the prices paid range from \$1.50 to as high as \$2.25. Tallow is still low in price, 5½c is paid for raw and 6½c has been obtained for rendered, but this week 6c only is offered, which holders are not disposed to accept, hoping for better figures when navigation opens.

HAY & SEED.—There is an abundance of hay offering, which finds ready sale at from \$11 for choice, to 7.00 for common, per ton. *Straw* brings \$5 to 6 per ton, offering freely. The supply of *timothy* seed is mostly derived from the Western States, and sells at 3.50 to 3.60, per bushel of 48 lbs.; there is none of local growth offering. For *prime clover*, 3.60 is had in a jobbing way, per bush. of 60 lbs., and a moderate movement; owing to report that the coming crop will be considerably frost-killed, the feeling is firmer. The article is scarce down East, but there is a good deal in hands of farmers and others in western Ontario.

HARDWARE.—Business has been moderate, and parcels generally small, prices are weaker in a few lines (tin plates, pig tin, and copper) and higher in others such as hoops. Window-glass is very firm.

PAINTS AND OILS.—There is evidently a "boom" in turpentine. The Standard Oil Company, an American concern which has acquired some notoriety for sharp practice, for "corners" for "inside tracks" and for various monopolistic movements in connection with petroleum, is reported to have "collared" turpentine, which is much higher; we quote to-day 70 to 72c. We alter our quotations of white lead to a basis allowing a discount of 10 per cent. instead of 7½ as before.

PROVISIONS.—The market for hog products has been dull; a further break took place in Chicago this week, *mess pork* selling down to \$10.20, a price which has not strengthened the position of holders here. We quote \$14 to 15 here, as to quantity. Considerable movement of *bacon* has been made, large quantities going to Manitoba and the North West, but transactions have been on p. t. Our quotations will still apply to jobbing lots. *Hams* are very quiet; a good demand exists for *lard*, principally from the East, at prices unchanged. *Butter* has been scarce and wanted, retail sales of Brockville have been made at 23c, and of jobbing lots at 21½ to 22c. *Cheese* still maintains its price, stocks are very light. *Eggs* have been in excessive supply, selling as low as 10c.; we quote 10 to 11c to day. *Dried Apples*, several car loads have been sold at from 7½ to 7¾. Stocks are now much reduced.

WOOL.—The market is active and prices firm. Our wool merchants have been laying in supplies of South American and other foreign wools and considerable sales of them to our manufacturers are reported. For domestic *fleece*, 32c, continues to be paid, and for *pulled* 33c, is paid; these prices have brought out a fair number of lots, mostly ranging in size from 500 bls., to 3000 bls. Not a great deal of extra is offering, 38c, is paid and sales have been made by our dealers at 40c.
