gratitude for the miraculous cure this great life saving medicine had effected in her daughter's case, and she hoped her testimony might be the means of leading others similarly afflicted to give them a trial.

After writing the above, the reporter again called on Mrs. Dore and read it to her, asking her if it was entirely correct. She replied that she would like to give even stronger expression to her appreciation of this wonderful medicine. She further said that Pink Pills had greatly helped herself. She had been suffering from the effects of an attack of la grippe, and the Pink Pills had restored her to health. Her daughter also expressed her gratitude for the extraordinary change this medicine had wrought in her health

In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood, and bring a rosy glow of health to the cheeks. These pills are a positive cure for all troubles arising from a Vitiated condition of the blood or a shattered nervous system. They are a specific for troubles poculiar to females, correcting suppressions, irregularities and all forms of weakness.

Manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N.Y., and sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50. The date of the consistory has not yet for \$2.50. May be had of all druggists or direct by mail from Dr. Williams' Medicine Company at either address.

TOM MOORE'S FIRST SWEETHEART.

Mary Duff is known only by tradition Admiration, that supreme independence, and by Moore's poem, says Edward Bok is a conqueror as well as a revealer. To in the August "Ladies' Home Journal." admire is to possess. Yet her career reads like a romance. It was in London that she was born in 1794. Her christened name was Mary Ann Dyke. When she was scarcely 15 she was known far and wide as one of the most beautiful girls of the neighborhood. Her poverty led her to adopt the stage as a profession, and she, with her two sisters, also of great beauty, became dancers at the Dublin Theater, where

their singular grace, comcliness of face and person attracted immediate atten-tion and admiration. Whenever the Dyke sisters appeared the theater would be thronged. And Mary seemed to be the favorite of the trio.

It was the fashion of the time at Kilkenny for gentlemen amateurs to give annual public performances for the benefit of the poor of the city, and it was on one of these occasions, when the assistance of professional ladies from Dublin was invoked, that Thomas Moore, the Irish poet, was introduced to Mary Dyke, and immediately found himself passionately in love with her. It was in the play, "Fortune's Frolic," that Tom Moore personated "Roughhead" and Mary Dyke "Nancy."

The Irish poet became Mary Dyke's years shadow, and after awhile he rouged

very shadow, and after awhile he poured forth his great love for her and offered her his hand and heart. But, for some reason, the beautiful Mary did not reciprocate the wealth of affection thus offered her, and she rejected him. It was this which led Moore to return to his room, and, in the midnight hour, pen his celebrated love-song, beginning "Mary, I believed thee true."

REV, FATHER STANTON'S PILGRIM-AGE,

Over Three Thousand People-A Most Successful and Long-to-be-Remembered Event.

Father Stanton's pilgrimage, under the patronage and favoured by the presence of His Grace the Archbishop of Kingston, to Ste. Anne de Beaupre, on the 30th ultimo, was one of the largest as well as one of the most privileged that have ever visited that famous shrine. No accident of any kind marred its success-a fact which speaks volumes for the management of the C. P. R., over whose lines the pilgrimage passed. There were about three thousand people, including sixty priests and the Most Reverend Dr. Cleary. Four special trains started from as many different points in Ontario, and these were supplemented by the ordinary trains from other places, which carried a considerable number bound for the same desti-nation. The scene in the church when all had gathered within its sacred precincts was beautiful and impressive in the extreme, recalling to many the best ages and characteristic assemblages of a universal faith. His Grace presided at the Grand High Mass, and preached. His sermon, appropriate to the occasion, was marked by that eloquence and unction never absent from His Grace's putthat confront even a casual visitor to Ste. Anne's, were enhanced by the special force of inspiring circumstances. His words were followed with the closest and most edifying attention.

The pilgrimage was privileged in the number and nature of its remarkable cures. There were eight notable instances. The most extraordinary was that of a young man, named Martin Doyle, of Tyendinaga, Ont. For several years he had suffered from a serious affection of the knee cap. Two years ago an operation was performed by two of the best surgeons in the province, but without any marked beneficial effect. Too poor to provide himself with any of those contrivances which human ingenuity has devised for physical deformity, he was obliged to use a wooden stump, adapted by a carpenter, to take the place of an artificial limb. By means of this, but with the stiffened leg from the knee downwards in an almost horizontal position, the poor fellow managed to move about. On Wednesday of last week, at the altar rail of the church of good Ste. Anne, having piously performed the usual devotions and kissed the venerated relic, he felt the touch of healing in the helpless limb. Unstrapping the stump from his knee and rising to his feet, he walked without aid or prop to the amaze-

ment of his tellow-pilgrims. The arrangements made for the convenience and comfort of those attending

VACATION TIME

Is at hand and is gladly welcomed by all, especially those whose duties in life have caused them to greatly run down their system to meet the requirements, physical and mental, forced upon them. With these and others, it is important, whether at home, at the seashore or in the country, that some thought be given to diet, and as further assistance to Nature, a good building-up medicine like Hood's Sarsaparilla had best be resorted to. If the digestion is poor, liver de-His Holiness is reported to intend ranged and frequent headaches seem to be the rule, Hood's will change all this and enable everyone to return to their home and business in a refreshed state of mind and bodily health.

WHAT IS

It is a most valuable preparation, restoring to gray hair its naturn color, making it soft and glossy and giving it an incomparable lustre. ROBSON'S HAIR RESTORER is far superior to rdirry hair tyes, for it does not stain the skin and is most will applied One of its most remarkable qualities is the property u possesses of preventing the falling out of the hair, promoting its growth and preserving its vitality. - Numerous and very flattering testimonials from well known PHYSICIANS and other RUBSON'S HAIR RESTORER. Lack of space allows us to reproduce only the two following:

Testimony of Dr. D. Marsol via Lavaltrie.

I have used several bottles of Robson's Hair Restorer, and I cannot so otherwise than high ty praise the merits of this excellent preparation. Owing to its use, the hair preserves its original color and in addition acquires an incomparable pliancy and lustre. What pleases me most in this Restorer is a smooth, olesginous substance, emineutly calculated to impart nourisament to the sair, preserve its vigor, and stimulate its growth, a substance which replaces the water used by the manufacturers of the greater part of the Restorers of the day from an economical point of view. This is a proof that the manufacturer of Rooson's Restorer is above all anxious to produce an article of real value, regardless of the expense necessary to attain this case. It is with pleasure that I recommend Bedson's Restorer in preference to all other pregnettions of that nature,

D. MARSOLAIS, M. D.

factionary of Dr G. Desrosiere, 5t. Feux de Valois

I know several persons who have for some years used Rosson's Hair Restorer and are very well satisfied with this preparation, which preserves the original color of the hair, as it was in youth, makes it surpassingly soft and glocar, and stimulates at the same time its growth. Rossing the principle ingredients of Rosson's Rosson'er, I understand perfectly why this preparation is so shperior to other similar preparation is so shperior to their similar preparation to exercise in a high degree an emolification of the surface on the hair. It is also sighly nutritive for the hair, adapted to promote its growth, and to greatly prolong its static, I therefore confidently recommend the state of Rosson's Hair Restorer to those persons the Rosson's Hair Restorer to those persons the state of approaching old age.

G. DESROSIERS, M. D. Se Pélix de Valois, January, 18th 1896.
