VOL. XXXIII.-NO. 12056

(Special to The Toronto World). WASHINGTON, Aug. 4.-There were these two important develop-

ments in the Mexican situation today: President Wilson accepted the resignation of Henry Lane Wilson,

ambassador to Mexico, to become effective Oct. 14. In the meantime Mr. Wilson will be on leave of absence.

John Lind, former member of congress and ex-governor of Minnesota, was sent post haste to Mexico as a commissioner to try to arrange mediation of the present dispute between the Huerta regime and the revolutionists.

In announcing the acceptance of the resignation of Ambassador Wilson, Secretary Bryan said:

"Ambassador Wilson's resignation has been accepted, to take effect Oct. 14. The part which he felt it his duty to take in the earlier stages of the recent revolution in Mexico would make it difficult for him to represent the views of the present administration in view of the situation which now exists.'

RETIRES GRACEFULLY.

Ambassador Wilson, on leaving the state department after his resignation had been accepted, made the following statement:

"I believe that the president and secretary of state in their consideration of the question are actuated by the highest patriotism and with the best intentions to both countries. I have no pride of opinion with reference to my own recommendations, claiming only for them that they were conscientious and represent those of 98 per cent. of the Americans and foreigners in Mexico."
