

What's New on the DRP (The DFAIT Research Page on the WWW)

Sites of the Month

1. PointCast

located under International News in the DRP
<http://www.pointcast.com>

PointCast broadcasts national and international news, stock information, industry updates, weather from around the globe and more from sources like Time, People and Money magazines, Reuters, PR Newswire. PointCast is completely customizable and can be used as a screen saver.

2. U.N. Daily Highlights

the site is located under International News in the DRP

Put together by the Central News section of the Department of Information, U.N. Daily Highlights is updated every weekday at approximately 6:00 p.m. This is a section of the U.N. site (www.un.org) and is also found under International Organizations on the DRP.

3. Human Rights

www.usis.usemb.se/human/index.htm
located under International News in the DRP

The site, which is put together by the U.S. Department of State, contains details of human rights practices on a country-by-country basis.

Questions about the DRP? Please contact Clancy Coughlin, Information Resources (SXIS), at 944-0214.

DFAIT Telephone Directory available soon

Do you need to contact your Tower Support team and can't find the number? Consult the attached list of SXD's client services.

You will also find this services list in the new DFAIT telephone directory available in printed form on November 30, 1996. The Web version will be available by the end of December.
