

York County and Suburbs of Toronto

SCARBORO COUNCIL MEETS AT WOBURN

Decided to Call Special Meeting re Extension of Danforth Avenue.

INTERESTING TEST CASE

Assessment of St. Augustine's Seminary Feature of Revision Court.

Some time ago the Scarborough Township Council passed a bylaw authorizing an issue of debentures amounting to \$4,000 for the completion of the new schoolhouse now in the course of erection and for the equipment of the public school, section No. 12. The council meeting yesterday it was decided to accept the tender of Messrs. Mulock, Milliken, Clark and Norman, and the reeve was requested to instruct the solicitor to apply to the Dominion Railway Board for an overhead crossing to be constructed by the Grand Trunk Railway at the intersection between concessions A and B, opposite lot 42.

Road Impassable. The York Brick Company wrote complaining of the condition of Victoria Park avenue. They mentioned that they employed about 300 men in their works, and that the road was almost impassable for them in the spring and fall. Since making this request the road has been attended to, the clerk was instructed to notify the company of the fact.

A communication was read from the Hon. J. O. Reame, minister of public works, asking the council to appoint building inspectors for the township. This matter was left over to the next meeting.

Road to Be Graded.

The members of the Scarborough Golf Club wrote, reminding the council that Chester road, adjoining their property, had not been graded, as had been agreed on between the club and council. It was decided to have the road attended to.

George Atkinson was appointed roads commissioner for road division No. 2. The Toronto Hunt Club asked that the sidewalk from Kingston road to Danforth avenue be repaired. The council decided to have the road going thru the cemetery yet. How long is the council going to shilly shally with the work before it is done? There are no trips or junketing in connection with the cemetery road. Let them have the road done and something and then we'll talk about higher salaries for aldermen.

Court of Revision.

It was decided to hold the revision court in Kennedy's Hall, which is a very interesting test case will likely be heard at this court, as it is reported that the St. Augustine's Seminary authorities have appealed against the assessment on their property on the Kingston road, claiming that as it is a religious institution it should be exempt from taxation, while the council held that part of the property is being used as a market garden, for which a higher assessment is made, and for that reason the seminary is liable to assessment.

PORT CREDIT ASSESSOR RETURNS FIRST ROLL

Assessment Made for First Time Since Incorporation of Village.

The assessor, Robert Marsh, has just completed his report on the assessment of Port Credit for 1914. The figures show a most gratifying increase in the value of real estate and improvements in the village. The assessment stood at \$425,000, the new report places it at \$764,010, an increase of \$339,010. The figures made up as follows: Real property, \$338,176; buildings, \$301,240; business tax, \$48,200; income, \$23,250, making a total of \$731,960. Adding the amount of exemptions, namely, \$32,950, the net assessment is \$700,010.

NEWS OF WARD SEVEN

DEATH OF T. TIMMINS

The funeral of the late Thomas Timmins who died Sunday evening from chronic nephritis on a visit to Quebec, will be held this afternoon, from his late residence, 65 Barbary avenue, to Prospect cemetery. The late Mr. Timmins was 55 years of age and was well known in West Toronto.

Oiling Roads.

A number of Ward Seven's unpaved streets yesterday received their initial sprinkling of oil, following a trial given them the latter part of last week. As a result, the dust nuisance is now considerably lessened, although in some parts of the district where the oil carts did not go, the residents are still complaining about it.

Recreation Rooms.

The members of the S.O.E. Lodge, Newmarket, are throwing open their lodge room to men on Saturday nights for the purpose of social intercourse and recreation. Carpet ball, whist, pool, checkers, etc., are the games provided, and already a large number have availed themselves of the opportunity to while away their spare time.

Early Closing.

As has been the custom for the past four years the majority of the merchants have decided to close their stores on Wednesdays at noon during June July and August.

HELD FOR FRAUD.

B. M. Taylor of 114 Crawford street was arrested by Detective Cronin last evening, charged with obtaining \$38 by means of a worthless cheque from Nell McWilliams of 81 Brunswick avenue.

UPPER YONGE STREET.

The condition of upper Yonge street does not reflect credit on the road commissioner. About a month ago the mud was cleared off and the road left in splendid shape for oil dressing. Instead of this, attempts have been made to keep the street watered, with the result that the traffic has ground the surface so that, when dry, clouds of dust are experienced from the C.P.R. crossing north. It is doubtful whether the watering has not cost as much, or more, than oiling. If the latter had been done the street would have been preserved and the intolerable dust nuisance avoided. Perhaps the commissioner is not acquainted with the facts. If so, the aldermen of wards two and three might bring them to his notice.

NORTH OF DANFORTH AVENUE.

Editor World: A newspaper correspondent asks when are the diagonal roads north of Danforth to be opened up. When the property through which they run is subdivided. The roads are 120 acres; the Church of England's 800 acres, and the want of a bridge over the Canada and the Masses Creek ravine, at the Annexation to the city would bring about all these things, and a building boom greater than the east end ever yet saw, and a rise in the value of all property. Why do not Robins, Limited, the House Building Association, and the other big owners lead the way? And where is Aid. Hills and Aid. Robinson's Association? If Toronto is to be a city of the future, the east end is to be a city of the future. Is there anything wrong with the bonds that were issued against it? Why does not Mayor Hooken tell us what has held his work back for sixteen months after the money was voted? The time has come for a show-down. Broad-ax.

GET SOMETHING DONE.

Editor World: We residents in Moore Park are glad to see the North Toronto Ratepayers' Association getting busy in the matter of transportation, but we hope they will never adopt the selfish suggestion made by one speaker that the line on the street side be switched at Merton street to Yonge, in order to run the cemetery. We need transportation too, and will join any fight that means one fare to the city.

There's no sign of the road going thru the cemetery yet.

How long is the council going to shilly shally with the work before it is done? There are no trips or junketing in connection with the cemetery road. Let them have the road done and something and then we'll talk about higher salaries for aldermen.

"Tired Waiting."

COUNCIL MEETING AT NEWMARKET

P. G. Anderson Appointed Town Clerk — J. Morris is Engineer.

WILL WAIT ON HYDRO

Two Members of Council Discuss Poster Issued by Danford Roche.

P. G. Anderson, former chief of police of Newmarket, was appointed town clerk and treasurer, in place of the late J. E. Hughes, at a special meeting of the town council last night. Mr. Anderson has been in the employ of the municipality for a number of years, and he was the unanimous choice of the council.

Laugh at Lamppost.

In conversation with The World last night Dr. Boyer, a member of the council, said with regard to the poster: "We have decided to ignore that, also the source from which it came."

Use Old Plan to Kill Hydro Power Here.

"At present we are just making the old plan serve as we are confident that it will not be long until the hydro power is here."

Use Old Plan to Kill Hydro Power Here.

Deputy Reeve B. W. Hunter waxed humorous over the lamppost. "We don't take that seriously," he said, "and as far as the power question is concerned, it's hydro for Newmarket, and whenever the other municipalities get their enabling bylaws passed Newmarket will follow suit."

Recreation Rooms.

The members of the S.O.E. Lodge, Newmarket, are throwing open their lodge room to men on Saturday nights for the purpose of social intercourse and recreation. Carpet ball, whist, pool, checkers, etc., are the games provided, and already a large number have availed themselves of the opportunity to while away their spare time.

Early Closing.

As has been the custom for the past four years the majority of the merchants have decided to close their stores on Wednesdays at noon during June July and August.

HELD FOR FRAUD.

B. M. Taylor of 114 Crawford street was arrested by Detective Cronin last evening, charged with obtaining \$38 by means of a worthless cheque from Nell McWilliams of 81 Brunswick avenue.

RATEPAYERS MEET AT OAKWOOD

Want Council to Remove Manure and Dead Cats, Also Piggeries.

NEWS OF EARLS COURT

Money Voted for Addition to New School at Fairbank.

The following resolutions were adopted at the meeting of the Oakwood Ratepayers' Association last evening:

"Resolved: That the ratepayers' central body be abolished."

"Resolved: That committee appointed by the association to inspect the streets of the district requiring sidewalks be dismissed, and the secretary communicate with the township council and enclose list of streets, and also a letter to council requesting the removal from Robina avenue, Oakwood, of about eight loads of manure, several dead cats, and other refuse, lying on this street."

"Resolved: That a deputation, consisting of Messrs. Hulton, Edgar, Furnival, Butterworth, Snow and Jarvis, interview the township council at their meeting on Monday next in the matter of sidewalks and the abolition of piggeries in the Oakwood district."

Attendance Slim.

T. Wilcox reported very unfavorably with regard to the attendance at the last two meetings of the ratepayers' central body, stating that the representatives from North Eastcourt and Oakwood and Mount Dennis were the only people at the meetings, and that Tommoeden, Cedrevalle and Rummy were not represented. It was unreasonable, he thought, to ask them to meet at the Labor Temple to accommodate these people when they did not attend and no business was transacted other than that which could be attended to at their own place.

New Postoffice.

C. Bansley reported that a deputation waited upon W. F. Maclelan, M.P. before the post office, and that they were assured that a postoffice would be placed at Lovatt's grocery store, Vaughan road, Fairbank, and there would also be a postal delivery. A member resident on Jeumont avenue, reported the dangerous condition of a well on the street, and suggested the council be notified to fill it in. The matter will be attended to by the council at the council meeting next week.

School Additions.

The ratepayers sanctioned the issue of debentures for \$18,000 for the addition to Fairbank School at a meeting of the school trustees and ratepayers of that section in last evening in Vaughan road, Fairbank, and there would also be a postal delivery. A member resident on Jeumont avenue, reported the dangerous condition of a well on the street, and suggested the council be notified to fill it in. The matter will be attended to by the council at the council meeting next week.

Plans have been prepared for the new Methodist church on the east side of the street, and work on the building commences in the near future.

Residents are annoyed by the erection of a row of dwellings that they claim will create a nuisance.

Residents are annoyed by the erection of a row of dwellings that they claim will create a nuisance. The dwellings are situated on the east side of the street, and work on the building commences in the near future. Rev. Mr. Woodley, recently appointed minister, will commence his duties in the course of a few days.

Sanitary Conditions.

Sanitary conditions are being improved by the erection of a row of dwellings that they claim will create a nuisance. DEATH SUMMONS WILLIAM HARRIS

Well-Known Toronto Business Man Died Yesterday Morning.

AFTER LONG ILLNESS

Was Prominent in Live Stock Circles — Funeral Tomorrow.

William Harris, one of Toronto's most prominent business men, died yesterday, at 415 a.m., at his residence, 450 Page avenue. The late Mr. Harris was well known as the founder of the Harris-Abatior, and had for many years held a high position in live stock circles in the city and province.

Funeral.

His career is an instance of what can be accomplished by persistence, energy in religion, and a sense of duty. Coming to this country from Marston, Bedfordshire, England, 45 years ago, he started in the meat business, and fifteen years later established the Harris Abatior. He was also a director of the William Davies Company, Mr. Harris was 52 years of age, and his death was the result of heart trouble, from which he had been suffering for many months. The death of his oldest daughter, Mrs. Macdonald, which occurred a week ago, was the first death in his large family, and proved a severe blow to him.

Funeral.

The late Mr. Harris was a Conservative in politics and a Methodist in religion, being an active and influential member of Methodist Tabernacle, East Queen street. He is survived by his wife, four sons and four daughters, a brother, John A. Harris, and a sister, Mrs. J. A. Harris. The funeral will take place tomorrow at 2 p.m. at Forest Lawn Mausoleum, Yonge street.

Runnymede Tories Get Ready for Election

Big Meeting Last Night — Address by Reeve Syme of York.

The meeting of the Runnymede Liberal-Conservative Association, held in Cook's Hall last night, was perhaps the largest and most enthusiastic the association has held for years. The meeting was held in the utmost confidence, and the speakers, George Syme, reeve of York Township, and J. C. Wright of Ward 7, spoke in an earnest way, advocating the uplifting of Conservative principles, and advised his hearers to be steadfast in the cause of Conservatism to the very end.

Favored Incorporation.

J. C. Wright spoke very favorably of the incorporation of Runnymede in the B. N. A. Act, and was very well satisfied with the present government. He was assured that it was a clean government, doing its best in the interests of the country. The Whitney government, he said, will always be admired as long as the history of Ontario will endure. Mr. Syme went on to speak of the bill, and expressed the opinion that the election was coming very shortly. He spoke in an earnest way, advocating the uplifting of Conservative principles, and advised his hearers to be steadfast in the cause of Conservatism to the very end.

Special Meeting.

The executive of the association was instructed at a special meeting to ask Dr. Godfrey, and others who might have claims as candidates for election, to come and explain their views at the convention on June 6. The meeting was presided over by C. Woolmer.

MARKHAM

A number of important real estate sales have taken place in Markham within the last few days, and the tendency of prices is upwards. The Dominion Government have concluded the purchase from Capt. H. S. Adams of some property on Main street for \$1200, and which will be added to the Warren and intends erecting a new bank building on the site. The purchase price was \$1100.

Still Crowded.

Fifty seats were placed in the new kindergarten school, which was opened in St. Andrew's Hall, Page avenue, and the first morning it was opened over sixty pupils sought admission. It is expected, however, that this trouble will be overcome in June, when several of the senior pupils leave school at the morning session. Dinner and tea will be served in the basement of the church.

DAIRY DRIVER ARRESTED.

Stanley Cross, 274 George street, was arrested by Detective Cronin last night, charged with the theft of a cow from the Walnut Dairy, with whom he was employed as driver.

PERJURY AND BIGAMY.

Samuel Shiffer, 143 Agnes street, was arrested by Plainclothesman Massey of the moral department last night, charged with perjury and bigamy. Shiffer is alleged to have a wife in South America, and to have married another woman in Toronto last April.

MIMICO COUNCIL HAD BUSY MEETING

Ejection Case Caused Considerable Discussion — Evidence Heard.

ENGINEER APPOINTED

E. A. James New Official — Athletic Clubs Apply for Grant.

A largely attended and most lively meeting was that of the Mimico Council, held in the schoolhouse, corner of Church street and Mimico avenue, last night. Reeve Harrison presided. Councillor Stewart was absent.

A vigorous protest was made by Mr. Howitt, solicitor, acting on behalf of Mr. Bundock, in connection with the ejection case. Bundock's tenancy in the cottage in Mimico was terminated by Mr. Howitt, he alleged that Constable Waite, acting as a sanitary inspector, had acted without feeling either the furniture, and had driven it away. Mr. Howitt said Mr. Howitt, he had acted illegally in having no authority whatever from Dr. Rucker, the medical health officer.

Quits Sanitary.

A letter from Mr. Rucker was produced. He had made a special examination of the premises, and was quite satisfied. The one objectionable feature had since been made good.

Mr. Bundock appeared before the council and denied having received notification. Reeve Harrison advised the taking of the matter before the medical board, as the constable had received no instructions from the council.

Mr. Howitt then brought up the case between Miss Smart and Constable Waite. Miss Smart and her mother, living alone, had been awakened and alarmed by two men trying to break into their house in the dead of night. Later two men were seen breaking into the house. Miss Smart, thinking these might be the same men, wished to identify them, but they had disappeared. She was entirely different. Asking Constable Waite for their names, the constable declined to give them. "If an offence is committed," asked Mr. Howitt, "I will be high enough to give the proper action for a police constable of the village." Mr. Howitt was corroborated by Miss Smart, who appeared in person before the council. She desired the constable to be publicly scolded, not prosecuted.

Constable's Statement.

Constable Waite, at this point rose. "This," he said, "has been reported to me by Miss Smart. I was with her. Mr. Howitt has said to me that she said she never came to me at all. Her mother never saw me," interjected Mr. Howitt, "I deny the whole thing," proceeded the constable. "It has already been thrashed out before the council, and I am sure Mr. Howitt then said that, considering the conflicting statements before them, the council would be better to employ a person before whom evidence could be taken on oath, including that of 'my friend, here' (referring to Constable Waite).

Engineer Appointed.

E. A. James, of the firm of James, London & Hertzberg, Toronto, was appointed engineer to the village for 1914. E. A. James, of the firm of James, London & Hertzberg, Toronto, was appointed engineer to the village for 1914. E. A. James, of the firm of James, London & Hertzberg, Toronto, was appointed engineer to the village for 1914.

Marked by Horse.

John Brown, 14 Sutton avenue, a rag buyer, was kicked in the knee by his horse north of St. Clair avenue.

STOLE FROM POLICE CHIEF.

Charged with the theft of a suit case and \$10 from the chief of police of Tweed, Beatrice Milne was arrested as she alighted from a train in the Union Depot last night by Detective Montgomery. The girl was employed as a domestic in the chief's residence and is alleged to have taken the \$10 and stolen a suit case in which to carry away her belongings.

One More Woman Speaks Right Out

She Tells How She Found New Health

Mrs. McArthur Gives Dodd's Dyspepsia Tablets and Dodd's Kidney Pills all the Credit for Her Cure.

ROCKAWAY VALLEY, Que., May 11.—(Special.)—Mrs. Robert McArthur, well-known and highly respected here, has joined the great army of Canadian women who are shouting the praises of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

"Last autumn I had a severe attack of Dyspepsia, which led me to 'nervous and ill,'" Mrs. McArthur says. "I tried several kinds of medicine and doctored myself from then till one evening I happened to read one of Dodd's advertisements and decided to try Dodd's Dyspepsia Tablets and Dodd's Kidney Pills. The result is that I can now enjoy my meals."

"My daughter also used two boxes of Dodd's Kidney Pills and found them very beneficial."

"On another occasion when troubled with sore back I found a cure in Dodd's Kidney Pills."

"If you keep your stomach right with Dodd's Dyspepsia Tablets and your kidneys in order with Dodd's Kidney Pills, you can laugh at the ailments that make the lives of so many women a burden to them."

OUTSTANDING SCORES.

The outstanding scores at the Long Branch shooting ranges on Saturday were: Queen's Own Rifles—Pte. Rowe, 101; Pte. Jeffrey, 100; Pte. Perry, 95; Corp. Taylor, 95; Pte. Matthews, 92; 48th Highlanders—L.-Corp. T. Young, 92; Pte. Antell, 91; Sgt. Hawkins (of this year's Blesley team), 92; Sgt. Collins, 92; Pte. Campbell, 92; Pte. Griffin, 92; Pte. Binks, 92. This year's Blesley team, 91; Pte. Hall, 91; L.C.R.—Pte. Hillis, 94.
