

Esco Products

PENETRATE—DO NOT FILM

"Esco" water-proofs and damp-proofs cement, concrete, plaster, brick and stone surfaces interior and exterior. One coat makes concrete impervious to moisture. Cement blocks coated with "Esco" will be made absolutely waterproof. "Esco" applied to the interior of brick walls prevents dampness penetrating the building. For waterproofing foundations, tunnels, cellars, etc., it has no equal.

"Esco" Steel Coating, the greatest preservative for iron, wood or steel.

LOCAL AGENTS WANTED.
