GOVERNOR OF NEW YORK AND THE VISIT OF THE PRINCE.—The Governor of the State of New York, in his annual Message thus speaks of the Prince of Wales :- "The visit of the Prince of Wales was signalized by our neighbors, the subjects of her Britan-nic Majesty, with every indication of loyalty and enthusiasm. His route from the moment of his entry to his exit, was an ovation. Representing in those dominions the regal authority, he was justly entitled to the attentions shown him; but on passing into the territory of the United States, he dropped this character, and came among us as Lord Renfrew, and without pride or ostentation received the voluntary honors of a nation upon whom he had no other claim than belongs by international courtesy, to every distinguished foreigner who visits our country, to the cordiality, as well as the universality of respect shown him, were the manifestations of our regard for the British nation, and an earnest of our apprecistion of the courtesy intended by his, enhanced if possible, by our respect for the present sovereign of that Empire whose womanly virtues have won the esteem of the American people. If there existed anywhere in this country a feeling of unkindness, a relic of the struggles between the two nations, this visit has dispelled it. The tres of friendship have been strengthened between nations of a common kindred and a common language. The citizens of New York identified as are their interests with those of Great Britain and her American possessions by intimate commercial relations and contiguity of territory, should especially regard the visit with favor."

ENGLAND'S PROSPERITY .-- The Silk and Riband Wearers of Coventry are actually starving in such numbers and so utterly that we almost tear to state the figures lest the case should be thought hopeless, and moderatepeople should hold back their charity for more manageable distress. The working population of the Coventry district is estimated at near 60,000; and, as in the least distressed part two-thirds are out of work, have been so for many weeks or months it follows that more than 40,000 sufferers are appealing to us for food, fuel, and no doubt, clothing at this dead and cold season.

CHOLERA.

PERRY DAVIS—SIR—The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word of praise for it .-Experience has convinced me that for Headache, Indigestion, pain in the Stomach, or any other part of the system, Severe Chills, Weariness, Common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhae, Dysentery, Toothache, &c., there is nothing better than the Pain Kuller. I have this hour recovered from a severe attack of the Sick Headache, by using two teaspoonfuls taken at thirty minutes' in-terval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the Cholera during the summer of 1843. Travelling amid heat, dust, toil, change of diet and constant exposure to an intected atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one tenspoonful caring the worst onse in an hour, or at the most, half a day! I have heard of many cases of Dysentery being cured by its use. Put it in the teeth it would stop the toothache. Gratitude, and a desire for its general use, has drawn from the this unsolicited testimonial in its

OXYGENATED BITTERS IN CANADA The Editor of the Montreal Pilot, Sept. 2 1856 cays :-There is no medicine we take so much pleasure in recommending to our friends as Dr. Green's Oxygenated Bitters. Unlike most proprietory medicines, it does not profess to cure "all the ills flesh is heir to," but simply Dyspensia and its attendent symptoms of derangement of the stomach. It has long been held in favour with our first medical men : some of whom are never backward in awarding merit where it belongs. Its success in our city has given it a reputation surpassed by no other smiler preparation. DR. J. C. AYER, Lowell, Mass-Sir: I take my pen to tell you what your Sansa-PARILLA and CATHARTIC PILLS have done for me. I had been afflicted with Liver Complaint for six years, during which I was never well, and much of the time very sick. My liver was sore to the touch, and the Doctors said was congested. I suffered from severe costiveness and Diarrhor alternately. My skin was claumy and unhealthy: my eyes and skin often yellow. Occasionally I had a voracious appetite, but generally none at all. A dreadful sensation of appression on my stomach, with lauguor and a gloomy sensation of sickness all over, kept me in anguish. You cannot know how much I suffered from an indescribable feeling of distress.
