COLONEL WILLIAM WOOD

59 GRANDE ALLÉE

QUEBEC

CANADA.

My dear Sir Arthur Currie:

in case you are attending, as I hope you will, the meeting of the Protestant Committee of the Council of Education, set for this Friday, the 24th., I am submitting to your dispassionate attention the enclosed request, from the High School of Quebec, to be allowed the privilege (I know it would be, administratively, a grace, not a right) to have its leaving pupils admitted as regular candidates for the diplomas granted to those "public" school leaving-pupils who pass the Government Final Exam. There are a few quite special points involved.
