ADMIRAL SEIZES TERMINAL YARDS

Fletcher Takes Possession of English-Owned Concern at Vera Cruz.

FIRST TRIED TO RENT IT Management Asked Price That Admiral Considered Was Too High.

ADMIRAL SEIZES TERMINAL YARDS
 The terminal company is a British concern, most of the stock of which is held by the railroads, two of which, the Inter-oceanic and the Mexican are British owned.
 For the operation of the property the military authorities are using railway men who have just arrived in Vera Cruz and who offered their services in any capacity.
Acted Within Rights.
 LONDON, April 28.—The seizure yesterday by United States Rear Admiral Fletcher of the property of the British owned terminal company at Vera Cruz is accepted by the British foreign office as a perfectly natural action, quite within the admiral's rights and in accordance with propriety, both of which are considered unquestionable. Officials here regard the admiral's action as coming within the ordinary routine of such circumstances. It was stated today that if the terminal company presents a claim to the British foreign office it will be forwarded to Washington in the ordinary course.

BRITAIN PREPARED TO AID MEDIATION

Mexican Trouble of Grave Concern to British Government, Says Grey.

BRITAIN PREPARED TO AID MEDIATION
 Mexican Trouble of Grave Concern to British Government, Says Grey.
 LONDON, April 28.—The trouble in Mexico is one of grave concern to the British Government on account of the large British commercial interests involved, and we of course are ready to encourage and further in any way we can any proposals for mediation which will have the effect of bringing the trouble to an end.
 This statement was made by Sir Edward Grey, the British foreign secretary, in the house of commons today when he formally announced that the United States had accepted the proffered mediation of Argentina, Brazil and Chile.
 The British foreign secretary added that he had not definitely heard what attitude Mexico had taken in connection with the proposed mediation.
 Sir Edward paid tribute to Thomas E. Hober, the British secretary of legation at Mexico City, to Sir Lionel Carden, the British minister, and other British officials who have been active in setting foreign refugees out of Mexico City. He said:
 "All the arrangements seem to have been executed with great tact and have been of real service to British and other foreigners, as well as to the Mexicans."
 Sir Edward Grey referred to the mission of Commander Hugh J. Tweedie of the British cruiser Essex, who was sent to Mexico. He said:
 "Rear-Admiral Sir Christopher Craddock is endeavoring to send an unarmed party with despatches to Mexico City with the full cognizance of the United States admiral and with the sanction of the Mexican general near Vera Cruz."
 "The despatches, which are for the British, French, German and Spanish ministers in Mexico City, are addressed to Provisional President Huerta with a request for his sanction for their delivery."
 "Rear-Admiral Craddock hoped to receive a safe conduct for the party."

LOSSES ARE HEAVY BEFORE MONTEREY

LOSSES ARE HEAVY BEFORE MONTEREY
 Constitutionalists Had Three Hundred Casualties in Recent Attack on Town.
 BROWNSVILLE, Texas, April 28.—One hundred constitutionalists were killed and 200 wounded in the recent attack on Monterey, which ended in the complete rout of the federalists, according to an American photographer who arrived here last night aboard the first train operated between Monterey and the border in a year. Federal casualties are stated to have been 300, including 6000 pounds of powder and 56 cases of fuses.
 Rear-Admiral Fletcher reported to Secretary Daniels today that "there appears to be no immediate need for provisions for the inhabitants of Vera Cruz."
Plenty of Provisions.
 "The amount of provisions in sight available for purchase is variously estimated at from one to two weeks, exclusive of a considerable quantity of supplies in the railroad terminal yard not yet unloaded," the report stated.
 "It is probable that a cargo of food-stuffs, comprised of whole corn, beans, rice and a limited quantity of sugar, will find a market here in the near future. The local supply of fresh garden produce is still limited, but will doubtless improve as the back country is opened up. Fish is cheaper and more plentiful, because none can be shipped to the interior. Milk is scarce. Beef, cattle, in considerable numbers, are reported to be fairly near Vera Cruz, but the owners fear to drive them in without an armed guard to protect them. There is no ice. The ice plant was damaged by gun fire, and the reserve supply has been entirely consumed. Our force will repair ice plant."
Plan Combination.
 Rear-Admiral Mayo at Tampico reported today that the federal forces there are making further overtures to the constitutionalists.
 Monterey, it became known today, was cut off from outside communication for two weeks preceding the rebel attack. Arrangements for expediting food supplies have been made, although no suffering has been reported.

 Canadian Press Despatch.
 WASHINGTON, April 28.—To what lengths the "spook office" of the South Americans might reach was an absorbing topic in official Washington and the entire diplomatic corps today. Other features in the situation largely went unmentioned among army and navy officials charged with execution of preparations for eventualities. Taut nerves and the anxiety of the last few days were relieved by news that Americans were leaving danger zones in the southern republic, while reports of tranquillity along the border were encouraging. "Things look very much better now," Secretary Daniels said. "We are getting Americans out of Mexico. That is the important thing now."
 Huerta's reply, conveyed through his minister for foreign affairs to Mr. Riano, Spanish ambassador in Washington, was received late last night. His tenor was expected because Mr. Riano had received private advice the night before that Huerta would accept, and the South American envoys had been at work all day on that assumption. The rest of the acceptance was not made public, but Huerta's minister was said to have thanked the South American envoys for the Spanish ambassador for their good offices and to have referred to the "real spirit of solidarity between peoples of the same race."
 When news of Huerta's acceptance was taken to President Wilson he declared himself greatly pleased, but made no further comment, and White House officials let it be known that no announcement of points to be insisted upon in proposed mediation would be made that might embarrass the representatives of South American countries. In official and diplomatic circles expressions were heard that whatever had been accomplished by the peacemakers up to this point must have a good effect in the situation.

 BUSY MORNING SPENT
 Diplomats Hold Conferences to Plan Next Step in Negotiations.
 Canadian Press Despatch.
 WASHINGTON, April 28.—While envoys of Brazil, Argentina and Chile sought today to find some ground upon which to base proposals to the United States and Mexico which would settle differences between the nations, word was flashed from Vera Cruz that Brigadier General Funston and about 5,000 troops had arrived at the base of American operations in the Mexican republic.
 Chief interest in Washington centered through the day in the activity of the South American diplomats, who met early in the day at the Argentine legation to plan the next step in the negotiations for peace. Before the envoys began their conference, Secretary of State Bryan was formally notified by Ambassador Riano of Spain that General Huerta had accepted the principle of mediation proposed.
To Protect Refugees.
 Coincident with the conference of the mediators, President Wilson and the cabinet met in regular session, the subject of absorbing interest being the Mexican situation, with peace proposals as the particular matter under consideration. Ambassador Dagama of Brazil sought to confer with the Secretary of State, but Mr. Bryan declined at the cabinet meeting. The Spanish ambassador informed Robert Lansing, counselor of the department, that General Huerta had given assurances that he would protect Americans in departing from Mexico.
 When members of the cabinet reached the White House at 11 o'clock to enter upon the serious deliberations confronting them, all of them appeared more cheerful than they had been for many days and several expressed hope that something tangible and hopeful would come from the proposals to mediate the dispute with Mexico.
 No new orders were issued from the navy or war departments, but there was enthusiastic interest among department heads over the arrival at Vera Cruz of the transports bearing Brigadier General Funston and his staff, fourth, seventh, nineteenth and twenty-eighth infantry under Brigadier General Funston.
Not Affect Funston's Orders.
 Secretary of War Garrison insisted early in the day that the mediation proposals could not affect the orders to General Funston.
 General Funston's instructions were to land immediately upon arrival and assume supreme command of the land forces.
 Rear Admiral Fletcher, who had been directing operations up to this time, will return to his flagship, the Florida, withdrawing also all of the bluejackets, but retaining a small force now ashore at Vera Cruz. He has been detached from the navy and now becomes part of General Funston's command. General Funston also will take up the work undertaken by Admiral Fletcher, in directing the administration of government affairs in Vera Cruz.
 Bryan says "Tension is Less."
 "Tension seems to be less," said Secretary Bryan, as he returned to the state department after a two-hour cabinet meeting. "Americans are being moved out of Mexico City without interruption."
 Mr. Bryan explained that he had not yet received the text of General Huerta's acceptance of the mediation proposal, and that Ambassador Riano had merely explained orally that mediation was acceptable to General Huerta.
 The mediation envoys continued their morning conference until 2 o'clock and an afternoon session began at 3 o'clock. No statement was made concerning the progress of the mediation proposals, but the general sentiment prevailed that substantial results would be accomplished.

CANADIAN VISITS AMERICANS IN JAIL
 Found Women and Children Confined at Cordova, Sleeping on Stone Flags.
 Canadian Press Despatch.
 VERA CRUZ, April 28.—Sleeping on the stone flagging of the jail, with insufficient food, no sanitation, and threatened every night with assassination by drunken jailers, is the experience of the Americans and other foreigners, including women and children, confined at Cordova. Their release today has been promised by Gen. Maas, in reply to a request from U. S. Consul Canada through a messenger who returned to Vera Cruz today.
 W. H. Mechleng of the Geological Survey of Canada, who has been for some time in Mexico in behalf of the Universities of Harvard, Pennsylvania and Columbia, spent two days at Cordova. He was detained, but not put in jail, and finally was permitted to proceed here as a British subject.
 Mr. Mechleng went to the jail in Cordova on Sunday afternoon and talked to the prisoners, among whom are several he is acquainted with. They begged him to communicate their plight to Consul Canada and Rear-Admiral Fletcher in an endeavor to secure their release. The prisoners are herded like cattle and are jammed almost constantly either by the keepers or the Mexican inmates of the jail. They are permitted to have food and drink only when the whim suits the jailers and are kept in a state of terror by frequent threats of death.
 The total number of prisoners of all nationalities, according to Mr. Mechleng, is 85. One of the imprisoned is Supt. Emery of the Vista Hermosa sugar plantation of Vera Cruz, who entertained John Lind, President Wilson's representative, a few months ago.
 Mr. Mechleng says there are 87 persons, chiefly Americans, held at Tuxtepec, State of Vera Cruz, from surrounding plantations, and that Consul Agent White is in jail at El Hule, near Tuxtepec.
FRATERNIZED WITH MEXICANS.
 VERA CRUZ, April 28.—Six federal soldiers, who wandered too close to the American lines, were captured late yesterday by marines. There is not any desire among the Americans to attack or in any way assume the offensive against the Mexicans, so when the marines gained possession of a squad of Huerta's soldiers, they did their best to entertain them. They gossiped with the Mexicans regarding the news beyond the lines and after field luncheon shook hands with them and sent them away.

 Latest Rumors Are That Mexican Federals Are Generally Disorganized.
 Canadian Press Despatch.
 VERA CRUZ, April 28.—Conflicting reports regarding rebel operations continue to come from the capital and the officials of the government and the newspapers loudly insist that the rebels are gaining ground, but private information reports that great headway has been made, that San Luis Potosi has been taken and that the federalists generally are disorganized.
 Gen. Velasco, who was defeated by Villa at Torreon, and in the subsequent fighting in that district, has succeeded in reaching the capital with a mere handful of the forces which had been placed under him to defend Torreon.
 Gen. Velasco was twice wounded in the arm and in the leg. He was accompanied by Gen. Argumedo, who was seriously wounded. Gen. Pena was left among the dead. With Gen. Velasco were 400 wounded soldiers. All the remainder of his forces were killed, injured or captured, or had deserted to the rebels.
PRaise Wilson's Forbearance.
 WASHINGTON, April 28.—Resolutions expressing the thanks and appreciation of American motherhood for the fortitude and forbearance shown by President Wilson in his efforts to preserve peace between the United States and Mexico were adopted at the closing session here last night of the international congress on the welfare of the child. Congress was urged to pass an amendment to the constitution against polygamy and to enact a uniform marriage and divorce law in all states.
