

HAMILTON HAPPENINGS

SLICK KEY ARTIST
BUSY AT HAMILTON

Entered House of Sheriff Middleton—Police Have Good Description of Man.

HAMILTON, Aug. 13.—(Special.)—Hamilton homes are again threatened with the depredations of a slick key artist. Sheriff Middleton's house was entered yesterday afternoon by a man, who used a skeleton key and secured \$25 as his booty. The man next door was also tried by the man, but when the lady of the house responded to his knock, he pretended to be seeking the owner of a big bunch of keys which he displayed. The lady at this place was able to furnish the police with a good description of the bold burglar, and his career of crime here will likely be brief.

Frank Lesperance, a waiter, was arrested last night by Detective Cameron and Plainclothesman Bleakley, on a charge of theft preferred by the chief at the Royal Hotel, from whom it is alleged the accused stole a gold watch last Thursday. The watch was recovered by the officers in a local pawn shop, where Lesperance had raised some cash on it.

Albert Trowne and the bicycle, which he is alleged to have stolen, were brought back from Toronto last night by Detective Bleakley. A child playing with matches caused a fire in a George-street residence Saturday night, which gutted a bedroom in the house and for a time threatened to become serious. The damage is about \$200.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1909, modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per day. Thos. Hanrahan, proprietor. Phone 1465.

CENTRE ORANGEMEN PARADE

Twenty-One Lodges Here Rev. J. G. Gibson Preach.

Fully 500 turned out to the annual fall-orchestra parade of the Centre Orange Lodges, which was held yesterday at the Church of the Ascension. The Queen City Pipe and Drum Band, and the Central Orange Young Britons led the long procession.

Twenty-one lodges of the Royal Black Freemasons and the District Royal Scarlet Chapter were represented. Among those present were: County Master Wm. Crawford, Deputy County Master A. A. Gray, District Master Jas. Jennings, Deputy District Master Jas. Law, and Lieut.-Col. Belcher of Southampton.

The sermon was preached by Rev. J. G. Gibson, who dwelt on the right principles of the order, and exhorted the members to hold them fast. He took his text from Philippians III, 15-16, referring to the good example in using his past victories as a vantage ground for new conquests. The divided state of the Christian church and present day tendency to seek pleasure were problems needing attention, and he felt sure that the Orangemen would hold fast to their vows and ground of their past achievements.

GOUDERICH, Ont., Aug. 13.—Rev. McKay has recovered from a severe attack of throat trouble and bronchitis. Catarrhism, he says, is not everybody is talking of the wonderful cures this remedy has made. Without doubt, McKay's recovery would have been doubtful. The doctors say no better remedy for lung, throat and catarrhal troubles exists than Catarrhism. It is so common in the drug stores. Complete outfit, sufficient for two months' treatment, one dollar; sample size twenty-five cents. Try Catarrhism yourself.

H. M. MOWAT TO RUN.

BEAVERTON, Aug. 12.—(Special.)—H. M. Mowat of Toronto, president of the Ontario Reform Association, was chosen at the Liberal convention today to contest North Ontario against Major Sam. Sharpe.

You Should Tremble And Shudder

When an unscrupulous druggist offers you a substitute for DR. FOWLER'S Extract of Wild Strawberry.

If you are suddenly attacked by DIARRHOEA, DYSENTERY, COLIC, CRAMPS OR PAINS IN THE STOMACH, CHOLERA MORBUS, SUMMER COMPLAINT, or any LOOSENESS OF THE BOWELS, do not experiment with some new and untried remedy, but get one that has stood the test of time.

For 65 years this wonderful medicine has been used in thousands of homes in Canada, and has given universal satisfaction. When you want a bottle of "Dr. Fowler's," insist on being given what you ask for, as those no-name, no-reputation preparations may be dangerous to your health.

Mr. J. Castle, Toronto, Man., writes: "Just a word in favor of Dr. Fowler's Extract of Wild Strawberry, which I used last summer for Cramps in the Stomach and Diarrhoea. TOWN OF BOWMANVILLE
MAKES RAPID STRIDES

Extensive Enlargements to Good-year Factory Gives Town a Substantial Boost.

BOWMANVILLE, Aug. 12.—(Special.)—Bowmanville is booming as never before, and if the present status of growth can be maintained the town will soon be seriously contemplating seeking incorporation as a city. Manufacturing has made rapid strides since the coming of the Goodyear Tire and Rubber Co. of Akron, Ohio, and the further extensive enlargements planned by this company promise to give the town a substantial boost.

The Goodyear people are putting up a new addition to their already commodious factory. The new portion will cost \$50,000, and orders have already been placed for \$100,000 of new machinery, to be installed as soon as the three-story factory is completed. A spur line is being built by the Grand Trunk from Bowmanville station, a mile and a half south of the town, to the Goodyear plant, and regular freight service will be in order in the near future. The Goodyear Tire and Rubber Co. about a year ago, and have already increased its output by about two-thirds. They employ 200 men, and are working night and day. This force will be increased to 500 as soon as the new extension is ready for occupancy.

The town and the new C. P. R. line will pass right thru the central portion of the municipality, a steady growth is promised for years to come. The town council is contemplating the putting in of a \$200,000 waterworks service, and further up-to-date improvements which will place the town right in the front rank among the progressive centres of Ontario.

H. H. DEWART'S VOLTE FACE ON RECIPROCITY.

There is a Nemesis in politics as in other lines of human endeavor, and Hartley H. Dewart, K.C., Liberal candidate in Centre York, was a victim at the party rally at Long Branch on Saturday.

Back in February last, Mr. Dewart wrote a letter to The Globe, which was about as strongly worded a pronouncement against reciprocity as anything Conservatives have inspired. Mr. Dewart, now that he is back in the political arena, is to judge by his words, an enthusiastic believer in the virtues of the Knox-Fielding deal, and consternation reigned at Saturday's rally, when 500 circulars, showing how Mr. Dewart stood just six months ago, were distributed.

The circulars read as follows:
Extract From Hartley H. Dewart, K.C.'s Letter, Which Appeared in The Globe on Feb. 6, 1911.

"It cannot be urged that there is any mandate from the people for such a sweeping fiscal change. Since 1896 reciprocity has not been before the people as a political issue. President Taft may need to avert a coming storm, even if he use a moribund legislative body to accomplish it. But can we not afford to wait? It is suggested that the attitude of the Democratic party, which will shortly be in the ascendancy in one house, will justify us in doing so. If the people of the United States need our grain and timber and the products of our farms and fisheries, they will take good care to get them free of duty, but we can sell or use them ourselves, whether they do or not.

"Whatever may be said of the Canadian Pacific and the Canadian Northern, the lands of the western provinces were not taken to construct the Grand Trunk Pacific. And this last sacrifice and contribution of the older provinces has been deliberately made upon the basis of developing both eastern manufacturing interests and the grain-growing potentialities of the west, so as to be reciprocally beneficial, and upon a sane policy of homogeneous national growth.

"The proposals must be considered from the more important standpoint of their ultimate effect upon our national life and existence, and their relation to imperial diplomacy.

"Let us have discussion and full discussion, not merely in parliament, but the sober, serious opinion of men be heard who feel that this is a national issue which transcends either local considerations or party considerations.

"In the larger field of diplomatic relations, the questions of reciprocal trade between Canada and the United States appears to me to play an important part. We do not pay our full share, from a monetary point of view, for the maintenance for the defence of the empire, our contribution is becoming increasingly important. But we are doing a still greater part by establishing a strong self-reliant nation within the empire, whose adherence to British connection is the basis upon which our whole national fabric has been raised. That must be maintained at any cost.

"The loss of the United States market for our products was a serious matter when Canada had not developed so far as to furnish new channels for our trade within the Dominion. That condition does not now exist. Because Liberals advocated unrestricted reciprocity in 1899, or made reciprocity a plank in a pre-election platform in 1903, or because Conservatives opposed it then—those are not good reasons why there should be the same party alignment now."

THREE AEROPLANES
PUT OUT OF BUSINESS

Series of Accidents at Chicago Aviation Meet—None of Bird-Men Hurt.

CHICAGO, Ill., Aug. 12.—A series of accidents that put three aeroplanes out of business without injuring their pilots, together with a crash that threatened to develop into a downpour any minute did not serve to mar the first day of the International aviation meet to-day.

A. L. Welsh and W. G. Beatty both broke the American records for elapsed time in flying a monoplane. Welsh remained up two hours and four minutes, and Beatty two hours and eleven minutes.

Arthur B. Stone and his mechanic in a Queen monoplane suffered the most serious accident, their fall resulting in the death of the latter. They had risen to a height of 45 feet when a sudden gust of wind struck the car, and as Stone attempted a sharp turn, it overturned. Both fell under the aeroplane, but missed the engine and escaped unhurt.

Almost immediately afterward Frank C. Coffey, by an awkward swoop, struck the monoplane in which Rene Simon was rising, disabling Simon's car so that it could not be used.

The machines driven by St. Croix, Johnston, Grahams V. Martin and Captain Paul W. Beck also sustained injuries while alighting. In no case was the aviator hurt.

MAJOR CURRIE AGAIN
N. SIMCOE CANDIDATE

Speeches Condemning Reciprocity Heartily Acclaimed by Convention at Stayer.

BARRIE, Aug. 12.—(Special.)—A large and enthusiastic gathering filled the hall of the Stayer Hotel Saturday afternoon for the Liberal-Conservative Association of North Simcoe. Major J. A. Currie, the present member, was again chosen to represent the constituency, no other nomination being made. F. F. Teifer, Collingwood, was re-elected president, and Col. Bruce, secretary. John Macleod of Chemsore was elected treasurer, in succession to W. B. Saunders, deceased. Among the speakers were A. A. Ferguson, M.L.A. for South Simcoe; J. S. Dury, minister of agriculture; John Best, member for Dufferin; Richard Blain, member for Peel, and the candidate. Every polling sub-division in the riding was represented, and enthusiasm ran high, each speaker being greeted with prolonged cheers.

John Best of Dufferin, in addressing the audience from a farmer's standpoint, showed that if the reciprocity agreement was carried out the farmer would be a heavy loser. In selling his wheat he would have to compete with the trusts, and when buying his flour and garden implements he would be paying a heavy duty. If he wished to purchase a buggy there was another increase of 25 per cent. for duty.

Richard Blain of Brampton stated that if the reciprocity agreement passed he would have a jug-handled business. The present government has been forced into an election in a state of chaos, said Mr. Blain, and to cover up their corrupt acts they introduce the reciprocity pact. "What is going to be the result of reciprocity?" asked the speaker. "A vast amount of money has been spent on the Grand Trunk P. & O. and the C. P. R. to build up the country and create a home market by inter-provincial trade, and now that money is to be wasted and our grain trade to be handled by United States railways north and south. Premier Laurier has told us we will have a larger market, with 90,000,000 more consumers to supply, but we must realize we also have that same number of producers."

A resolution of confidence in Mr. R. L. Borden and Sir James Whitney received hearty support.

Mathilde was taken abroad seven years ago by her mother, Mrs. Thos. I. Sinclair, the daughter of a judge in Amsterdam, N.Y., to be educated. The mother sought her back for a six-months' vacation. She is pretty, bright, and speaks several languages. She was easily the most popular passenger on the ship.

In talking with her one day the Archbishop discovered she was a Catholic. He was delighted by the coincidence that this was also the anniversary of the mother's birthday, and the captain added this fact as one of the motives for giving his special spread.
