### SYNOPSIS OF COAL MINING REGULATIONS.

**C**oal mining rights of the Dominion, Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewable for a further term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

## YOU CAN IMPROVE YOUR OWN TELEPHONE SERVICE?

Leading telephone engineers have made the following statements:

When speaking into a telephone the best results are obtained with the lips very close to the transmitter—just so that they do not touch it. Removing the lips from the transmitter has the same effect as lengthening the line in use as follows:

One inch lengthens the line 57 miles.

Two inches lengthens the line 128 miles.

Three inches lengthens the line 179 miles.

Four inches lengthens the line 218 miles.

Co-operation by subscribers is earnestly requested in everything which will give to them **BETTER AND MORE EFFICIENT TELEPHONE SERVICE.**
