Toronto Board of Trade Received Memorial Containing Strong Protest.

CHAIRMEN APPOINTED

Energetic Committees Selected to Carry on Work This Year.

One section of the Toronto Board of Trade is nursing a strong grievance regarding ocean freight rates, and the scions of a certain freight trust are strongly condemned in a memorial which was presented at the special meeting of the board which took place ye terday, preceded by a luncheon tendered by the president Lieut-Col. endered by the president, Lieut.-Col.

Member Believes It Time Council Got Busy on Market Question.

At yesterday's sitting of the York County Council a letter from W. G. Hanna, secretary of the Lord's Day Alliance, was read, stating that the Lord's Day Act is being frequently broken in the county, especially close to the city, and it would be desirable to have a larger force on the county constabulary. High Constable Phillips explained that there is no doubt about complaints coming in, but with the present arrangements all is being done that is possible to do, unless the county should consent to organize a regular police force to patrol the front. olice force to patrol the front.
W. G. Hanna appeared before the council and stated that complaints are council and stated that complaints are coming in that hotels are practically open on Sunday and ice cream bring sold; and urged that competent men be appointed to stamp out the evil. Councillor W. H. Pugsley blamed the Lord's Day Alkiance for not doing their duty if they know that things are existing as presented to the council if they do not lay complaints when they do know that such things are existing. Reeve Syme was in favor of having a few unitformed officers patrol the front.

Reeve Silverthorn of Etoblooke stated that by looking over the list of cases handled by grand juries the prin-cipal cases of depredations are caused by citizens of Toronto, or the far north

of the county.

Reeve Skelton of Mimico also gave his municipality a clean sheet, and as to the consuming of a dish of ice cream he could not see much harm in that.

Reeve Cornell of Scarboro also claimed to represent a law-abiding community.

claimed to represent a law-abiding community.

High Constable Phillips stated that York County has an effective constabulary, and every complaint received is duly investigated, and, if found correct, the law-breakers are punished. Nothing was done or recommended. In Prosperous State.

The different high schools thruout the county sent in their annual reports, and they all seem to be in a flourishing condition. The Markham High School reported receipts to the amount of \$6455.30, with \$163.49 on hand. The Newmarket High School receipts were \$9097.47, with \$416.12 op hand. The Aurora High School received \$6859.44, with \$1673.37 on hand, and the Richmond Hill School received \$3650, with \$128.22 on hand.

The commissioners for the Industrial Home will be elected next Wednesday, and the different high school trustees will be elected today.

The petition to incorporate Ag noourt into a police village will come before the council next Tuesday afternoon for consideration.

In the resolution passed last November re the markets committee, the following names were struck out: J. T. Watson, J. M. Gardhouse and W. D. Annis, and the following names were inserted: J. C. Cornell and C. Silverthorne.

W. H. Pugsley, chairman of the market committee, reported that his committee has interviewed the board of control re better market facilities, and they were informed by the mayor that this matter was referred to the property committee already. Mr. Pugsley deplored the fact that the inaugural meeting of the county council and the election of the warden took place last Tuesday afternoon at the same time as when the members of the county council had an invitation to meet the city property committee on this market question, and stated that the chairman of the committee, Ald. John Wanless, would be pleased to receive the county council at as early a date as possible to discuss the market problem.

Extend Jurisdiction.

A deputation from the grand jury, consisting of Mr. McClellau, foreman, and Messrs. Ormsby and Ritchie, appeared in the afternoon session, pressing their petition that jurisdiction of the Toronto Juvenile Court be extended to the County of York, as they claim it to be cheaper and more advantageous to save children from crime than to house them in prisons in later years. They claimed that the appointing of a probation officer would only cost about \$1000 or \$1200 a year. Commissioner Starr was invited to address the council at any time during the present .W. H.
