

*Use of roads, waterways, port facilities, and airfields*

33. The Force shall have the right to the use of roads, bridges, canals and other waters, port facilities and airfields without the payment of dues, tolls or charges either by way of registration or otherwise, throughout Cyprus.

*Water, electricity and other public utilities*

34. The Force shall have the right to the use of water, electricity and other public utilities at rates not less favourable to the Force than those to comparable consumers. The Government will, upon the request of the Commander, assist the Force in obtaining water, electricity and other utilities required, and in the case of interruption or threatened interruption of service, will give the same priority to the needs of the Force as to essential Government services. The Force shall have the right where necessary to generate, within the premises of the Force either on land or water, electricity for the use of the Force, and to transmit and distribute such electricity as required by the Force.

*Cypriot currency*

35. The Government will, if requested by the Commander, make available to the Force, against reimbursement in such other mutually acceptable currency, Cypriot currency required for the use of the Force, including the pay of the members of the national contingents, at the rate of exchange most favourable to the Force that is officially recognized by the Government.

*Provisions, supplies and services*

36. The Government will, upon the request of the Commander, assist the Force in obtaining equipment, provisions, supplies and other goods and services required from local sources for its subsistence and operation. Sympathetic consideration will be given by the Commander in purchases on the local market to requests or observations of the Government in order to avoid any adverse effect on the local economy. Members of the Force and United Nations officials may purchase locally goods necessary for their own consumption, and such services as they need, under conditions not less favourable than for Cypriot citizens. If members of the Force and United Nations officials should require medical or dental facilities beyond those available within the Force, arrangements shall be made with the Government under which such facilities may be made available. The Commander and the Government will co-operate with respect to sanitary services. The Commander and the Government shall extend to each other the fullest co-operation in matters concerning health, particularly with respect to the control of communicable diseases in accordance with international conventions; such co-operation shall extend to the exchange of relevant information and statistics.

*Locally recruited personnel*

37. The Force may recruit locally such personnel as required. The terms and conditions of employment for locally recruited personnel shall be prescribed by the Commander and shall generally, to the extent practicable, follow the practice prevailing in the locality.
