

THE FOUR INDIAN KING'S S P E E C H TO HER MAJESTY.

L O N D O N , April 20. 1710.

Letter'd to the Four Princes of the Continent of America, between New-England and Canada, had their Publick Audience of Her Majesty with great Solemnity, and by their Interpreter made the following Speech to Her Majesty.

G R E A T Q U E E N,

WE have undertaken a long and tedious Voyage, which none of our Predecessors could ever prevail'd upon to undertake. The Motive that induc'd us was, that we might see our GREAT QUEEN, and relate to Her those things we thought absolutely necessary for the Good of HER and us Her Allies, on the other side the Great Water.

We doubt not but our Great Queen, has been acquainted with our long and tedious War, in Conjunction with Her Children (meaning Subjects) against Her Enemies the French ; and that we have been as a strong Wall for their Security, even to the los of our best Men. The Truth of which our Brother Quader, Colonel Schuyler, and Anadagarjaux, Colonel Nicholson, can testify, they having all our Proposals in Writing.

We were mighty rejoiced when we heard by Anadagarjaux, that our Great Queen had resolv'd to lend an Army to reduce Canada ; from whence Mouth we readily embrac'd our Great Queen's Instructions ; and in Token of our Friendship, we hung up the Kooie and took up the Hatchet ; and with one Consent, join'd our Brother Quader, Colonel Schuyler, and Anadagarjaux, Colonel Nicholson, in making Preparations, on this side the Lake, by building Forts, Store-houses, Caasaws, and Barrows ; whilst Anadaria, Colonel Wetch, at the same time rais'd an Army at Boston, of which we were inform'd by our Ambassadors, whom we sent thither for that purpose, We waited long in Expectation of the Fleet from England, to join Anadaria, Colonel Wetch, to go against Quebec by Sea, whilst Anadagarjaux, Quader, and We, went to Mont Royal by Land ; But at last we were told, that our Great Queen, by some important Affair, was prevented in Her Design for that Season. This made us extream Sorrowful, left the French, who hitherto had derred Us, should now think Us unable to make War against them. The Reduction of Canada is of such weight, that after the effecting thereof, We should have Free Hunting, and a great Trade with our Great Queen's Children ; And as a Token of the Sincerity of the six Nations, We do here, in the Name of All, present Our Great Queen with these BELTS of WAMPUM.

We need not urge to our Great Queen, more than the necessity we really labour under obliges us, that in Case our Great Queen should not be mindful of us, we must, with our Families, forsake our Country, and seek other Habitati-ons, or stand Nequa, either of which will be much agst our Inclinations.

Since we have been in Alliance with our Great Queen's Children, we have had some Knowledge of the Savoir of the World, and have often been importuned by the French, both by the insinuations of their Priests, and by Presents, to come over to their interest, but have always effectu'd them Men of falsehood. But if our Great Queen will be pleas'd to send over some Persons to instruct us, they shall had a most hearty Welcome.

We now close all, with Hopes of our Great Queen's Favour, and leave it to Her most Gracious Consideration.
